## DS0 SERVICES AGREEMENT

### GENERAL TERMS AND CONDITIONS

**THIS DS0 SERVICES AGREEMENT** ("Agreement") is made by and between BellSouth Telecommunications, Inc., ("BellSouth"), a Georgia corporation, and the competitive local exchange carrier operating subsidiaries of ██████████ that are located in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee, which subsidiaries are identified in Exhibit 1 attached herein to this Agreement ("CUST"), and shall be effective on the Effective Date, as defined herein. This Agreement may refer to either BellSouth or CUST or both as a "Party" or "Parties."

#### WITNESSETH

**WHEREAS**, BellSouth is a local exchange telecommunications company authorized to provide Telecommunications Services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee; and

**WHEREAS**, CUST is or seeks to become a Competitive Local Exchange Carrier ("CLEC") authorized to provide Telecommunications Services in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee; and

**WHEREAS**, BellSouth desires to provide and CUST desires to purchase certain Services;

**NOW, THEREFORE**, in consideration of the mutual agreements contained herein, BellSouth and CUST agree as follows:

#### Definitions

For purposes of this Agreement, certain terms have been defined in the body of the Agreement to encompass meanings that may differ from, or be in addition to, the normal connotation of the defined word. Unless the context clearly indicates otherwise, any term defined or used in the singular shall include the plural. The words "shall" and "will" are used interchangeably throughout this Agreement and the use of either connotes a mandatory requirement. The use of one or the other shall not mean a different degree of right or obligation for either Party. A defined word intended to convey its special meaning is capitalized when used. Other terms that are capitalized, and not defined in this Agreement, shall have the meaning in the Act.

**Affiliate** is defined as a person that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another

person. For purposes of this paragraph, the term “own” means to own an equity interest (or equivalent thereof) of more than 10 percent.

**Commission** is defined as the appropriate regulatory agency in each state of BellSouth’s nine-state region (Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee).

**Competitive Local Exchange Carrier (“CLEC”)** means a telephone company certificated by the Commission to provide local exchange service within BellSouth’s franchised area.

**Effective Date** is defined as the date that the Agreement is effective for purposes of rates, terms and conditions and shall be effective as of April 1, 2005.

**End User** means the ultimate user of the Telecommunications Service.

**FCC** means the Federal Communications Commission.

**General Terms and Conditions** means this document including all of the terms, provisions and conditions set forth herein.

**Material Term** means rates, volumes of Services, the 5% restriction on transition from Services to UNE-Loops, Service Level Commitment metrics and remedies, or other material conditions of this Agreement.

**Services** means the DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services and the network components and associated services and functions, described in Attachment 1 of this Agreement.

**Telecommunications** means the transmission, between or among points specified by the user, of information of the user’s choosing, without change in the form or content of the information as sent and received.

**Telecommunications Service** means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

**Telecommunications Act of 1996 (“Act”)** means Public Law 104-104 of the United States Congress effective February 8, 1996. The Act amended the Communications Act of 1934 (47 U.S.C. Section 1 et. seq.).

## 1. **Scope of this Agreement**

- 1.1 This Agreement sets forth the terms, conditions and prices under which BellSouth agrees to provide certain services, as described herein, to CUST (“Service(s)”), and the obligations of each Party with respect to such Services.
- 1.2 Each Party reserves its rights to support its legal position with respect to whether commercial agreements between ILECs and CLECs are subject to Sections 251 and 252 of the Act, or Sections 201, 202 of the Communications Act of 1934 and Section 271 of the Act. Either Party may provide notice to a state commission that this Agreement has been executed, but the Parties agree to not file this Agreement with any state commission unless ordered to do so by the state commission or other governmental authority in a final and effective order. The Parties further agree not to seek a state commission order, either directly or indirectly, requiring the filing or modification of this Agreement. To the extent that any state commission, or other governmental body, requires changes to any Material Term, the Parties agree to negotiate in good faith to modify other terms of the Agreement as necessary to reflect, to the greatest extent possible, the original intent and purpose of the Agreement. In the event that the Parties are unable to agree on such further revisions within sixty (60) days following the effective date of the order requiring such modifications, either party may escalate the issue to a senior level of management for resolution. To the extent that the issue is not resolved at the senior management level within thirty (30) days after escalation, either Party may terminate this Agreement in accordance with Section 3 hereof; provided, however, that a Party’s right to terminate this Agreement in accordance with this Section 1.2 shall be deemed waived in the event such Party breaches its obligations pursuant to this Section 1.2.
- 1.3 BellSouth's obligation to provide the Services is not dependent upon the type of network technology BellSouth uses, notwithstanding any references to specific network components or features set forth in this Agreement. BellSouth shall be deemed to have met its obligations to provide the Services to CUST to the extent the technology used offers features, functions and capabilities for the Services equivalent to those set forth herein, and CUST's right to obtain Services hereunder shall not be affected by any change in network technology implemented by BellSouth. In the event that BellSouth completes any divestiture, sale or exchange of BellSouth wire centers that results in a net reduction in the number of DS0 Wholesale Local Voice Platform Services available for CUST to purchase under this Agreement, measured as of the Effective Date, then the line commitments of CUST set forth in Section 5.3.1 below will be reduced by the greater of (1) the same percentage reduction of the total number of DS0 Wholesale Local Voice Platform Services available for CUST to purchase under this Agreement as of the Effective Date, in the aggregate, due to divestitures, sales or exchanges of

BellSouth wire centers or areas within BellSouth's territory or (2) the number of DSO Wholesale Local Voice Platform Services that, at the time of the divestiture, sale or exchange, are actually being purchased by CUST and that are rendered unavailable for purchase by CUST due to the divestiture, sale or exchange. Any divestiture, sale or exchange of BellSouth wire centers or areas within BellSouth's territory shall not constitute a breach of this Agreement provided that, as a result of such actions by or on behalf of BellSouth, the reduction in the total number of DSO Wholesale Local Voice Platform Services available for CUST to purchase under this Agreement would not exceed, in the aggregate fifteen percent (15%) of the total number of DSO Wholesale Local Voice Platform Services available for CUST to purchase as of the effective date of this Agreement. Notwithstanding the foregoing, in the event the available DSO Wholesale Local Voice Platform Services is reduced as set forth above by more than fifteen percent (15%) in the aggregate, and CUST elects to accept a reduction in CUST's line commitments set forth in Section 5.3.1, CUST may not thereafter claim that such reduction constitutes a breach of this Agreement.

## **2. CLEC Certification**

2.1 CUST agrees to provide BellSouth in writing a copy of CUST's CLEC certifications for each state covered by this Agreement except Kentucky. Further, CUST represents and warrants that it is authorized to provide local exchange service in each state covered by this Agreement. Should CUST's certification in any state be rescinded or otherwise terminated, BellSouth may, at its election, terminate this Agreement immediately and all monies owed on all outstanding invoices shall become due, or BellSouth may refuse to provide Services hereunder in that state until certification is reinstated in that state. CUST shall provide an effective certification to do business, as issued by the Secretary of State, or equivalent authority, in each state covered by this Agreement.

2.2 To the extent CUST is not certified as a CLEC in any state covered by this Agreement as of the execution hereof, CUST may not purchase Services under this Agreement in that state. CUST will notify BellSouth in writing and provide CLEC certification when it becomes certified to operate in any other state covered by this Agreement and, upon receipt thereof, CUST may thereafter purchase Services pursuant to this Agreement in that state.

## **3. Term and Termination of the Agreement**

3.1 The term of this Agreement shall commence on the Effective Date and shall apply to the BellSouth territory in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. It shall continue in effect thereafter until December 31, 2007.

- 3.2 The Parties agree that no earlier than two hundred seventy (270) days prior to the expiration of this Agreement, they may commence negotiations for a subsequent agreement with regard to the terms, conditions and obligations contained in this Agreement, to be effective beginning on the expiration date of this Agreement. If a Party concludes that the negotiations will not successfully result in the execution of a subsequent agreement, such Party shall give the other Party written notice at least one hundred twenty (120) days prior to expiration of this Agreement of its intent not to enter into a subsequent agreement to replace this Agreement. If the Parties do not reach a subsequent Agreement, the Parties shall develop a transition plan to ensure a full transition of all Services on December 31, 2007. In the event the Parties are unable to agree upon a transition plan, BellSouth may, at its discretion and in accordance with this Section 3.2, terminate all or any of the Services at any time after December 31, 2007. In such event, the rates, terms and conditions hereof shall continue to apply to such Services after December 31, 2007, to the date such Services are actually terminated. The Parties shall cooperate in good faith to effect an orderly transition of CUST's End Users before Services are terminated upon expiration of this Agreement.
- 3.3 In addition to any other provisions in this Agreement regarding BellSouth's right to suspend or terminate Service, BellSouth reserves the right to suspend or terminate the Service in the event of prohibited, unlawful or improper use of BellSouth facilities or service, or abuse of BellSouth facilities, but only to the extent of the prohibited, unlawful or improper use.
- 3.4 Except as set forth in Attachment 3 regarding failure to pay for Services, if either Party breaches or defaults on any of the material terms, conditions, or covenants of this Agreement, the other Party shall give the breaching Party written notice of such breach or default. If such breach or default is not cured within thirty (30) days after such written notice, then in addition to all other rights and remedies at law, in equity or otherwise, the non-breaching Party may terminate this Agreement without any charge, obligation, or liability whatsoever for such breach, except for payment for Services rendered. However, if such breach or default is not curable within such 30 days, and the defaulting Party proceeds with all due diligence to cure the breach or default, then the other Party shall not terminate this Agreement so long as the breach or default is actually cured within ninety (90) days following the notice of default.
- 3.5 Upon a Party's termination of this Agreement as specified in the preceding Section (including BellSouth's termination of the Agreement due to CUST's failure to pay for Services as set forth in Attachment 3), applicable damages as set forth in Section 9 of this Agreement, if any, shall be assessed to the other party. Upon termination of this Agreement for breach, the terms and conditions of this Agreement shall continue to apply for all Services and BellSouth shall continue to provide Services until the date such Services are actually transitioned from this

Agreement, or the date that BellSouth specifies for the completion of the transition, whichever is later (“Transition Period”). If CUST has materially breached the Agreement, CUST shall not be entitled to place any orders for the purchase of new Services during the Transition Period. CUST’s End Users may require changes to the existing Services during the Transition Period. In such event, CUST shall notify BellSouth of the change requests, and BellSouth shall work cooperatively with CUST to meet the End User’s request, including but not limited to transitioning the End Users requesting changes upon notice of the requests, or to provide the requested Services to CUST during the Transition Period until such End Users are actually transitioned.

- 3.6 To the extent this Agreement is terminated, whether by reason of breach or otherwise, such termination shall apply to all entities set forth in Exhibit 1 hereto.

#### **4. Conversion of Embedded Base**

- 4.1 If, as of the Effective Date of this Agreement, CUST has existing DS0 port/loop combinations or DS0 switch ports obtained pursuant to another agreement with BellSouth, the execution of this Agreement constitutes CUST’s request to transition all such DS0 port/loop combinations and DS0 switch ports to the applicable Service provided under this Agreement. A Local Service Request (“LSR”) is not required and conversion charges do not apply to the conversion of the embedded base as it exists on the Effective Date of the Agreement. The conversion shall be accomplished via a billing change only and will not result in a service disruption to CUST’s End Users.

- 4.2 Any amounts owed pursuant to any other prior agreement between the Parties for any DS0 port/loop combinations and DS0 switch ports, or other associated charges related thereto, shall be due and owing under the terms and conditions of the prior agreement and not hereunder.

- 4.3 Any orders placed under any prior agreement between the Parties for DS0 port/loop combinations and DS0 switch ports, but not provisioned prior to the Effective Date hereof, shall be provisioned under and governed by the terms of this Agreement as of the Effective Date hereof as if such orders were placed under this Agreement.

#### **5. Rates**

- 5.1 For the Services, CUST shall pay BellSouth the rates set forth in Exhibit A of Attachment 1 of this Agreement (“Transitional Discounts”) in addition to any other charges specifically set forth in this Agreement. If no rate is set forth for a Service

in this Agreement then BellSouth’s tariff rates shall apply. The Parties agree that the services identified in Exhibit C shall remain applicable to the Services throughout the term of the Agreement. The Parties further agree that the tariff rates for the services identified in Exhibit C, as of the date of execution of this Agreement, shall remain applicable throughout the term of the Agreement. In the event that BellSouth is unable to bill the applicable rate under this Agreement for any Services provided pursuant to this Agreement, BellSouth reserves the right to back-bill CUST for such rate or for the difference between the rate actually billed and the rate that should have been billed pursuant to this Agreement, for no more than the previous twelve (12) months. Furthermore, CUST may not dispute previous BellSouth billing pursuant to this Agreement more than twelve (12) months after such charges were billed, or bill BellSouth any charges pursuant to this Agreement more than twelve (12) months after such charges accrued.

5.1.1 Notwithstanding anything to the contrary in this Agreement, until such time as BellSouth can operationalize the appropriate and correct billing for CNAM database queries, as of the Effective Date, BellSouth shall bill CUST at the applicable rates set forth in Attachment 1 based on a surrogate of 154 CNAM database queries per month per CUST End User. Such charges shall not be subject to true up or retroactive billing for any CUST End User.

5.2 The Parties agree they will undertake a joint review of Attachment 1, Exhibits A and B, to verify that the rates set forth therein are fully consistent with the provisions of the rate validation letter dated March 22, 2005. The Parties agree to modify Attachment 1, Exhibits A and B, within fifteen days of execution of this Agreement to the extent such review reveals errors or inconsistencies in any rates.

5.3 Notwithstanding the foregoing, to the extent CUST meets all commitments set forth in Sections 5.3.1 and 5.3.2 below, CUST shall pay the net effective rates set forth in Exhibit B to Attachment 1 hereof, which reflect discounts from the rates set forth in Exhibit A to Attachment 1 for DSO Wholesale Local Voice Platform Services (“Additional Transitional Discounts”)as follows:

	<b>2005</b>	<b>2006</b>	<b>2007</b>
For CUST’s Mass Market lines in service as of April 1, 2005 (“Mass – <b>Existing</b> ”)	\$1.00	\$1.00	\$1.00
For CUST’s Enterprise Market lines in service as of April 1, 2005 (“Enterprise - <b>Existing</b> ”)	\$2.50	\$1.50	\$ .50
For Enterprise Market lines purchased pursuant to this Agreement	\$1.50	\$0.50	\$0.00

("Enterprise - <b>New</b> ")			
------------------------------	--	--	--

- 5.3 The Additional Transitional Discounts shall apply only when the following commitments are met:
- 5.3.1 CUST maintains a minimum line count of Mass Market (3 or less lines) and/or Enterprise Market (4 or more lines) DS0 Wholesale Local Voice Platform Services per month as of the last day of each calendar month for each year of the agreement as follows, unless modified pursuant to Section 1.3 above: 200,000 for 2005; 150,000 for 2006; and 100,000 for 2007; and
- 5.3.2 CUST will not transition to UNE Loops, in the aggregate, more than 5% of (i) its Mass Market or Enterprise Market DS0 Wholesale Local Voice Platform Services purchased under this Agreement (including the embedded base described in Section 4.1), and (ii) UNE-P lines or DS0 Wholesale Local Voice Platform Services acquired from third party carriers as described in 5.4 below).
- 5.4 To the extent CUST acquires End Users, either on an individual basis or in bulk as a result of the purchase of another carrier, of another carrier's customer base or otherwise, and such End Users were served by the third party carrier(s) using UNE-P lines or DS0 Wholesale Local Voice Platform Services from BellSouth, the facilities utilized to serve such End Users shall be included in the calculation of the commitment set forth in Section 5.3.2 such that CUST shall maintain the facilities serving such End Users as DS0 Wholesale Local Voice Platform Services under this Agreement, subject to Section 5.3.2.
- 5.5 In determining whether, at any given point in time, CUST has met the 5% test set forth in Section 5.3.2 above, the numerator and denominator shall be calculated as follows:
- 5.5.1 The numerator consists of all lines that have been transitioned to UNE Loops from (i) Mass Market or Enterprise Market DS0 Wholesale Local Voice Platform Services purchased under this Agreement (including the embedded base described in Section 4.1) and (ii) UNE-P lines or DS0 Wholesale Local Voice Platform Services acquired from third party carriers as described in 5.4 above and that at the time the calculation is made are still being served by CUST using UNE Loops purchased from BellSouth.
- 5.5.2 The denominator consists of all lines that at any time prior to the time that the calculation has been made have been ordered by CUST as (i) Mass Market or Enterprise Market DS0 Wholesale Local Voice Platform Services purchased under

this Agreement (including the embedded base described in Section 4.1) and (ii) UNE-P lines or DSO Wholesale Local Voice Platform Services acquired from third party carriers as described in 5.4 above.

- 5.6 BellSouth shall bill CUST for the number of lines in place each month at the rates set forth in Exhibit B. At the end of each calendar quarter, BellSouth will conduct a review to determine if CUST has met the commitments set forth in Section 5.3 above.
- 5.7 In the event CUST meets the commitments set forth in Sections 5.3.2 but fails to meet the commitment set forth in Section 5.3.1 for any given month during the review period, the Additional Transitional Discounts shall not apply. In such event, only the Transitional Discounts as set forth in Exhibit A, shall apply for the months during which the commitment was not met and BellSouth shall bill CUST any additional charges due as a result of such recalculation of charges for Mass Market Existing lines only. Payment of such billed amounts shall be subject to the provision set forth in Section 1.9 of Attachment 3 hereof. To the extent a subsequent quarterly review demonstrates that CUST has once again met all the commitments set forth in Section 5.3, including the line commitments, the Additional Transitional Discounts shall be reinstated for those months in which the commitment was met. In such event BellSouth shall recalculate the applicable charges based upon the rates set forth in Exhibit B and shall credit to CUST within thirty (30) days any discounts due as a result of such recalculation of charges.
- 5.7.1 In the event CUST fails to meet the commitments set forth in Section 5.3.2, the Additional Transitional Discounts shall no longer be applicable and CUST will be billed going forward pursuant to the Transitional Discounts set forth in Exhibit A and billed for the difference between Exhibits A and B retroactively to the Effective Date of the Agreement.

## **6. Service Level Commitment**

Upon the Effective Date of this Agreement, BellSouth's performance under this Agreement shall be governed by the service level commitments set forth in Attachment 4 of this Agreement ("SLCs"). Except as otherwise stated herein, as of the Effective Date hereof, BellSouth's performance of this Agreement shall not be subject to any service quality measurement ("SQM") plan, payments of remedies in any self-effectuating enforcement mechanism ("SEEM") plan or any other penalty plan, performance plan or other similar requirements imposed by a Commission or the FCC. In the event a Commission or the FCC determines that Services provided pursuant to this Agreement are subject to any penalty payment, remedy or service level measure not incorporated in this Agreement, CUST, within thirty (30) days of a request from BellSouth, shall reimburse BellSouth for any

such penalty or other remedy paid by BellSouth to CUST in the same amount as paid by BellSouth. In the event a Commission or the FCC determines BellSouth is not entitled to reimbursement of such payment, or BellSouth is required to pay penalties, remedies or other such payments to a Commission or the FCC, then such determination shall be considered a requirement to change a Material Term pursuant to Section 1.2 above. SLCs and consequences for failure to maintain SLCs are as set forth in Attachment 4 of this Agreement.

## **7. Commitment**

CUST will purchase all DS0 port/loop switching combinations and DS0 switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services or the DS0 Wholesale Local Voice Platform Services, provided by BellSouth only pursuant to this Agreement. CUST will not purchase DS0 port/loop combinations or DS0 switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services or the DS0 Wholesale Local Voice Platform Services, either directly or indirectly, from BellSouth pursuant to any other agreement, tariff, or otherwise, including from a third party provider if BellSouth is the underlying network provider. Nothing in this Agreement shall obligate or require CUST to purchase DS0 port/loop switching combinations, DS0 ports or any other services from BellSouth. Notwithstanding the foregoing, this Agreement does not prohibit CUST from (1) purchasing standalone loops or resale services under a BellSouth agreement or tariff; (2) purchasing any services from a third party using the third party's facilities; or (3) using CUST's facilities or (4) purchasing any services or facilities (other than DS0 port/loop switching combinations and DS0 switch ports, or any other services or facilities that have the same or similar function as the DS0 Wholesale Switch Port Services or the DS0 Wholesale Local Voice Platform Services) under any applicable tariff or contract to be utilized by CUST in the provision of other services to End Users, including but not limited to IP based services.

## **8. Audits**

8.1 BellSouth, in its reasonable discretion and upon no less than thirty (30) days notice, may conduct an audit of CUST's facilities and records to the extent necessary only to confirm compliance with Section 7 above. Any audit governed by this Agreement is specific to CUST's use of Services purchased under this Agreement only, and does not encompass any services, bills or invoices, usage, or other functions undertaken between the Parties pursuant to any other agreement or tariff. CUST agrees to cooperate with BellSouth and to provide any information

BellSouth reasonably requests to determine compliance. Such audits shall be conducted no more than once in 12 months, at BellSouth's expense, and only during reasonable business hours. In the event that the audit reveals noncompliance with the terms of Section 7 above, CUST shall reimburse BellSouth for the costs of the audit and BellSouth shall have the right to terminate this Agreement pursuant to Section 3 hereof. In the event of such noncompliance, CUST's right to cure pursuant to Section 3 includes the obligation to transfer all non-compliant services to Services under this Agreement, in addition to paying BellSouth the rates set forth in this Agreement for the services that should have been purchased pursuant to this Agreement from the date of the transfer of such services to this Agreement, or the date such service is terminated, whichever is later.

## **9. Damages**

9.1 The Parties recognize that in the event this Agreement is terminated due to breach of a Material Term hereof, damages are difficult, if not impossible, to ascertain, particularly in light of the uncertainty regarding FCC rules and court orders applicable to the Parties and the telecommunications industry. The Parties have included the following terms as a liquidated damages provision pursuant to O.C.G.A. section 13-6-7. Such damages constitute a reasonable estimate of actual damages and are not intended by either Party to be a penalty. CUST may not terminate this Agreement prior to expiration of the term hereof except as expressly permitted elsewhere in this Agreement. Except in the event of a termination that is expressly permitted in this Agreement, if CUST terminates this Agreement for any reason other than BellSouth's breach of a Material Term hereof, prior to the expiration hereof, the total amount of damages due to BellSouth shall be the greater of (1) the number of Mass Market and Enterprise Market DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services at the time of breach, or (2) the number of Mass Market and Enterprise Market DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services at the time of termination, multiplied by, for each month and partial month remaining in the term of the Agreement subsequent to the termination, the applicable fixed monthly recurring charges for such Services that would have been paid under this Agreement had the Agreement not been terminated. Monthly recurring charges are the charges for loop, port, surcharge features, where applicable. The terms "Mass Market" and "Enterprise Market" are as defined in Attachment 1 of this Agreement.

9.2 The Parties recognize that in the event this Agreement is terminated due to breach of a Material Term hereof, damages are difficult, if not impossible, to ascertain,

particularly in light of the uncertainty regarding FCC rules and court orders applicable to the Parties and the telecommunications industry. The Parties have included the following terms as a liquidated damages provision pursuant to O.C.G.A. section 13-6-7. Such damages constitute a reasonable estimate of actual damages and are not intended by either Party to be a penalty. BellSouth may not terminate this Agreement prior to expiration of the term hereof except as expressly permitted elsewhere in this Agreement. Except in the event of a termination that is expressly permitted in this Agreement, if BellSouth terminates this Agreement for any reason other than CUST's breach of a Material Term hereof, prior to the expiration hereof, the total amount of damages due to CUST shall be the greater of (1) the number of Mass Market and Enterprise Market DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services at the time of breach, or (2) the number of Mass Market and Enterprise Market DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services at the time of termination, multiplied by, for each month and partial month remaining in the term of the Agreement subsequent to the termination, the applicable fixed monthly recurring charges for such Services that would have been paid under this Agreement had the Agreement not been terminated. Monthly recurring charges are the charges for loop, port, surcharge features, where applicable. The terms "Mass Market" and "Enterprise Market" are as defined in Attachment 1 of this Agreement.

**10. Court Ordered Requests for Call Detail Records and Other Subscriber Information**

- 10.1 Subpoenas Directed to BellSouth. Where BellSouth provides the Services for CUST, BellSouth shall respond to subpoenas and court ordered requests delivered directly to BellSouth for the purpose of providing call detail records when the targeted telephone numbers belong to CUST's End Users. Billing for such requests will be generated by BellSouth and directed to the law enforcement agency initiating the request. BellSouth shall maintain such information for CUST End Users for the same length of time it maintains such information for its own End Users.
- 10.2 Subpoenas Directed to CUST. Where BellSouth is providing to CUST Services, then CUST agrees that in those cases where CUST receives subpoenas or court ordered requests regarding targeted telephone numbers belonging to CUST's End Users, and where CUST does not have the requested information, CUST will advise the law enforcement agency initiating the request to redirect the subpoena or court ordered request to BellSouth for handling in accordance with 10.1 above.
- 10.3 In all other instances, where either Party receives a request for information involving the other Party's End User, the Party receiving the request will advise the law enforcement agency initiating the request to redirect such request to the other Party.

## 11. Liability and Indemnification

11.1 CUST Liability. In the event that CUST consists of two (2) or more separate legal entities as set forth in this Agreement and/or any Amendments hereto, as to any financial or payment obligations or any commitments by CUST under this Agreement as to the requirements set forth in Section 5, 7, and 8 above, all such entities shall be jointly and severally liable for the obligations of CUST under this Agreement.

### 11.2 Limitation of Liability

11.2.1 Except for any indemnification obligations of the Parties hereunder and damages payable pursuant to Section 9, BellSouth's financial liability to CUST for any loss, cost, claim, injury, liability or expense, including reasonable attorneys' fees relating to or arising out of any cause whatsoever, whether based in contract, negligence or other tort, strict liability or otherwise, relating to BellSouth's provision of the Services shall not exceed the greater of (i) a credit for the amount that BellSouth would otherwise have billed for the Services not performed or improperly performed or (ii) the amount that BellSouth would owe pursuant to Section 6 (Service Level Commitment). Any amounts paid to CUST pursuant to Attachment 4 hereof shall be credited against any damages otherwise payable to CUST pursuant to this Agreement.

11.2.2 Except for any indemnification obligations of the Parties hereunder and damages payable pursuant to Section 9, CUST's liability to BellSouth for any loss, cost, claim, injury, liability or expense, including reasonable attorneys' fees relating to or arising out of any cause whatsoever, whether based in contract, negligence or other tort, strict liability or otherwise, relating to the performance of this Agreement, shall not exceed the amounts owed by CUST for the Services provisioned and not disconnected or transitioned.

11.2.3 Limitations in Tariffs. CUST shall provide in its tariffs and contracts with its End Users and third parties that relate to any Service provided under this Agreement, to the maximum extent permitted by applicable law, a limitations of liability (i) that covers the other Party to the extent the first Party covers itself and (ii) limits liability arising out of this Agreement, whether in contract, tort or otherwise, to the amount CUST would have charged that applicable person for the service that gave rise to such loss and (iii) indirect, incidental or consequential damages, except to the extent (i), (ii) are caused by BellSouth's gross negligence or willful misconduct. To the extent that CUST elects not to place in its tariffs or contracts such limitations of liability, and BellSouth incurs a loss as a result thereof, CUST shall indemnify and reimburse BellSouth for that portion of the loss that would

have been limited had the limitations of liability been included in CUST's tariffs and contracts.

- 11.2.4 BellSouth shall not be liable for damages to CUST's terminal location, equipment or End User premises resulting from the furnishing of a Service, including, but not limited to, the installation and removal of equipment or associated wiring, except to the extent caused by BellSouth's negligence or willful misconduct.
- 11.2.5 CUST shall not be liable for damages to BellSouth resulting from work performed by CUST on the customer side of the demarcation point between BellSouth's facilities and the end user's inside wire at an end user's premises except to the extent caused by CUST's negligence or willful misconduct.
- 11.2.6 UNDER NO CIRCUMSTANCE SHALL EITHER PARTY BE RESPONSIBLE OR LIABLE TO THE OTHER PARTY FOR INDIRECT, INCIDENTAL, OR CONSEQUENTIAL, RELIANCE OR SPECIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, HARM TO BUSINESS, LOST REVENUES, LOST SAVINGS, ECONOMIC LOSS OR LOST BUSINESS OR PROFITS, DAMAGES ARISING FROM OR RELATED TO THE PERFORMANCE OF THIS AGREEMENT, OR THE USE OR PERFORMANCE OF EQUIPMENT OR SOFTWARE, OR THE LOSS OF USE OF SOFTWARE OR EQUIPMENT, OR ACCESSORIES ATTACHED THERETO, DELAY, ERROR, OR LOSS OF DATA, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, WARRANTY, STRICT LIABILITY OR TORT, INCLUDING WITHOUT LIMITATION NEGLIGENCE OF ANY KIND WHETHER ACTIVE OR PASSIVE, AND REGARDLESS OF WHETHER THE PARTIES KNEW OF THE POSSIBILITY THAT SUCH DAMAGES COULD RESULT. EACH PARTY HEREBY RELEASES THE OTHER PARTY AND SUCH OTHER PARTY'S SUBSIDIARIES AND AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS EMPLOYEES AND AGENTS FROM ANY SUCH CLAIM. NOTHING CONTAINED IN THIS SECTION SHALL LIMIT A PARTY'S LIABILITY TO THE OTHER PARTY, EXCEPT FOR CONSEQUENTIAL DAMAGES, FOR BODILY INJURY, DEATH OR DAMAGE TO TANGIBLE REAL OR TANGIBLE PERSONAL PROPERTY PROXIMATELY CAUSED BY BELLSOUTH'S OR CUST'S NEGLIGENT ACT OR OMISSION OR THAT OF THEIR RESPECTIVE AGENTS, SUBCONTRACTORS OR EMPLOYEES, NOR SHALL ANYTHING CONTAINED IN THIS SECTION 11 LIMIT THE PARTIES' INDEMNIFICATION OBLIGATIONS AS SPECIFIED HEREIN OR LIMIT THE PARTIES RIGHTS AS SET FORTH IN SECTION 9. FOR PURPOSES OF THIS SECTION 11, BELLSOUTH'S PAYMENT RESULTING FROM A FAILURE TO MEET THE SERVICE LEVEL COMMITMENTS, ATTACHMENT 4 TO THIS AGREEMENT, SHALL NOT BE CONSIDERED TO BE INDIRECT, INCIDENTAL, CONSEQUENTIAL, RELIANCE OR

**SPECIAL DAMAGES.** In connection with this limitation of liability, CUST recognizes that BellSouth may, from time to time, provide advice, make recommendations, or supply other analyses related to the Services described in this Agreement, and, while BellSouth shall use diligent efforts in this regard, CUST acknowledges and agrees that this limitation of liability shall apply to the provision of such advice, recommendations, and analyses.

11.2.7 To the extent any specific provision of this Agreement purports to impose liability, or limitation of liability, on either Party different from or in conflict with the liability or limitation of liability set forth in this Section, then with respect to any facts or circumstances covered by such specific provisions, the liability or limitation of liability contained in such specific provision shall apply.

11.3 **Obligation to indemnify.** Except to the extent caused by the indemnified Party's gross negligence or willful misconduct, each Party shall and hereby agrees to, indemnify, defend at the other Party's request and hold harmless the other Party and each of its officers, directors, employees and agents (each, an "Indemnitee") against and in respect of any claim, loss, debt, liability obligation, demand, judgment, settlement or damage of any kind, known or unknown, liquidated or unliquidated, including without limitation all reasonable costs and expenses incurred (legal, accounting or otherwise) (collectively, "Damages") arising out of, resulting from or based upon any pending or threatened claim, action, proceeding or suit by any third Party (a "Claim") (1) arising out of or as a result of an alleged breach of any representation, warranty or covenant made by the indemnifying party in the Agreement (2) based upon injuries or damage to any person or property or the environment arising out of or in connection with this agreement that are the result of the Indemnifying party's actions or failure to act where there was a duty to act, (3) claims for libel, slander or invasion of privacy arising from the content of a Party's own communications, or (4) any claim, loss or damage claimed by the End User of CUST arising from such End User's use or reliance on BellSouth's Services, actions, duties, or obligations arising out of this Agreement.

11.4 **Obligation to Defend; Notice; Cooperation -** Whenever a Claim shall arise for indemnification under this Section 11.4, the relevant Indemnitee, as appropriate, shall promptly notify the Indemnifying Party and request the Indemnifying Party to defend the same. Failure to so notify the Indemnifying Party shall not relieve the Indemnifying Party of any liability that the Indemnifying Party might have, except to the extent that such failure prejudices the Indemnifying Party's ability to defend such Claim. The Indemnifying Party shall have the right to defend against such liability or assertion in which event the Indemnifying Party shall give written notice to the Indemnitee of acceptance of the defense of such Claim and the identity of counsel selected by the Indemnifying Party. Except as set forth below, such notice to the relevant Indemnitee shall give the Indemnifying Party full authority to defend, adjust, compromise or settle such Claim with respect to which such notice

shall have been given, except to the extent that any compromise or settlement shall prejudice the Intellectual Property Rights of the relevant Indemnitees. The Indemnifying Party shall consult with the relevant Indemnitee prior to any compromise or settlement that would affect the Intellectual Property Rights or other rights of any Indemnitee, and the relevant Indemnitee shall have the right to refuse such compromise or settlement and, at the refusing Party's or refusing Parties' cost, to take over such defense, provided that in such event the Indemnifying Party shall not be responsible for, nor shall it be obligated to indemnify the relevant Indemnitee against, any cost or liability in excess of such refused compromise or settlement. With respect to any defense accepted by the Indemnifying Party, the relevant Indemnitee shall be entitled to participate with the Indemnifying Party in such defense if the Claim requests equitable relief or other relief that could affect the rights of the Indemnitee and also shall be entitled to employ separate counsel for such defense at such Indemnitee's expense. In the event the Indemnifying Party does not accept the defense of any indemnified Claim as provided above, the relevant Indemnitee shall have the right to employ counsel for such defense at the expense of the Indemnifying Party. Each Party agrees to cooperate and to cause its employees and agents to cooperate with the other Party in the defense of any such Claim and the relevant records of each Party shall be available to the other Party with respect to any such defense.

- 11.5 Disclaimer. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, BELLSOUTH SPECIFICALLY DISCLAIMS ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, AS TO ANY SERVICE PROVIDED HEREUNDER. BELLSOUTH SPECIFICALLY DISCLAIMS ANY AND ALL IMPLIED WARRANTIES, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, COURSE OF DEALING, OR FROM USAGE OF TRADE.

## 12. Intellectual Property Rights and Indemnification

- 12.1 No License. No patent, copyright, trademark or other intellectual property right is licensed, granted or otherwise transferred by this Agreement except as expressly provided for in Section 12.2 below. The Parties are strictly prohibited from any use, including but not limited to, in the selling, marketing, promoting or advertising of Telecommunications Services, of any name, service mark, logo or trade name, trade dress, trademark or other indicia of origin (collectively, the "Marks") of the other Party. Notwithstanding the foregoing, either Party may (i) make factual references to the other Party's name as necessary to respond to direct inquiries from customers or potential customers regarding the source of underlying services or the identity of repair technicians, and (ii) use the other Party's name in comparative advertising so long as the reference is truthful and factual, is not likely to cause confusion, mistake or deception, and does not imply any agency relationship,

partnership, endorsement, sponsorship, or affiliation by or with the other Party and provided that the other Party's name appears in standard type, non-logo format. The Marks include those Marks owned directly by a Party or its Affiliate(s) and those Marks that a Party has a legal and valid license to use. The Parties acknowledge that they are separate and distinct and that each provides a separate and distinct service and agree that neither Party may, expressly or impliedly, state, advertise or market that it is or offers the same service as the other Party or engage in any other activity that may result in a likelihood of confusion between its own service and the service of the other Party. Notwithstanding the foregoing, neither Party is prohibited from stating, advertising and marketing the types of services it provides (e.g., local service, long distance service, etc.).

12.2 Ownership of Intellectual Property. Any intellectual property that originates from or is developed by a Party shall remain the exclusive property of that Party. Except for a limited, non-assignable, non-exclusive, non-transferable license to use patents or copyrights to the extent necessary for the Parties to use any facilities or equipment (including software) or to receive any Service solely as provided under this Agreement, no license in patent, copyright, trademark or trade secret, or other proprietary or intellectual property right, now or hereafter owned, controlled or licensable by a Party, is granted to the other Party. Neither shall it be implied nor arise by estoppel. Any trademark, copyright or other proprietary notices appearing in association with the use of any facilities or equipment (including software) shall remain on the documentation, material, product, service, equipment or software. It is the responsibility of each Party to ensure at no additional cost to the other Party that it has obtained any necessary licenses in relation to intellectual property of third parties used in its network that may be required to enable the other Party to use any facilities or equipment (including software), to receive any service, or to perform its respective obligations under this Agreement.

12.3 Each Party agrees that it shall not intentionally enter into new license agreements nor modify existing license agreements relating to any facilities, software or equipment for the purpose of disqualifying the other Party from using such facilities, software or equipment in the manner contemplated in this Agreement. To the extent that providers of facilities, equipment or software used by either Party in the performance of the Agreement provides indemnities covering intellectual property liabilities and those indemnities allow a flow through of such protection to third parties using such intellectual property, the indemnified Party shall flow those indemnity protections through to the other Party.

12.4 Intellectual Property Remedies

12.4.1 Indemnification. BellSouth will defend CUST against claims of infringement arising solely from the use by CUST of such Service in the manner contemplated under this

Agreement and will indemnify the receiving Party for any damages awarded based solely on such claims in accordance with Section 11 preceding.

- 12.4.2 Claim of Infringement. In the event that use of the Services, or any facilities or equipment (including software), becomes, or in the reasonable judgment of BellSouth is likely to become, the subject of a third party claim, action, suit, or proceeding based on intellectual property infringement, or should BellSouth's, CUST's or CUST's End Users' use thereof become finally enjoined, then BellSouth, at its expense and at its option, shall either: (1) procure for CUST and, if necessary, its End Users the right to continue using such Services, facilities, equipment or software or portion thereof; or (2) replace or modify such Services, facilities, equipment or software or portion thereof to make it non-infringing, provided, however, that such replacement or modification shall be functionally equivalent to the Services, facilities, equipment or software or portion thereof that is replaced or modified. In the event that in BellSouth's reasonable opinion, neither option (1) or (2) above is commercially reasonable, BellSouth, upon reasonable notice shall have the right to terminate this Agreement with respect to use of, or Services provided through use of, the affected facilities or equipment (including software), but solely to the extent required to avoid the infringement claim.
- 12.4.3 Exception to Obligations. BellSouth's obligations under this Section shall not apply to the extent the infringement is caused by: (i) modification of the Services, facilities or equipment (including software) by CUST, unless such modification is requested or approved in writing by BellSouth; (ii) use by CUST of the Services, facilities or equipment (including software) in combination with equipment or facilities (including software) not provided or authorized by BellSouth, provided the facilities or equipment (including software) would not be infringing if used alone, unless such combinations are necessary in order for CUST or its End Users to use the same in the manner contemplated by this Agreement and are approved in writing by BellSouth; (iii) conformance to specifications of CUST that would necessarily result in infringement unless such specifications are approved in writing by BellSouth or specify a standard BellSouth service offering; or (iv) continued use by CUST of the affected facilities or equipment (including software) after the termination date specified in BellSouth's notice to CUST to discontinue use as described in 12.4.2 above.
- 12.4.4 Exclusive Remedy. The foregoing shall constitute the Parties' sole and exclusive remedies and obligations with respect to a third party claim of intellectual property infringement arising out of the conduct of business under this Agreement.

### **13. Proprietary and Confidential Information**

BST 3/22/05

Confidential and proprietary. May not be disclosed outside of BellSouth and CUST. Subject to Nondisclosure Agreement.

- 13.1 Proprietary and Confidential Information. It may be necessary for BellSouth and CUST, each as the “Discloser,” to provide to the other Party, as “Recipient,” certain proprietary and confidential information (including trade secret information) including but not limited to technical, financial, marketing, staffing and business plans and information, strategic information, proposals, request for proposals, specifications, drawings, maps, prices, costs, costing methodologies, procedures, processes, business systems, software programs, techniques, customer account data, call detail records and like information (collectively the “Information”). All such Information conveyed in writing or other tangible form shall be clearly marked with a confidential or proprietary legend. Information conveyed orally by the Discloser to Recipient shall be designated as proprietary and confidential at the time of such oral conveyance, shall be reduced to writing by the Discloser within forty-five (45) days thereafter, and shall be clearly marked with a confidential or proprietary legend.
- 13.2 Use and Protection of Information. Recipient agrees to protect such Information of the Discloser provided to Recipient from whatever source from distribution, disclosure or dissemination to anyone except employees of Recipient with a need to know such Information solely in conjunction with Recipient’s analysis of the Information and for no other purpose except as authorized herein or as otherwise authorized in writing by the Discloser. Recipient will not make any copies of the Information inspected by it. Each Party shall have the right to correct an inadvertent failure to identify confidential information as Information by giving written notification within thirty (30) days after the Information is disclosed. The Recipient shall, from that time forward, treat such information as Confidential Information. However, the Recipient is not responsible for its disclosure of any Information conveyed prior to such correction.
- 13.3 BellSouth shall only use CUST end user information in accordance with Section 222 of the Act and the restrictions contained in this Agreement. BellSouth shall not use any information relating to CUST End Users in connection with BellSouth’s own retail services and other offerings to End Users and others and will take appropriate steps to safeguard such information to comply with this provision.
- 13.4 In addition to any requirements imposed by 47 U.S.C. § 222, for a period of two (2) years from the receipt of Confidential Information from the Discloser, except as otherwise specified in this Agreement, the Recipient agrees (a) to use it only for the purpose of performing under this Agreement, (b) to hold it in confidence and disclose it to no one other than its employees having a need to know for the purpose of performing under this Agreement, and (c) to safeguard it from unauthorized use or disclosure with at least the same degree of care with which the Recipient safeguards its own Confidential Information. If the Recipient wishes to disclose the Discloser's Confidential Information to a third Party agent or consultant, the agent or

consultant must have executed a written agreement of non-disclosure and non-use comparable in scope to the terms of this Section.

- 13.5 Exceptions. Recipient will not have an obligation to protect any portion of the Information which:
- 13.5.1 (a) is made publicly available by the Discloser or lawfully by a non-Party to this Agreement; (b) is lawfully obtained by Recipient from any source other than Discloser; (c) is previously known to Recipient without an obligation to keep it confidential; or (d) is released from the terms of this Agreement by Discloser upon written notice to Recipient.
- 13.6 The Recipient may disclose Confidential Information if so required by law, a court, or governmental agency, so long as the Discloser has been notified of the requirement promptly after the Recipient becomes aware of the requirement. In all cases, the Recipient must undertake all lawful measures to avoid disclosing such information until Discloser has had reasonable time to seek and comply with a protective order that covers the Confidential Information to be disclosed.
- 13.7 Recipient agrees not to publish or use the Information for any advertising, sales or marketing promotions, press releases, or publicity matters that refer either directly or indirectly to the Information or to the Discloser or any of its affiliated companies.
- 13.8 The disclosure of Information neither grants nor implies any license to the Recipient under any trademark, patent, copyright, application or other intellectual property right that is now or may hereafter be owned by the Discloser.
- 13.9 Survival of Confidentiality Obligations. The Parties' rights and obligations under this Section 13 shall survive and continue in effect until two (2) years after the expiration or termination date of this Agreement with regard to all Information exchanged during the term of this Agreement. Thereafter, the Parties' rights and obligations hereunder survive and continue in effect with respect to any Information that is a trade secret under applicable law.

#### **14. Disclosure**

Notwithstanding anything in this Agreement, upon execution hereof, BellSouth may use CUST's name in connection with a press release relating to the execution of this Agreement. To the extent such press release conforms to the sample press release set forth in Exhibit D hereto, CUST's consent and approval of the press release shall not be required. To the extent BellSouth chooses to utilize a press release that does not conform to Exhibit D, BellSouth may disclose such press release only upon CUST's prior review of the copy and with the prior written consent of CUST. In addition, BellSouth shall post this Agreement, file it with the FCC, or make it available for public inspection, as appropriate, to the extent such

posting, filing or public availability may be required in BellSouth's reasonable discretion. The Parties shall file this Agreement with a state commission only if required as described in Section 1.2 above.

**15. Resolution of Disputes**

**15.1 Informal Resolution of Disputes – Escalation Procedures**

15.1.1 Except as otherwise stated in this Agreement, prior to pursuing formal resolution of a dispute as permitted in Section 15.2 below, the Parties to this Agreement shall submit any dispute between BellSouth and CUST for resolution as follows: The Parties will make available to one another a single point of contact for the purpose of ensuring BellSouth's and CUST's fulfillment of its obligations under this Agreement. The parties have identified three levels of informal escalation (the "Escalation Procedures") that must be completed before a Party pursues formal dispute resolution as described in Section 15. Each level of informal escalation shall take no more than 3 business days before proceeding to the next level. The single point of contact for each Party and the subsequent informal escalation contacts are as follows:

**For BellSouth:**

**Single Point of Contact:**

ICS Sales Systems Manager  
Valerie Cottingham  
205.321.4970

**Second Level of Escalation:**

Assistant Vice President ICS Sales  
Petra C. Pryor  
205.321.7700

**Final Level of Escalation:**

Vice President ICS Sales  
Fred Monacelli  
404.986.6300

**For CUST:**

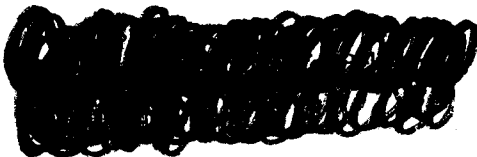

**Single Point of Contact:**

**Second Level of Escalation:**

**Final Level of Escalation:**

- 15.2 In the event the Parties are unable to resolve any disputes that arise under this Agreement after the Escalation Procedures have been invoked and completed, and in the event the aggrieved Party wishes to resolve the dispute formally, the aggrieved Party shall pursue resolution of such dispute with the appropriate federal or state court of competent jurisdiction. The Parties submit to personal jurisdiction in Atlanta, Georgia, and waive any objections to a Georgia venue. Notwithstanding the foregoing, provided that both Parties agree to utilize alternative dispute resolution for any particular dispute that arises as to the interpretation or performance or nonperformance or alleged breach of this Agreement, such dispute shall be resolved by commercial arbitration in accordance with the process and procedures set forth in Attachment 5 hereto. Either Party's agreement to pursue alternative dispute resolution in one instance shall not be deemed to apply to any other dispute or instance.

## **16. Taxes**

- 16.1 Definition. For purposes of this Section, the terms "taxes" and "fees" shall include but not be limited to federal, state or local sales, use, excise, gross receipts or other taxes or tax-like fees of whatever nature and however designated (including tariff surcharges and any fees, charges or other payments, contractual or otherwise, for the use of public streets or rights of way, whether designated as franchise fees or otherwise) imposed, or sought to be imposed, on or with respect to the Services furnished hereunder and measured by the charges or payments therefore, excluding any taxes levied on income.

### 16.2 Taxes and Fees Imposed Directly On Either Providing Party or Purchasing Party

- 16.2.1 Taxes and fees imposed on the providing Party, which are not permitted or required to be passed on by the providing Party to its customer, shall be borne and paid by the providing Party.
- 16.2.2 Taxes and fees imposed on the purchasing Party, which are not required to be collected and/or remitted by the providing Party, shall be borne and paid by the purchasing Party.

### 16.3 Taxes and Fees Imposed on Purchasing Party But Collected And Remitted By Providing Party

- 16.3.1 Taxes and fees imposed on the purchasing Party shall be borne by the purchasing Party, even if the obligation to collect and/or remit such taxes or fees is placed on the providing Party.
- 16.3.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective Service is billed.
- 16.3.3 If the purchasing Party determines that in its opinion any such taxes or fees are not due, the providing Party shall not bill such taxes or fees to the purchasing Party if the purchasing Party provides written certification, reasonably satisfactory to the providing Party, stating that it is exempt or otherwise not subject to the tax or fee, setting forth the basis therefor, and satisfying any other requirements under applicable law. If any authority seeks to collect any such tax or fee that the purchasing Party has determined and certified not to be payable, or any such tax or fee that was not billed by the providing Party, the purchasing Party may contest the same in good faith, at its own expense. In the event that such contest must be pursued in the name of the providing Party, the providing Party shall permit the purchasing Party to pursue and control the contest in the name of providing Party and providing Party shall have the opportunity to participate fully in the preparation of such contest. In any such contest, the purchasing Party shall promptly furnish the providing Party with copies of all filings in any proceeding, protest, or legal challenge, all rulings issued in connection therewith, and all correspondence between the purchasing Party and the taxing authority.
- 16.3.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 16.3.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 16.3.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect, indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other charges or payable expenses (including reasonable attorney fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee.

- 16.3.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 16.4 Taxes and Fees Imposed on Providing Party But Passed On To Purchasing Party
- 16.4.1 Taxes and fees imposed on the providing Party, which are permitted or required to be passed on by the providing Party to its customer, shall be borne by the purchasing Party.
- 16.4.2 To the extent permitted by applicable law, any such taxes and/or fees shall be shown as separate items on applicable billing documents between the Parties. Notwithstanding the foregoing, to the extent permitted by Section 16 with respect to the billing of services provided hereunder, the purchasing Party shall remain liable for any such taxes and fees regardless of whether they are actually billed by the providing Party at the time that the respective Service is billed.
- 16.4.3 If the purchasing Party disagrees with the providing Party's determination as to the application or basis for any such tax or fee, the Parties shall consult with respect to the imposition and billing of such tax or fee and with respect to whether to contest the imposition of such tax and fee. Notwithstanding the foregoing, the providing Party shall retain responsibility for determining whether and to what extent any such taxes or fees are applicable. The providing Party shall further retain responsibility for determining whether and how to contest the imposition of such taxes and fees; provided, however, that the Parties agree to consult in good faith as to such contest and that any such contest undertaken at the request of the purchasing Party shall be at the purchasing Party's expense. In the event that such contest must be pursued in the name of the providing Party, providing Party shall permit purchasing Party to pursue the contest in the name of the providing Party and the providing Party shall have the opportunity to participate fully in the preparation of such contest.
- 16.4.4 If, after consultation in accordance with the preceding Section 16.4.3, the purchasing Party does not agree with the providing Party's final determination as to the application or basis of a particular tax or fee, and if the providing Party, after receipt of a written request by the purchasing Party to contest the imposition of such tax or fee with the imposing authority, fails or refuses to pursue such contest or to allow such contest by the purchasing Party, the purchasing Party may utilize the dispute resolution process outlined in Section 15 of the General Terms and Conditions of this Agreement. Utilization of the dispute resolution process shall not relieve the purchasing party from liability for any tax or fee billed by the

providing Party pursuant to this subsection during the pendency of such dispute resolution proceeding. In the event that the purchasing Party prevails in such dispute resolution proceeding, it shall be entitled to a refund in accordance with the final decision therein. Notwithstanding the foregoing, if at any time prior to a final decision in such dispute resolution proceeding the providing Party initiates a contest with the imposing authority with respect to any of the issues involved in such dispute resolution proceeding, the dispute resolution proceeding shall be dismissed as to such common issues and the final decision rendered in the contest with the imposing authority shall control as to such issues.

- 16.4.4 In the event that all or any portion of an amount sought to be collected must be paid in order to contest the imposition of any such tax or fee, or to avoid the existence of a lien on the assets of the providing Party during the pendency of such contest, the purchasing Party shall be responsible for such payment and shall be entitled to the benefit of any refund or recovery.
- 16.4.5 If it is ultimately determined that any additional amount of such a tax or fee is due to the imposing authority, the purchasing Party shall pay such additional amount, including any interest and penalties thereon.
- 16.4.6 Notwithstanding any provision to the contrary, the purchasing Party shall protect, indemnify and hold harmless (and defend at the purchasing Party's expense) the providing Party from and against any such tax or fee, interest or penalties thereon, or other reasonable charges or payable expenses (including reasonable attorneys' fees) with respect thereto, which are incurred by the providing Party in connection with any claim for or contest of any such tax or fee which purchasing party elects to contest or which purchasing party provides written authorization for the providing party to undertake on behalf of the purchasing party.
- 16.4.7 Each Party shall notify the other Party in writing of any assessment, proposed assessment or other claim for any additional amount of such a tax or fee by a taxing authority; such notice to be provided, if possible, at least ten (10) days prior to the date by which a response, protest or other appeal must be filed, but in no event later than thirty (30) days after receipt of such assessment, proposed assessment or claim.
- 16.4.8 Mutual Cooperation. In any contest of a tax or fee by one Party, the other Party shall cooperate fully by providing records, testimony and such additional information or assistance as may reasonably be necessary to pursue the contest. Further, the other Party shall be reimbursed for any reasonable and necessary out-of-pocket copying and travel expenses incurred in assisting in such contest. Each Party agrees to indemnify and hold harmless the other Party from and against any losses, damages, claims, demands, suits, liabilities and expense, including reasonable attorneys fees, that arise out of its failure to perform its obligations under this section.

**17. Insurance Requirements**

At all times during the term of this Agreement, each Party shall maintain, at its own expense, (i) all insurance required by applicable law including insurance and approved self insurance for statutory workers compensation coverage and (ii) commercial general liability coverage. Each Party may satisfy all or part of the commercial general liability coverage specified herein through self-insurance subject to maintaining an investment grade credit rating.

**18. Force Majeure**

18.1 In the event performance of this Agreement, or any obligation hereunder, is either directly or indirectly prevented, restricted, or interfered with by reason of fire, flood, earthquake or like acts of God, wars, revolution, civil commotion, explosion, acts of public enemy, embargo, acts of the government in its sovereign capacity, labor difficulties, including without limitation, strikes, slowdowns, picketing, or boycotts, changes requested by CUST, or any other circumstances beyond the reasonable control and without the fault or negligence of the Party affected, the Party affected, upon giving prompt notice to the other Party, shall be excused from such performance on a day-to-day basis to the extent of such prevention, restriction, or interference (and the other Party shall likewise be excused from performance of its obligations on a day-to-day basis until the delay, restriction or interference has ceased); provided, however, that the Party so affected shall use diligent efforts to avoid or remove such causes of non-performance and both Parties shall proceed whenever such causes are removed or cease.

18.2 Notwithstanding the foregoing, no delay or other failure to perform shall be excused pursuant to this Section 18 by the acts or omission of a Party's subcontractors, material persons, suppliers or other third persons providing products or services to such Party unless: (i) there is a Force Majeure condition that affects the performance of said subcontractors, material persons, suppliers or other third persons, and, (ii) such delay or failure and the consequences thereof are beyond the control and without the fault or negligence of the Party claiming excusable delay or other failure to perform. Notwithstanding the foregoing, where a Force Majeure condition arises, this Section 18 shall not excuse non-performance or delays in performance directly caused by a Party's failure to implement a material provision of its Disaster Recovery Plan only to the extent that the Party's implementation of the Disaster Recovery Plan would have avoided the nonperformance or delay.

**19. Modification of Agreement**

- 19.1 Subject to the provisions of Section 25, if CUST changes its name or makes changes to its company structure or identity due to a merger, acquisition, transfer or any other reason, it is the responsibility of CUST to notify BellSouth of said change and request that an amendment to this Agreement, if necessary, be executed to reflect said change, and shall notify the appropriate Commission of such modification of company structure in accordance with the state rules governing such modification in company structure, if applicable.
- 19.2 This Agreement may be amended from time to time as mutually agreed in writing between the Parties. No modification, amendment, supplement to, or waiver of the Agreement or any of its provisions shall be effective and binding upon the Parties unless it is made in writing and duly signed by the Parties.
- 19.3 Except as otherwise provided in this Agreement, no amendment or waiver of any provision of this Agreement, and no consent to any default under this Agreement, shall be effective unless the same is in writing and signed by an officer of the Party against whom such amendment, waiver or consent is claimed. In addition, no course of dealing or failure of a Party strictly to enforce any term, right or condition of this Agreement shall be construed as a waiver of such term, right or condition.

## **20. Non-waiver of Legal Rights**

Execution of this Agreement by either Party does not confirm or imply that the executing Party agrees with any decision(s) issued pursuant to the Telecommunications Act of 1996 and the consequences of those decisions on specific language in this Agreement. Neither Party waives its rights to appeal or otherwise challenge any such decision(s) and each Party reserves all of its rights to pursue any and all legal and/or equitable remedies, including appeals of any such decision(s); provided, however, that except as set forth elsewhere in this Agreement any modification of any law, rule or order issued pursuant to the Act shall not impact or modify the Parties' rights and obligations pursuant to this Agreement.

## **21. Indivisibility**

The Parties intend that this Agreement be indivisible and nonseverable, and each of the Parties acknowledges that it has assented to all of the covenants and promises in this Agreement as a single whole and that all of such covenants and promises, taken as a whole, constitute the essence of the contract. The Parties further acknowledge that this Agreement is intended to constitute a single transaction, that the obligations of the Parties under this Agreement are interdependent.

**22. Severability**

If any provision of this Agreement, or part thereof, shall be held invalid or unenforceable in any respect, or if a change in law, rule or regulation prevents or materially impairs a Party's ability to perform, operate, or realize the benefits afforded to it under this Agreement, both Parties agree to negotiate in good faith such changes as may be necessary to address such invalid or unenforceable provision or such prevention or material impairment. The Parties shall attempt to reformulate this Agreement, or any invalid provision or part thereof, to as closely reflect the original intent of the Parties as possible, consistent with applicable law, and to effectuate such portions thereof as may be valid without defeating the intent of such provision. To the extent possible, the Parties shall continue to comply with the remainder of the Agreement not affected; provided, however, that if a Party is prevented or materially impaired in its ability to perform, operate, or realize the benefits afforded to it under this Agreement as described in this Section, and the Parties are unable to negotiate necessary changes to this Agreement, this Agreement may be terminated by either Party without liability hereunder.

**23. Waivers**

A failure or delay of either Party to enforce any of the provisions hereof, to exercise any option which is herein provided, or to require performance of any of the provisions hereof shall in no way be construed to be a waiver of such provisions or options, and each Party, notwithstanding such failure or delay, shall have the right thereafter to insist upon the performance of any and all of the provisions of this Agreement.

**24. Governing Law**

The validity of this Agreement, the construction and enforcement of its terms, and the interpretation of the rights and duties of the Parties shall be governed by the laws of the State of Georgia other than as to conflicts of laws, except insofar as federal law may control any aspect of this Agreement, in which case federal law shall govern such aspect.

**25. Assignments and Transfers**

25.1 Neither Party shall assign to any entity any right, obligation or duty, or any other interest hereunder by contract, merger, operation of law or otherwise, in whole or in part, without the prior written consent of the other Party which consent shall not be unreasonably denied or delayed. Before assignment of this Agreement by CUST, the assignee must provide evidence of a Commission approved certification to provide Telecommunications Service in each state that CUST is using the Services provided hereunder in order to provide service, and must also provide evidence of financial stability and adhere to the Deposit Policy as set forth in

Attachment 3, Section 1.10. After the other Party gives its consent, the Parties shall amend this Agreement to reflect such assignments and shall work cooperatively to implement any changes required due to such assignment. Any such assignment shall be subject to applicable charges negotiated between the Parties. All obligations and duties of any Party under this Agreement shall be binding on all successors in interest and assigns of such Party. No assignment or delegation hereof shall relieve the assignor of its obligations under this Agreement in the event that the assignee fails to perform such obligations. Notwithstanding anything to the contrary in this Section, CUST shall not assign this Agreement to any entity unless either (1) CUST pays all bills, past due and current, under this Agreement, or (2) CUST's assignee expressly assumes liability for payment of such bills.

## 26. Notices

Any notices or other communications of a legal nature required or permitted to be given or delivered under this Agreement shall be in hard-copy writing (unless otherwise specifically provided herein) and shall be sufficiently given if delivered personally or delivered by prepaid overnight express service or by US mail, postage prepaid, return receipt requested, and email if an email address is listed below, to the following (unless otherwise specifically required by this Agreement to be delivered to another representative or point of contact):

### **BellSouth Telecommunications, Inc.**

BellSouth Local Contract Manager

Atlanta, GA 30375

If to [REDACTED]

[REDACTED]

or at such other address as the intended recipient previously shall have designated by written notice to the other Party.

Either Party may unilaterally change its designated representative and/or address for the receipt of notices by giving seven (7) days prior written notice to the other Party in compliance with this Section. Any notice or other communication shall be deemed given when received.

26.1 Unless otherwise provided in this Agreement, notice by mail shall be effective on the date it is officially recorded as delivered by return receipt or equivalent, and in the absence of such record of delivery, it shall be presumed to have been delivered the fifth day, or next business day after the fifth day, after it was deposited in the mails.

26.2 Notwithstanding the foregoing, BellSouth shall post to BellSouth's web site changes to business processes and policies, and shall post to BellSouth's web site or submit through applicable electronic systems, other business related notices not requiring an amendment to this Agreement.

**27. Rule of Construction**

No rule of construction requiring interpretation against the drafting Party hereof shall apply in the interpretation of this Agreement.

**28. Headings of No Force or Effect**

BST 3/22/05  
Confidential and proprietary. May not be disclosed outside of BellSouth and CUST. Subject to Nondisclosure Agreement.

The headings of Articles and Sections of this Agreement are for convenience of reference only, and shall in no way define, modify or restrict the meaning or interpretation of the terms or provisions of this Agreement.

**29. Multiple Counterparts**

This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute but one and the same document.

**30. Good Faith Performance**

In the performance of their obligations under this Agreement, the Parties shall act in good faith and consistently with the intent of the Act. Where notice, approval or similar action by a Party is permitted or required by any provision of this Agreement, such action shall not be unreasonably delayed, withheld or conditioned.

**31. Survival**

Any liabilities or obligations of a Party for acts or omissions prior to the cancellation or termination of this Agreement, any obligation of a Party under the provisions regarding indemnification, Confidential Information, limitations on liability, and any other provisions of this Agreement which, by their nature, are contemplated to survive (or to be performed after) termination of this Agreement, shall survive expiration, cancellation or termination hereof.

**32. Entire Agreement**

32.1 This Agreement means the General Terms and Conditions, the Attachments identified in Section 32.2 below, and all incorporated documents, all of which, when taken together, are intended to constitute one indivisible agreement. This Agreement sets forth the entire understanding and supersedes prior agreements between the Parties as they relate to the Services provided under this Agreement and merges all prior discussions between them. Neither Party shall be bound by any definition, condition, provision, representation, warranty, covenant or promise other than as expressly stated in this Agreement or as is contemporaneously or subsequently set forth in writing and executed by a duly authorized officer or representative of the Party to be bound thereby.

32.2 This Agreement includes Attachments and Exhibits, incorporated herein by reference with provisions for the following:

Attachment No. 1 Services  
Attachment No. 2 Pre-Ordering, Ordering, Provisioning, Maintenance and  
Repair

Attachment No. 3 Billing

Attachment No. 4 Service Level Commitments for DSO Wholesale Local  
Voice Platform Services

Attachment No. 5 Dispute Resolution

- 31.3 Any reference throughout this Agreement to a tariff, industry guideline, BellSouth's technical guideline or reference, BellSouth business rule, guide or other such document containing processes or specifications applicable to the Services provided pursuant to this Agreement, shall be construed to refer to only those provisions thereof that are applicable to these Services, and shall include any successor or replacement versions thereof, all as they are amended from time to time and all of which are incorporated herein by reference. References to state tariffs throughout this Agreement shall be to the tariff for the state in which the Services were provisioned.

### **33. Responsibility of Each Party**

Each Party is an independent contractor, and has and hereby retains the right to exercise full control of and supervision over its own performance of its obligations under this Agreement and retains full control over the employment, direction, compensation and discharge of all employees assisting in the performance of such obligations. Each Party will be solely responsible for all matters relating to payment of such employees, including compliance with social security taxes, withholding taxes and all other regulations governing such matters. Each Party will be solely responsible for proper handling, storage, transport and disposal at its own expense of all (i) substances or materials that it or its contractors or agents bring to, create or assume control over at work locations or, (ii) waste resulting therefrom or otherwise generated in connection with its or its contractors' or agents' activities at the work locations. Subject to the limitations on liability and except as otherwise provided in this Agreement, each Party shall be responsible for (i) its own acts and performance of all obligations imposed by applicable law in connection with its activities, legal status and property, real or personal and, (ii) the acts of its own affiliates, employees, agents and contractors during the performance of that Party's obligations hereunder.

### **34. Regulatory Filings**

BellSouth, for products or services provided to CUST pursuant to this Agreement, will timely provide CUST with network information required of CUST by legally mandated state commission reporting requirements that is otherwise not

available or accessible to CUST and is available to or in the possession of BellSouth.

**35. Governmental Compliance**

CUST and BellSouth each shall comply at its own expense with all applicable laws and all regulations that relate to its obligations under or activities in connection with this Agreement, and will obtain, at its own expense, any authorizations, licenses, certifications or other approvals as may be necessary in the performance of its obligations hereunder. To the extent a Party's rights or obligations under this Agreement are dependent upon or otherwise require such Party to obtain authorization, consent or licensing from governmental authorities, building owners, other carriers, or any other persons or entities, such Party shall obtain the same at its own expense.

**36. Regulatory Matters**

In the event that BellSouth files any tariff relating to the Services offered under this Agreement, the provisions of this Agreement rather than the tariff shall govern the terms under which BellSouth provides the Services to CUST.

**37. Disaster Recovery**

Each Party has adopted a Disaster Recovery Plan and agrees to utilize such Plan in accordance with its terms in order to maintain or restore Services in the event of a Disaster as defined in the Plan.

**38. Subcontracting**

If any Party's obligation under this Agreement is performed by a subcontractor or Affiliate, the Party subcontracting the obligation nevertheless shall remain fully responsible for the performance of this Agreement in accordance with its terms, and shall be solely responsible for payments due its subcontractors or Affiliate.

**39. Nonexclusive Remedies**

Except as otherwise expressly provided in this Agreement, each of the remedies provided under this Agreement is cumulative and is in addition to any remedies that may be available at law or in equity.

**40. No Third Party Beneficiaries**

Except as may be specifically set forth in this Agreement, this Agreement does not provide and shall not be construed to provide third Parties with any remedy, claim, liability, reimbursement, cause of action, or other privilege.

**41. Notice of Network Changes**

BellSouth shall comply with the requirements of 47 C.F.R. § 51.325, et seq., regarding notice to CUST of any network change that will affect CUST's performance or ability to provide service or that will affect BellSouth's interoperability with CUST. This section shall be construed in accordance with the obligations contained within 47 C.F.R. § 51.325, et seq.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year written below.

## **BellSouth and CUST sign commercial agreement**

*BellSouth has more than 100 commercial agreements with wholesale customers*

ATLANTA – March XX, 2005 – BellSouth (NYSE: BLS) today announced the signing of a long-term commercial agreement with CUST for the provisioning of wholesale local phone services throughout the nine-state BellSouth region in the Southeast. This agreement enables CUST to continue serving its existing local customers in the BellSouth region.

With the successful completion of negotiations with CUST, BellSouth now has more than 100 commercial agreements with wholesale customers.

“While BellSouth has been providing CUST with wholesale services for several years, we are now entering a new commercial relationship,” said Rex Adams, president of BellSouth Interconnection Services. “We look forward to offering CUST our world-class wholesale services at commercially negotiated rates.”

### **About BellSouth Corporation**

BellSouth Corporation is a Fortune 100 communications company headquartered in Atlanta, Ga., and a parent company of Cingular Wireless, the nation’s largest wireless voice and data provider.

Backed by award winning customer service, BellSouth offers the most comprehensive and innovative package of voice and data services available in the market. Through BellSouth Answers®, residential and small business customers can bundle their local and long distance service with dial-up and high speed DSL Internet access, satellite television and Cingular® Wireless service. For businesses, BellSouth provides secure, reliable local and long distance voice and data networking solutions. BellSouth also offers online and directory advertising through BellSouth® RealPages.com® and The Real Yellow Pages®.

More information about BellSouth can be found at [www.bellsouth.com](http://www.bellsouth.com).

## Services

### 1. Introduction

- 1.1 Upon request of CUST, BellSouth shall provide DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services as set forth in this Attachment, at the rates set forth in Exhibit A, and pursuant to the terms and conditions of this Agreement. The terms and conditions set forth in this Attachment apply only when the Services are purchased pursuant to this Agreement. The network components and associated services and functions that comprise DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services or that may be purchased in conjunction with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services under this Agreement are available pursuant to this Agreement only in conjunction with CUST's purchase of DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services and are not available for individual purchase. These Services are provided to CUST solely for the purpose of providing Telecommunications Services to CUST's End Users and CUST agrees not to use such Services for any other purpose.
- 1.2 The network components provided as part of the Services offered hereunder may be subject to modification, retirement, upgrades or other changes. BellSouth shall provide notice of such changes in accordance with the applicable provisions of the FCC's network disclosure requirements and any other applicable laws or regulations. In the event a network component is retired, such network component is no longer available.

### 2. DS0 Wholesale Switch Port Services

- 2.1 DS0 Wholesale Switch Port Services provide the features, functions and capabilities of the local circuit switch, including dial tone, the ability to originate and terminate calls, and all vertical features that the local circuit switch is capable of providing and that are available.
- 2.1.1 When ordering DS0 Wholesale Switch Port Services, network components that allow for the transport and termination of originated calls and the receipt of calls destined for the switch port are included. These network components, which each have their own pricing elements, include End Office Switching, Tandem Switching and Common Transport. CUST may also order for an additional charge switch based vertical features that the switch is capable of providing and that are available. BellSouth may make available certain ancillary services that may be

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

ordered with the DSO Wholesale Switch Port Services. If available, such ancillary services will be ordered pursuant to BellSouth's tariff or pursuant to a BellSouth resale agreement.

- 2.1.2 When ordering DSO Wholesale Switch Port Services as a stand-alone element, CUST is responsible for obtaining other required elements or components that may be needed to provide its desired voice grade services. These elements or component may include but are not limited to: loops; collocation arrangements; and collocation cross-connects between the DSO Wholesale Switch Port Services and CUST's collocation arrangement.
- 2.1.3 End Office Switching
  - 2.1.3.1 End Office Switching provides the switching function of connecting lines to lines, lines to trunks, trunks to lines, and trunks to trunks. End Office Switching includes the pricing elements of End Office Switching Function and End Office Trunk Ports, as set forth in Exhibit A.
- 2.1.4 Tandem Switching
  - 2.1.4.1 Tandem Switching provides the following: (i) trunk connect facilities, which include, but are not limited to, the connection between trunk termination at a cross connect panel and switch trunk card; (ii) the basic switch trunk function of connecting trunks to trunks; and (iii) the functions that are centralized in the Tandem Switches (as distinguished from separate end office switches), including, but not limited to call recording, the routing of calls to operator services and signaling conversion features. Tandem Switching includes the pricing elements of Tandem Switching Function, Tandem Trunk Ports, Melded Tandem Switching Function and Melded Tandem Trunk Ports, as set forth in Exhibit A.
  - 2.1.4.2 When an interoffice call originates from a DSO Wholesale Switch Port and terminates to a BellSouth, independent company or facility based CLEC end office, BellSouth shall apply the Melded Tandem Switching rate(s) as set forth in Exhibit A. For all other calls utilizing Tandem Switching, the Tandem Switching rate as set forth in Exhibit A shall apply.
- 2.1.5 Common Transport
  - 2.1.5.1 Common (Shared) Transport is defined as transmission facilities shared by more than one carrier, including BellSouth, between end office switches, between end office switches and tandem switches, and between tandem switches, in BellSouth's network. Common Transport includes the pricing elements of Common Transport per Mile and Common Transport Facilities Termination as set forth in Exhibit A.
- 2.1.6 Switch Based Vertical Features

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 2.1.6.1 Switch based vertical features include vertical features that the circuit switch is capable of providing and that are available and may be ordered in conjunction with the DSO Wholesale Switch Port. Switch based vertical features are ordered separately and shall be charged at a single rate, as set forth in Exhibit A, regardless of the number of vertical features ordered. CUST may add or delete vertical features at no additional charge except the applicable ordering charge.
- 2.1.6.2 To the extent that a circuit switch is technically capable of providing a switch based vertical feature but such switch based vertical feature is not currently available, CUST may submit a request pursuant to BellSouth's established processes. Additional charges may apply.
- 2.1.7 Ancillary Services
- 2.1.7.1 CUST may request certain non-switch based services that are available with DSO Wholesale Switch Port Services. If available, such services shall be provided pursuant to BellSouth's tariff or pursuant to a separate BellSouth resale or other agreement between the parties.
- 2.1.7.2 Directory Listings
- 2.1.7.2.1 BellSouth shall provide one basic White Pages directory listing per telephone number per End User account at no charge other than applicable service order charges as set forth in BellSouth's tariffs. If such listing is requested on the initial local service request ("LSR") associated with the request for Service, a single manual service order charge or electronic service order charge, as appropriate, as described in Attachment 2 of this Agreement will apply to both the request for Service and the request for the directory listing. Where a subsequent LSR is placed solely to request a directory listing, separate service order charges as set forth in BellSouth's tariffs shall apply, as well as the manual service order charge or electronic service order charge, as appropriate, as described in Attachment 2. Additional, enhanced and miscellaneous listings may be provided and shall be rated according to BellSouth's General Subscriber Services Tariff ("GSST"), and tariffed service order charges and manual or electronic service order charges shall apply.

### **3. DSO Wholesale Local Voice Platform Services**

- 3.1 DSO Wholesale Local Voice Platform Services provide an end to end Telecommunications Service by combining DSO Wholesale Switch Ports with the loop network component described in this Agreement, which together provide local exchange service for the origination or termination of calls. DSO Wholesale Local Voice Platform Services support the same calling and feature attributes as described in the DSO Wholesale Switch Port Services section of this Attachment.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 3.2 The loop network component is defined as a transmission facility between the distribution frame (or its equivalent) in BellSouth's central office and the loop demarcation point at the End User's premises. The loop includes all features, functions and capabilities of the transmission facilities, including the network interface device, and attached electronics (except those used for the provision of advanced services, such as Digital Subscriber Line Access Multiplexers), optronics and intermediate devices (including repeaters and load coils) used to establish the transmission path to the End User's premises. CUST shall purchase the entire bandwidth of the loop in connection with the DSO Wholesale Local Voice Platform Services and, unless otherwise expressly agreed by BellSouth in a separate agreement or tariff, BellSouth shall not subdivide the frequency of the loop.
- 3.2.1 DSO Wholesale Local Voice Platform Services shall be provisioned with a 2-wire analog voice grade loop, which is a non-designed 2-wire loop start circuit that does not have remote access test points.
- 3.2.2 Except as set forth herein, loops may be provisioned using any type of facility that will support voice grade services. This may include loaded copper, non-loaded copper, digital loop carrier systems, fiber/copper combination (hybrid loop) or a combination of any of these facilities. BellSouth, at any time, in the normal course of maintaining, repairing, and configuring its network, may also change the loop utilized in conjunction with the DSO Wholesale Local Voice Platform Services. In these situations, BellSouth will only ensure that the newly provided facility will support the same voice grade services provided by the DSO Wholesale Local Voice Platform Services.
- 3.2.3 The loop does not include any packet switched features, functions or capabilities.
- 3.2.4 BellSouth shall not provision DSO Wholesale Local Voice Platform Services over any loop that is comprised entirely of fiber from the distribution frame (or equivalent) in the BellSouth central office to the demarcation point at the End User's premises.
- 3.2.5 The loop shall be provided to CUST in accordance with applicable provisions of BellCore/ANSI standard technical references for non-designed 2-wire loop start voice grade circuits.
- 3.2.6 BellSouth will only provision, maintain and repair the loops to the standards that are consistent with the loop component associated with the DSO Wholesale Local Voice Platform Services. The Loop shall be provided to CUST in accordance with applicable industry standard technical references. Absent any applicable industry standards, BellSouth's TR73600 Unbundled Local Loop Technical Specification shall apply in a manner consistent with 47 CFR 51.311b. If BellSouth uses a different set of technical specifications to provide loops in its own network or to

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

its retail end-users, BellSouth will apply the same technical specifications to the loops CUST orders from BellSouth.

### 3.3 Loop Tagging

- 3.3.1 When a BellSouth technician is required to be dispatched to provision the loop, BellSouth will tag the loop with the telephone number. When a dispatch is not required to provision the loop, BellSouth will tag the loop on the next required visit to the End User's location. If CUST wants to ensure the loop is tagged during the provisioning process for loops that may not require a dispatch, CUST may order Loop Tagging. Rates for Loop Tagging are as set forth in Exhibit A of this Attachment.

## 4. **DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services Rates**

- 4.1 The rates for DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services in Exhibit A shall be applied according to whether CUST is serving a Mass Market or an Enterprise Market End User and shall include monthly recurring and nonrecurring charges.
- 4.1.1 Mass Market. If CUST is serving an End User with less than four (4) voice grade (DS0) lines or equivalents in any service area covered by this Agreement, the rates applicable to DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services for the Mass Market shall apply.
- 4.1.2 Enterprise Market. If CUST is serving an End User with four (4) or more voice grade (DS0) lines or equivalents in any service area covered by this Agreement, or is serving an End User with DS0 services where such End User is also being served with a DS1 service in any service area covered by this Agreement, the rates applicable to DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services for the Enterprise Market shall apply to all Services provided to CUST for that End User.
- 4.1.3 For the DSO Wholesale Switch Port, recurring charges apply to the switch port, switch based vertical features, End Office Switching, Tandem Switching and Common Transport pricing elements. Nonrecurring charges apply to the switch port.
- 4.1.4 For the DSO Wholesale Local Voice Platform Services, recurring charges apply to the switch port, loop, switch based vertical features, End Office Switching, Tandem Switching and Common Transport pricing elements. Nonrecurring charges shall apply to the switch port for a new installation. If, however, the Service is converted from BellSouth retail, resale, or a loop/port combination

BST 03/21/05

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

provided by BellSouth to another CLEC, the nonrecurring conversion charges shall apply to such conversions.

- 4.1.5 The rates for End Office Switching, Tandem Switching and Common Transport are applied based on their use in the transport of an originated or terminated call, with the exception of the coin class of service which contains a monthly recurring flat-rate charge for all three of these pricing elements combined. Originated calls shall utilize these pricing elements until the terminating end office is reached for a BellSouth or resale End User terminated call or until the call reaches the network of a third party on a third party terminated call.
- 4.1.6 Rates for loops purchased in conjunction with DS0 Wholesale Local Voice Platform Services are determined by the zone applicable to the specific loop location. Zones are established by the Commission and may be changed from time to time. In the event the Commission changes the zone applicable to any loop associated with any DS0 Wholesale Local Voice Platform Services, the loop component of such Services shall be billed at the applicable rate for the new zone.
- 4.2 Intercarrier Compensation
- 4.2.1 Intercarrier compensation for 7 or 10 digit dialed calls originated by CUST utilizing DS0 Wholesale Switch Port Services or DS0 Wholesale Local Voice Platform Services shall apply according to the following sections. In each of these scenarios, BellSouth shall charge CUST for the unbundled elements used by CUST to provision the service and transport the call until the terminating end office is reached for a BellSouth or resale End User terminated call or until the call reaches the network of a third party, such as an independent company, facility-based CLEC, wireless carrier or CLEC using BellSouth switch ports or port/loop combinations for a third party terminated call. These elements may include the unbundled switch port, loop, switch-based vertical features, end office switching, tandem switching, including melded tandem switching as appropriate, and common transport. Such charges are imposed to recover the cost for CUST's use of BellSouth's network to serve its end users and are not considered part of intercarrier compensation. Additional pricing elements for intercarrier compensation shall also apply as identified in each of the following sections.
- 4.2.1.1 For calls terminating to a BellSouth or resale End User, BellSouth shall charge CUST for End Office Switching at the terminating end office.
- 4.2.1.2 For calls terminating to a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall charge CUST for End Office Switching at the terminating end office. BellSouth will not charge the terminating CLEC for End Office Switching at the terminating end office.

BST 03/21/05

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 4.2.1.3 For calls terminating to third party carriers utilizing their own switches to serve their End Users, such as facility-based CLECs, wireless carriers and independent companies, CUST shall use its best efforts to enter into interconnection or traffic exchange agreements with such third parties for the exchange of traffic through BellSouth's network. If CUST does not have such an agreement with a third party carrier and BellSouth is charged termination charges by a third party terminating a call originated by CUST, or if such third party carrier bills BellSouth for terminating such calls, despite the existence of such an agreement, then BellSouth may, at its option:
- 4.2.1.3.1 except in the case of termination of such call by an independent company, pay such charges as billed by the third party carrier and bill a terminating End Office Switching pricing element to CUST for each such call; or
- 4.2.1.3.2 pay such charges as billed by the third party carrier and CUST will reimburse the full amount of such charges within thirty (30) days of BellSouth's request for reimbursement ("Pass Through Option").
- 4.2.1.3.3 BellSouth shall use its best efforts to transition to this Pass Through Option by the end of the second quarter of 2005. The Parties recognize that ultimately the Industry will be moving to an environment where the third party terminating the call bills the originating party and this option will no longer be necessary.
- 4.2.2 Intercarrier compensation for 7 or 10 digit dialed calls terminating to CUST utilizing DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services shall apply according to the following sections. In each of these scenarios, BellSouth shall charge CUST for the unbundled elements used to provision the service and transport calls between networks as identified in each section.
- 4.2.2.1 For calls originated by a BellSouth or resale End User, BellSouth shall not charge CUST for End Office Switching at the terminating end office for use of the network component; therefore, CUST shall not charge BellSouth intercarrier compensation or any other charges for termination of such calls.
- 4.2.2.2 For calls originated by a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall not charge CUST for End Office Switching at the terminating end office for use of the network component; therefore, CUST shall not charge the originating CLEC or BellSouth intercarrier compensation or any other charges for termination of such calls.
- 4.2.2.3 For calls originated by third parties utilizing their own switches to serve their End Users, such as facility-based CLECs, wireless carriers and independent companies, CUST shall use its best efforts to enter into interconnection or traffic exchange

agreements with such third parties for the exchange of traffic through BellSouth's network. CUST may bill the third parties according to such agreements and shall not bill BellSouth for the exchange of traffic through BellSouth's network. BellSouth shall charge CUST for the network elements utilized from the demarcation of the networks to and including the terminating end office. If the third party is interconnected at the BellSouth tandem, then tandem switching, common transport and end office switching shall apply. If the third party is interconnected at a BellSouth end office where the call is terminating, then end office switching shall apply.

- 4.2.3 Intercarrier compensation shall apply as follows for intralata 1+ dialed calls originated by CUST utilizing DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services where CUST uses BellSouth's Carrier Identification Code (CIC) for its End User's Local Preferred Interexchange Carrier (LPIC) according to the following sections. In each of these scenarios, BellSouth shall charge CUST for the unbundled elements used to provision the service and transport the call until the terminating end office is reached for a BellSouth or resale End User terminated call or until the call reaches the network of a third party, such as an independent company, facility-based CLEC, wireless carrier or CLEC using BellSouth supported unbundled switch ports or port/loop combinations for a third party terminated call. These elements may include the unbundled switch port, loop, switch-based vertical features, end office switching, tandem switching, including melded tandem switching as appropriate, and common transport. Such charges are imposed to recover the cost for CUST's use of BellSouth's network to serve its end users and are not considered part of intercarrier compensation. Additional pricing elements for intercarrier compensation shall also apply as identified in each of the following sections.
- 4.2.3.1 For calls terminating to a BellSouth or resale End User, BellSouth shall charge CUST for End Office Switching at the terminating end office.
- 4.2.3.2 For calls terminating to a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall charge CUST for End Office Switching at the terminating end office. BellSouth will not charge the terminating CLEC for End Office Switching at the terminating end office.
- 4.2.3.3 For calls terminating to third party carriers utilizing their own switches to serve their End Users, such as facility-based\_CLECs, wireless carriers and independent companies, CUST shall use its best efforts to enter into interconnection or traffic exchange agreements with such third parties for the exchange of traffic through BellSouth's network. If CUST does not have such an agreement with a third party carrier and BellSouth is charged termination charges by a third party terminating a call originated by CUST, or if such third party carrier bills BellSouth for

terminating such calls, despite the existence of such an agreement, then BellSouth may, at its option:

- 4.2.3.3.1 except in the case of termination of such call by an independent company, pay such charges as billed by the third party carrier and bill a terminating End Office Switching pricing element to CUST for each such call; or
- 4.2.3.3.2 pay such charges as billed by the third party carrier and CUST will reimburse BellSouth the full amount of such charges within thirty (30) days following BellSouth's request for reimbursement ("Pass Through Option").
- 4.2.3.3.3 BellSouth shall use its best efforts to transition to this Pass Through Option by the end of the second quarter of 2005. The Parties recognize that ultimately the Industry will be moving to an environment where the third party terminating the call bills the originating party and this option will no longer be necessary.
  
- 4.2.4 Intercarrier compensation shall apply as follows for intralata 1+ dialed calls terminating to CUST utilizing DS0 Wholesale Switch Port Services or DS0 Wholesale Local Voice Platform Services where the originating carrier uses BellSouth's CIC for its End User's LPIC according to the following sections. In each of these scenarios, BellSouth shall charge CUST for the elements used to provision the service and transport calls between networks as identified in each section.
  
- 4.2.5 For calls originated by a BellSouth or resale End User, BellSouth shall either not charge CUST for End Office Switching at the terminating end office for use of the network component or if BellSouth does charge, it shall credit CUST for such charges; therefore, CUST shall not charge BellSouth intercarrier compensation or any other charges for termination of such calls.
  
- 4.2.6 For calls originated by a CLEC where such CLEC is utilizing a BellSouth switch port or port/loop combination to provide service to its End User, BellSouth shall not charge CUST for End Office Switching at the terminating end office for use of the network component or if BellSouth does charge, it shall credit CUST for such charges; therefore, CUST shall not charge the originating CLEC or BellSouth intercarrier compensation or any other charges for termination of such calls.
  
- 4.2.7 For calls originated by third parties utilizing their own switches to serve their End Users, such as facility-based CLECs, wireless carriers and independent companies, CUST shall use its best efforts to enter into interconnection or traffic exchange agreements with such third parties for the exchange of traffic through BellSouth's network. CUST may bill the third parties according to such agreements and shall not bill BellSouth for the exchange of traffic through BellSouth's network.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

BellSouth shall charge CUST for the network elements utilized from the demarcation of the networks to and including the terminating end office for such calls. If the third party is interconnected at the BellSouth tandem, then tandem switching, common transport and end office switching shall apply. If the third party is interconnected at a BellSouth end office where the call is terminating, then end office switching shall apply.

4.2.8 For calls originated by or terminating to CUST and carried by an interexchange carriers through a switched access arrangement, CUST may bill the interexchange carrier in accordance with CUST's tariff and will not bill BellSouth any charges for such call. CUST shall pay BellSouth applicable charges for the use of BellSouth's network in accordance with the rates set forth in Exhibit A for originating and terminating such calls. If the interexchange carrier is interconnected at the BellSouth tandem, then tandem switching, common transport and end office switching shall apply. If the interexchange carrier is interconnected at a BellSouth end office, where the call originated or terminated, then end office switching shall apply.

4.2.9 Illustrative call flows that include record exchange and usage recordings, in addition to intercarrier compensation arrangements, may be found in BellSouth's UNE Call Flows at <http://www.interconnection.bellsouth.com/guides/unedocs/1>

## **5. Call Related Databases**

5.1 Call related databases provided under this Agreement shall only be provided with either DSO Wholesale Switch Port Services or DSO Wholesale Local Voice Platform Services pursuant to the terms and conditions herein and at the rates set forth in Exhibit A. Database services that are not available pursuant to this Agreement may be available at the rates, terms and conditions set forth in BellSouth's tariffs.

5.2 BellSouth's Calling Name (CNAM) Database Services

5.2.1 BellSouth's CNAM database Services provide the ability to associate a name with the calling party's number for any name and number stored in the BellSouth CNAM database, allowing the End User (to which a call is being terminated and which subscribes to the necessary services) to view the calling party's name before the call is answered.

5.2.2 CUST's End Users' names and numbers related to DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services shall be stored in the BellSouth CNAM database, and shall be available, on a per query basis only, to all entities that launch queries to the BellSouth CNAM database. BellSouth, at its sole discretion, may opt to interconnect with and query other calling name

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

databases. In the event BellSouth does not query a third party calling name database that stores the calling party's information, BellSouth cannot deliver the calling party's information to a called End User. In addition, BellSouth cannot deliver the calling party's information where the calling party subscribes to any service that would block or otherwise cause the information to be unavailable.

- 5.2.3 For each CUST End User that subscribes to a switch based vertical feature providing calling name information to that End User for calls received, BellSouth will launch a query on a per call basis to the BellSouth CNAM database, or, subject to Section 5.2.2 above, to a third party calling name database, to provide calling name information, if available, to CUST's End User. CUST shall pay the rates set forth in Exhibit A, on a per query basis, for each query to the BellSouth CNAM database made on behalf of an CUST End User that subscribes to the appropriate vertical features that support Caller Id or any variation thereof. In addition, CUST shall reimburse BellSouth for any charges BellSouth pays to third party calling name database providers for queries launched to such database providers for the benefit of CUST's End Users. BellSouth shall advise CUST of the names, rates, and areas covered by these third-party calling name vendors, so that CUST can assess & verify charges.
- 5.4 Toll Free Dialing Ten Digit Screening Service
- 5.4.1 Toll Free Dialing Ten Digit Screening Service through BellSouth's 8xx database in association with Services provided hereunder shall be subject to the rates, terms and conditions set forth in the BellSouth tariff.
- 5.5 Automatic Location Identification/Data Management System (ALI/DMS) Database-911/E911 Services
- 5.5.1 Basic 911 Services (911) and Enhanced 911 Services (E911) route 911 calls from within the BellSouth Network. BellSouth shall provide 911 and E911 capability for each End User of CUST's DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services in accordance with the provisions below where BellSouth is the 911 or E911 provider.
- 5.5.2 911 provides routing of a 911 call to a centralized answering location designated by the PSAP. The End User verbally relays the emergency information to the centralized answering location.
- 5.5.3 E911, through the ALI/DMS database, routes the call to the appropriate PSAP and displays to the PSAP the address associated with the End User's telephone number.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

5.5.4 CUST shall be responsible for providing complete and accurate End User information to BellSouth via LSRs. BellSouth shall use such information to populate and update the ALI/DMS database at no additional charge to CUST.

5.5.5 CUST is responsible for paying all 911 or E911 surcharges to the applicable governmental agency, and BellSouth will not bill CUST for such 911 or E911 surcharges.

## **6. Local Number Portability (LNP)**

6.1 LNP will be provided in accordance with rules, regulations and guidelines adopted by the Commission, the FCC and industry fora, and CUST will work cooperatively with BellSouth to implement any LNP changes.

6.2 When CUST submits an LSR for Services, if the telephone number associated with the Services requested resides in a switch other than BellSouth's, then BellSouth will submit an LNP LSR to the appropriate switch owner. CUST shall be responsible for reimbursing BellSouth for any costs or charges imposed on BellSouth by the switch owner resulting from the submission of the LNP LSR. In addition, CUST shall pay to BellSouth the manual service order charges specified in Exhibit B of Attachment 2 of this Agreement for BellSouth's creation and submission of the LNP LSR to the appropriate switch owner.

6.3 For each DSO Wholesale Switch Port Service or DSO Wholesale Local Voice Platform Service purchased hereunder, CUST shall pay the end user line charge associated with implementing LNP as set forth in BellSouth's FCC Tariff No. 1.

6.4 Working telephone numbers, telephone numbers for which payment has been made to reserve and telephone numbers that are in a denied state (but not disconnected) or suspended status may be subject to porting.

## **7. Access To Numbers**

7.1 Where BellSouth provides DSO Wholesale Switch Port Service or DSO Wholesale Local Voice Platform Services to CUST, BellSouth will provide CUST with online access to available telephone numbers as defined by, and in accordance with, applicable FCC rules and regulations on a first come first served basis. CUST may designate up to a forecasted six (6) months supply of available numbers as intermediate (an available number provided to CUST) telephone numbers per rate center if the following conditions are met:

7.1.1 CUST must: (1) indicate that all of the intermediate numbers currently held by CUST in each rate center where CUST will be requesting intermediate telephone numbers have six (6) or less months to exhaust; (2) supply projected monthly telephone number demand on a rate center basis for the coming twelve (12) months for each rate center where CUST will be requesting intermediate telephone

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

numbers; and, (3) demonstrate that the utilization level on current intermediate numbers held by CUST in the rate center where CUST is requesting telephone numbers has reached at least 70%. The above information will be provided by CUST by submitting to BellSouth a fully completed "CO Code Assignments Months To Exhaust Certification Worksheet – TN Level" ("MTE Worksheet"), Appendix B to the Central Office Code (NXX) Assignments Guidelines, INC 95-0407-008 for each rate center where CUST will be requesting intermediate telephone numbers. The utilization level is calculated by dividing all intermediate numbers currently assigned by CUST to End Users by the total number of intermediate numbers held by CUST in the rate center and multiplying the result by one hundred (100). After June 30, 2004, rate center utilization level must be at 75% (Part F of the MTE Worksheet).

- 7.1.2 If fulfilling CUST's request for intermediate numbers results in BellSouth having to submit a request for additional telephone numbers to a national numbering administrator (either the North American Numbering Plan Administration (NANPA) CO Code Administration or NeuStar Pooling Administration or their successors), BellSouth will submit the required numbering request to the national numbering administrator to satisfy CUST's request for intermediate numbers. BellSouth will also pursue all appropriate steps (including submitting a safety valve request (petition) to the appropriate Commission if the numbering request is denied by the national administrator) to satisfy CUST's request for intermediate numbers. In these cases, BellSouth is not obligated to fulfill the request by CUST for intermediate numbers unless, and until, BellSouth's request for additional numbering resources is granted.
- 7.1.3 CUST agrees to supply supporting information for any numbering request and/or safety valve request that BellSouth files pursuant to Section 7.1.2 above.
- 7.2 CUST acknowledges that there may be instances where there is an industry shortage of available telephone numbers in the Numbering Plan Area (NPA). These instances occur where a jeopardy status has been declared by NANPA and the industry has determined that limiting the assignment of new numbers is the appropriate method to employ until the jeopardy can be alleviated. In such NPA jeopardy situations where assignment of new numbers is restricted as per the jeopardy guidelines developed by the industry, BellSouth may request that CUST cancel all or a portion of its unassigned intermediate numbers. CUST's consent to BellSouth's request shall not be unreasonably withheld.

## **8. Optional Daily Usage File**

- 8.1 Upon written request from CUST, BellSouth will provide the Optional Daily Usage File (ODUF) Services to CUST pursuant to the terms and conditions set forth in this section.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 8.2 CUST shall furnish all relevant information required by BellSouth for the provision of the ODUF.
- 8.3 The ODUF feed provides CUST messages, associated with DSO Wholesale Switch Port Services and DSO Wholesale Local Voice Platform Services that CUST has purchased from BellSouth, that were carried over the BellSouth network and processed by BellSouth for CUST. Current joint practices continue such that in the event that an order error causes BellSouth to deliver messages of another carrier, BellSouth will issue a Cancel record to CUST advising that the original message sent should be canceled.
- 8.4 Charges for the ODUF Service will appear on CUST's monthly bills for the previous month's usage in arrears. The charges are as set forth in Exhibit A to this Attachment.
- 8.5 The ODUF feed will contain both rated and unrated messages. All messages will be in the standard Alliance for Telecommunications Industry Solutions (ATIS) EMI record format.
- 8.6 Messages that error in the billing system of CUST will be the responsibility of CUST. If, however, CUST should encounter significant volumes of errored messages that prevent processing by CUST within its systems, BellSouth will work with CUST to determine the source of the errors and the appropriate resolution.
- 8.7 ODUF Specifications
- 8.7.1 ODUF Messages to be Transmitted
- 8.7.1.1 The following messages recorded by BellSouth will be transmitted to CUST:
- 8.7.1.1.1 Message recording for per use/per activation type services (examples: Three-Way Calling, Verify, Interrupt, Call Return, etc.)
- 8.7.1.1.2 Measured local calls
- 8.7.1.1.3 Directory Assistance messages
- 8.7.1.1.4 IntraLATA Toll
- 8.7.1.1.5 WATS and 800 Service
- 8.7.1.1.6 N11
- 8.7.1.1.7 Information Service Provider Messages
- 8.7.1.1.8 Operator Services Messages

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 8.7.1.1.9 Operator Services Message Attempted Calls
- 8.7.1.1.10 Credit/Cancel Records
- 8.7.1.1.11 Usage for Voice Mail Message Service
- 8.7.1.2 Rated Incollets (messages BellSouth receives from other revenue accounting offices) also appear on ODUF. Rated Incollets will be intermingled with BellSouth recorded rated and unrated usage. Rated Incollets will not be packed separately.
- 8.7.1.3 BellSouth will perform duplicate record checks on records processed to ODUF. Any duplicate messages detected will be deleted and not sent to CUST.
- 8.7.1.4 In the event that CUST detects a duplicate on ODUF they receive from BellSouth, CUST will drop the duplicate message and will not return the duplicate to BellSouth.
- 8.7.2 ODUF Physical File Characteristics
  - 8.7.2.1 ODUF will be distributed to CUST via Secure File Transfer Protocol (FTP). The ODUF feed will be a variable block format. The data on the ODUF feed will be in a non-compacted EMI format (175 byte format plus modules). It will be created on a daily basis Monday through Friday except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. There will be a maximum of one dataset per workday per OCN. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move the CUST to CONNECT:DIRECT file delivery.
  - 8.7.2.2 If the CUST is moved to CONNECT:DIRECT, data circuits (private line or dial-up) will be required between BellSouth and CUST for the purpose of data transmission. Where a dedicated line is required, CUST will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUST will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit messages successfully on an ongoing basis will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUST's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUST. Additionally, all message toll charges associated with the use of the dial circuit by CUST will be the responsibility of CUST. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on CUST's end for the purpose of data transmission will be the responsibility of CUST.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 8.7.2.3 If CUST utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUST.
- 8.7.3 ODUF Packing Specifications
- 8.7.3.1 The data will be packed using ATIS EMI records. A pack will contain a minimum of one message record or a maximum of 99,999 message records plus a pack header record and a pack trailer record. One transmission can contain a maximum of 99 packs and a minimum of one pack.
- 8.7.3.2 The OCN, From RAO, and Invoice Number will control the invoice sequencing. The From RAO will be used to identify to CUST which BellSouth RAO is sending the message. BellSouth and CUST will use the invoice sequencing to control data exchange. CUST will notify BellSouth of sequence failures identified by CUST and BellSouth will resend the data as appropriate.
- 8.7.4 ODUF Pack Rejection
- 8.7.4.1 CUST will notify BellSouth within one business day of rejected packs (via the mutually agreed medium). Packs could be rejected because of pack sequencing discrepancies or a critical edit failure on the Pack Header or Pack Trailer records (e.g. out-of-balance condition on grand totals, invalid data populated). Standard ATIS EMI error codes will be used. CUST will not be required to return the actual rejected data to BellSouth. Rejected packs will be corrected and retransmitted to CUST by BellSouth.
- 8.7.5 ODUF Control Data
- 8.7.5.1 CUST will send one confirmation record per pack that is received from BellSouth. This confirmation record will indicate CUST's receipt of the pack and acceptance or rejection of the pack. Pack Status Code(s) will be populated using standard ATIS EMI error codes for packs that were rejected by CUST for reasons stated in the above section.
- 8.7.6 ODUF Testing
- 8.7.6.1 Upon request from CUST, BellSouth shall send ODUF test files to CUST. The Parties agree to review and discuss the ODUF content and/or format. For testing of usage results, BellSouth shall request that CUST set up a production (live) file. The live test may consist of CUST's employees making test calls for the types of services CUST requests on ODUF. These test calls are logged by CUST, and the logs are provided to BellSouth. These logs will be used to verify the files. Testing will be completed within thirty (30) calendar days from the date on which the initial test file was sent.

## **9. Access Daily Usage File**

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 9.1 Upon written request from CUST, BellSouth will provide the Access Daily Usage File (ADUF) Services to CUST pursuant to the terms and conditions set forth in this section.
- 9.2 CUST shall furnish all relevant information required by BellSouth for the provision of ADUF Services.
- 9.3 The ADUF provides CUST originating and terminating access and third party messages associated with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services that CUST has purchased from BellSouth.
- 9.4 Charges for ADUF Services will appear on CUST's monthly bills for the previous month's usage in arrears. The charges are as set forth in Exhibit A to this Attachment.
- 9.5 Messages that error in the billing system of CUST will be the responsibility of CUST. If, however, CUST should encounter significant volumes of errored messages that prevent processing by CUST within its systems, BellSouth will work with CUST to determine the source of the errors and the appropriate resolution.
- 9.6 ADUF Messages To Be Transmitted
- 9.6.1 The following messages recorded by BellSouth will be transmitted to CUST:
- 9.6.1.1 Recorded originating and terminating interstate and intrastate access records associated with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services.
- 9.6.1.2 Recorded terminating access records for undetermined jurisdiction access records associated with DS0 Wholesale Switch Port Services and DS0 Wholesale Local Voice Platform Services.
- 9.6.2 BellSouth will perform duplicate record checks on records processed to ADUF. Any duplicate messages detected will be dropped and not sent to CUST.
- 9.6.3 In the event that CUST detects a duplicate on ADUF they receive from BellSouth, CUST will drop the duplicate message and will not return the duplicate to BellSouth.
- 9.6.4 ADUF Physical File Characteristics
- 9.6.4.1 ADUF will be distributed to CUST via Secure FTP Mailbox. The ADUF feed will be a fixed block format. The data on the ADUF feed will be in a non-compacted EMI format (210 bytes). It will be created on a daily basis Monday through Friday except holidays. Details such as dataset name and delivery schedule will be

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

addressed during negotiations of the distribution medium. There will be a maximum of one dataset per workday per OCN. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move the CUST to CONNECT:DIRECT file delivery.

- 9.6.4.2 If the CUST is moved to CONNECT:DIRECT, data circuits (private line or dial-up) will be required between BellSouth and CUST for the purpose of data transmission. Where a dedicated line is required, CUST will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUST will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit messages successfully on an ongoing basis will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUST's responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to CUST. Additionally, all message toll charges associated with the use of the dial circuit by CUST will be the responsibility of CUST. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on CUST's end for the purpose of data transmission will be the responsibility of CUST.
- 9.6.4.3 If CUST utilizes FTP for data file transmission, purchase of the FTP software will be the responsibility of CUST.
- 9.6.5 ADUF Packing Specifications
- 9.6.5.1 The data will be packed using ATIS EMI records. A pack will contain a minimum of one message record or a maximum of 99,999 message records plus a pack header record and a pack trailer record. One transmission can contain a maximum of 99 packs and a minimum of one pack.
- 9.6.5.2 The OCN, From RAO, and Invoice Number will control the invoice sequencing. The From RAO will be used to identify to CUST which BellSouth RAO is sending the message. BellSouth and CUST will use the invoice sequencing to control data exchange. CUST will notify BellSouth of sequence failures identified by CUST and BellSouth will resend the data as appropriate.
- 9.6.6 ADUF Pack Rejection
- 9.6.6.1 CUST will notify BellSouth within one business day of rejected packs (via the mutually agreed medium). Packs could be rejected because of pack sequencing discrepancies or a critical edit failure on the Pack Header or Pack Trailer records (e.g. out-of-balance condition on grand totals, invalid data populated). Standard ATIS EMI error codes will be used. CUST will not be required to return the

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

actual rejected data to BellSouth. Rejected packs will be corrected and retransmitted to CUST by BellSouth.

#### 9.6.7 ADUF Control Data

9.6.7.1 CUST will send one confirmation record per pack that is received from BellSouth. This confirmation record will indicate CUST's receipt of the pack and acceptance or rejection of the pack. Pack Status Code(s) will be populated using standard ATIS EMI error codes for packs that were rejected by CUST for reasons stated in the above section.

#### 9.6.8 ADUF Testing

9.6.8.1 Upon request from CUST, BellSouth shall send a test file of generic data to CUST via CONNECT:DIRECT or Text File via e-mail. The Parties agree to review and discuss the test file's content and/or format.

### **10. CMDS Utilizing RAO Hosting**

#### 10.1 Definitions

10.1.1 Centralized Message Distribution System (CMDS) is a national message exchange system administered by Telcordia Technologies ("Telcordia") used to transmit alternately billed calls (e.g., credit card, third number and collect) from the Earning Company, as defined herein, to the Billing Company, as defined herein, to permit the Earning Company and the Billing Company to receive appropriate compensation.

10.1.2 Direct Participants are Telecommunications carriers that exchange data directly with other Direct Participants via the CMDS Data Center and may act as host companies ("Host") for those Telecommunications carriers that do not exchange data directly via the CMDS Data Center ("Indirect Participants").

10.1.3 Revenue Accounting Office (RAO) Hosting is a hosting relationship where an Indirect Participant sends and receives CMDS eligible messages to and from its Host, who then interfaces, on behalf of the Indirect Participant, with other Direct Participants for distribution and collection of these messages. RAO Hosting also includes the Direct Participant's provision of revenue settlements functions (compensation) for alternately billed calls based upon reports generated by Credit Card and Third Number Settlement (CATS) and Non-InterCompany Settlement (NICS) as described herein. CATS and NICS are collectively referred to as Intercompany Settlements.

10.1.4 The CATS System is a national system administered by Telcordia, used to settle revenues for calls that are sent from one CMDS Direct Participant to another for billing. CATS applies to calls that originate within one Regional Bell Operating

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

Company's (RBOC) territory, as defined at Divestiture, and bill in another RBOC's territory. CATS calculates the amounts due to Earning Companies (i.e. billed revenue less the billing and collection fee). For alternately billed calls, the originating company, whose facilities are used to place the call, is the Earning Company and the company that puts the charges on the End User's bill is the Billing Company.

- 10.1.5 The Non-InterCompany Settlement (NICS) System is the national system administered by Telcordia that is used in the settlement of revenues for calls that are originated and billed by two different local exchange carriers (LEC) within a single Direct Participant's territory to another for billing. NICS applies to calls involving another LEC where the Earning Company and the Billing Company are located within BellSouth's territory.
- 10.2 Upon CUST's request, and unless and until a separate RAO Hosting Agreement is agreed to by the parties, BellSouth, as a Direct Participant, shall provide RAO Hosting Services to CUST, as an Indirect Participant, as set forth herein.
- 10.2.1 Where CUST selects BellSouth as its RAO Host for the delivery of Intercompany Settlements messages, CUST must request that BellSouth establish a unique hosted RAO code for CUST. Such request shall be in writing to the BellSouth RAO Hosting coordinator and must be submitted at least eight (8) weeks prior to provision of Services pursuant to this Section. Services shall commence on a date mutually agreed to by the Parties.
- 10.2.2 BellSouth will record CUST's End User messages and forward such messages to CUST via the ODUF in Exchange Message Interface (EMI) format. CUST must rate the messages and forward them to BellSouth, as its RAO Host, for distribution to the Billing Company via CMDS. BellSouth will deliver such messages for CUST through CMDS and will bill CUST for CMDS on a per message basis as set forth in Exhibit A of this Attachment. CUST must follow all Telcordia message exchange standards to send and receive the above referenced NICS and CATS settlements.
- 10.2.3 BellSouth will receive messages from CUST that are to be processed by BellSouth, another LEC in the BellSouth region or a LEC outside the BellSouth region. CUST must send all messages to BellSouth no later than eighty nine (89) days after the message date or Telcordia will reject the entire pack.
- 10.2.4 RAO Hosting, CATS and NICS Services provided to CUST by BellSouth will be in accordance with the methods and practices regularly applied by BellSouth to its own operations during the term of this Agreement, including such revisions as may be made from time to time by BellSouth.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 10.2.5 CUST shall furnish all relevant information required by BellSouth for the provision of RAO Hosting, CATS and NICS.
- 10.2.6 BellSouth will perform invoice sequence checking, standard EMI format editing, and balancing of message data with the EMI trailer record counts on all data received from CUST. All messages and related data exchanged between BellSouth and CUST will be formatted for EMI formatted records and packed between appropriate EMI header and trailer records in accordance with accepted industry standards.
- 10.2.7 All data received from CUST that is to be processed or billed by another LEC within the BellSouth region will be distributed to that LEC in accordance with the agreement(s) in effect between BellSouth and the involved LEC.
- 10.2.8 All data received from CUST that is to be placed on the CMDS network for distribution outside the BellSouth region will be handled in accordance with the agreement(s) in effect between BellSouth and its connecting contractor, currently Telcordia.
- 10.2.9 BellSouth will receive messages from the CMDS network that are destined to be processed by CUST and will forward them to CUST on a daily basis for processing.
- 10.2.10 CMDS data between BellSouth and CUST will be distributed via CONNECT:DIRECT file delivery. Data will be created on a daily basis Monday through Friday, except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium.
- 10.2.11 CONNECT:DIRECT, file delivery requires data circuits (private line or dial-up) between BellSouth and CUST for the purpose of data transmission. Where a dedicated line is required, CUST will be responsible for ordering the circuit, overseeing its installation and coordinating the installation with BellSouth. CUST will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit successfully ongoing will be negotiated on an individual case basis. Any costs incurred for such equipment will be CUST's responsibility. All equipment, including modems and software, that is required on the CUST end for the purpose of data transmission will be the responsibility of CUST.
- 10.2.12 CUST will maintain recorded message detail necessary to recreate files provided to BellSouth for a period of three (3) calendar months beyond the related message dates.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

10.2.13 In the event that data to be exchanged between CUST and BellSouth via CMDS should become lost or destroyed, the Party responsible for creating the data will make every effort to restore and retransmit such data. Should an error be detected by the EMI format edits performed by BellSouth on data received from CUST, the entire pack containing the affected data will not be processed by BellSouth. BellSouth will notify CUST of the error. CUST will correct the error(s) and will resend the entire pack to BellSouth for processing. In the event that an out-of-sequence condition occurs on subsequent packs, CUST will resend these packs to BellSouth after the pack containing the error has been successfully reprocessed by BellSouth.

### 10.3 Intercompany Settlements Messages

10.3.1 BellSouth will receive the monthly NICS and CATS reports from Telcordia on behalf of CUST and will distribute copies of these reports to CUST on a monthly basis.

10.3.2 Through CATS BellSouth will collect the revenue earned by CUST from the RBOC in whose territory the messages are billed, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUST. BellSouth will remit the revenue billed by CUST to the RBOC in whose territory the messages originated, less a per message billing and collection fee of five cents (\$0.05), or such other amount as may be approved by the Direct Participants and Telcordia, on behalf of CUST. These two amounts will be netted together by BellSouth and the resulting charge or credit issued to CUST via a Carrier Access Billing System (CABS) miscellaneous bill on a monthly basis in arrears.

10.3.3 Through NICS BellSouth will collect the revenue earned by CUST within the BellSouth territory from another LEC also within the BellSouth territory (NICS) where the messages are billed, less a per message billing and collection fee of five cents (\$0.05), on behalf of CUST. BellSouth will remit the revenue billed by CUST within the BellSouth region to the LEC also within the BellSouth region, where the messages originated, less a per message billing and collection fee of five cents (\$0.05). These two amounts will be netted together by BellSouth and the resulting charge or credit issued to CUST via a CABS miscellaneous bill on a monthly basis in arrears.

10.3.4 BellSouth and CUST agree that monthly-netted amounts of less than fifty dollars (\$50.00) will not be settled.

## 11. Rates

11.1 For ODUF, ADUF and CMDS rates are as set forth in Exhibit A to this Attachment.

BST 03/21/05

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

**12. Branding via Originating Line Number Screening (OLNS)**

- 12.1 Where CUST is purchasing Wholesale Switch Port Services or Wholesale Local Platform Services hereunder, BellSouth Branding, Unbranding and Custom Branding are also available for DA, OCP or both via OLNS software. When utilizing this method of Unbranding or Custom Branding, CUST shall not be required to purchase dedicated trunking.
- 12.2 BellSouth Branding is the default branding offering.
- 12.3 For BellSouth to provide Unbranding or Custom Branding via OLNS software for OCP or for DA, CUST must have its Operating Company Number (OCN(s)) and telephone numbers reside in BellSouth's LIDB. To implement Unbranding and Custom Branding via OLNS software, CUST must submit a manual order form which requires, among other things, CUST's OCN and a forecast, pursuant to the appropriate BellSouth form provided, for the traffic volume anticipated for each BellSouth TOPS during the peak busy hour. CUST shall provide updates to such forecast on a quarterly basis and at any time such forecasted traffic volumes are expected to change significantly. Upon CUST's purchase of Unbranding or Custom Branding using OLNS software for any particular TOPS, all CUST End Users served by that TOPS will receive the Unbranded "no announcement" or the Custom Branded announcement.
- 12.4 Upon receipt of the custom branding order from CUST, the order is considered firm after ten (10) business days. Should CUST decide to cancel the order, CUST must provide written notification to CUST's Local Contract Manager. If CUST decides to cancel after ten (10) business days from receipt of the custom branding order, CUST shall pay all charges per the order. For branding and unbranding via Originating Line Number Screening (OLNS), CUST must contact its account team to initiate the order via the OLNS Branding Order form.

**13. Wholesale Operator Call Processing Services**

- 13.1 BellSouth's Wholesale Operator Call Processing (OCP) provides: (1) operator handling for call completion (for example, collect, third number billing, and manual calling card calls); (2) operator or automated assistance for billing after the End User has dialed the called number (for example, calling card calls); and (3) special services including but not limited to Busy Line Verification and Emergency Line Interrupt (ELI), Emergency Agency Call, and Operator-assisted Directory Assistance.
- 13.2 Upon request for OCP, BellSouth shall:
- 13.3 Process 0+ and 0- dialed local calls.

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 13.4 Process 0+ and 0- intraLATA toll calls.
- 13.5 Process calls that are billed to CUSTOMER End User's calling card that can be validated by BellSouth.
- 13.6 Process person-to-person calls.
  - 13.6.1 Process collect calls.
  - 13.6.2 Provide the capability for callers to bill to a third party and shall also process such calls.
  - 13.6.3 Process station-to-station calls.
  - 13.6.4 Process Busy Line Verify and Emergency Line Interrupt requests. Rates are set forth under Inward Operator Services in Exhibit 1 of this Attachment.
  - 13.6.5 Process emergency call trace originated by a PSAP.
  - 13.6.6 Process operator assisted directory assistance calls.
  - 13.6.7 Adhere to equal access requirements, providing CUSTOMER local End Users the same IXC access as provided to BellSouth End Users.
  - 13.6.8 Exercise at least the same level of fraud control in providing operator service to CUSTOMER that BellSouth provides for its own operator service.
  - 13.6.9 Perform Billed Number Screening when handling collect, person-to-person, and billed-to-third-party calls.
  - 13.6.10 Direct customer account and other similar inquiries to the customer service center designated by CUSTOMER.
  - 13.6.11 Provide call detail records to CUSTOMER via the Optional Daily Usage File described in this Attachment.
  - 13.6.12 The interface requirements shall conform to the interface specifications for the platform used to provide Operator Services as long as the interface conforms to industry standards.
  - 13.6.13 BellSouth will provide access to OCP Service at the rates set forth in Exhibit A of this Attachment.

#### 14. **Wholesale Directory Assistance Service**

- 14.1 BellSouth's Wholesale Directory Assistance (DA) Service provides local and non-local End User telephone number listings with the option to complete the call at

BST 03/21/05

07/07/04

Confidential and proprietary. May not be used or disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

the caller's direction separate and distinct from Wholesale Switch Ports Services or Wholesale Local Platform Services.

- 14.2 BellSouth will provide access to DA Service at the rates set forth in Exhibit A of this Attachment.
- 14.3 DA Service shall provide up to two listing requests per call. If available and if requested by CUSTOMER's End User, BellSouth shall provide caller-optional directory assistance call completion service to one of the provided listings.
- 14.4 DA Service Updates. BellSouth shall update End User listings changes daily. In addition, BellSouth will provide service to CUST on a nondiscriminatory basis not to exceed the service level it provides to itself and its end users. This does not impose an obligation on BellSouth to exceed the service level it provides to itself and its end users. These changes include:
  - 14.4.1 New End User connections;
  - 14.4.2 End User disconnections;
  - 14.4.3 End User address changes.
  - 14.4.4 These updates shall also be provided for non listed and non published numbers for use in emergencies.

DS0 Wholesale Local Voice Platform Services - Enterprise Market															
Note: (E: Date) in the description of the service or USOC indicates the effective date for the corresponding rate.															
> End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to the DS0 Wholesale Local Voice Platform except for the Coin Service which has a flat rate usage charge (USOC: URECU).															
> For New Installations the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Conversions, the Nonrecurring charges are listed in the NRC - Conversion section. Additional NRCs may apply also and are categorized accordingly.

DS0 Wholesale Local Voice Platform Services - Enterprise Market														
Note: (E: Date) in the description of the service or USOC indicates the effective date for the corresponding rate.														
> End Office and Tandem Switching Usage and Common Transport Usage rates in the Port section of this rate exhibit shall apply to the DS0 Wholesale Local Voice Platform except for the Coin Service which has a flat rate usage charge (USOC: URECU).														
> For New Installations the Nonrecurring charges are listed in the First and Additional NRC columns for each Port USOC. For Conversions, the Nonrecurring charges are listed in the NRC - Conversion section. Additional NRCs may apply also and are categorized accordingly.

## **PRE-ORDERING, ORDERING, PROVISIONING AND MAINTENANCE AND REPAIR**

### **1. Guidelines**

- 1.1 The guidelines for pre-ordering, ordering, provisioning and maintenance and repair are set forth in Exhibit A hereto.
- 1.2 BellSouth shall provide CUST pre-ordering, ordering, provisioning and maintenance and repair capabilities through manual and electronic interfaces as described in this Attachment ("Interfaces"). It is the sole responsibility of CUST to obtain the technical capability to access and utilize BellSouth's Interfaces as they may be modified from time to time. CUST's use of BellSouth's Interfaces shall be in accordance with the applicable guides, business rules and specifications set forth in Exhibit A hereto.
- 1.3 CUST's Use of BellSouth's Operational Support Systems (OSS)
- 1.3.1 BellSouth shall provide to CUST access to its OSS and the necessary information contained therein in order that CUST can perform the functions of pre-ordering, ordering, provisioning, maintenance and repair, and billing for the specific Services provided pursuant to this Agreement. BellSouth shall provide such access through electronic and/or manual interfaces, which are listed on the BellSouth Interconnection Web site. It is the sole responsibility of CUST to obtain the technical capability to access and utilize BellSouth's OSS. BellSouth shall make available to CUST all relevant documentation (manuals, user guides, specifications, etc.) regarding business rules and other formatting information, as well as practices and procedures, necessary to ensure that local service requests ("LSRs") are efficiently processed. All documentation is accessible on the BellSouth Interconnection Web site, and is incorporated herein by reference.
- 1.3.2 Further, BellSouth shall provide to CUST any manual processes available to other CLECs for pre-ordering, ordering, provisioning, and billing functions via BellSouth's Local Service Center, and for repair and maintenance functions through BellSouth's Local Operations Center.
- 1.4 Notwithstanding anything to the contrary in any guides, business rules or other specifications, listed or referenced in Exhibit A, CUST shall have no right to submit requests, vote on issues, or otherwise participate in BellSouth's Change Control Process with respect to the Services hereunder. However, to the extent necessary, CUST shall submit issues regarding system interfaces and enhancements, documentation defects, and process changes to a designated single

Version: 07/07/04 Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

point of contact, which will present such issues to be addressed in the appropriate forum for resolution.

- 1.5 BellSouth will provide CUST with access to its OSS twenty-four (24) hours a day, seven (7) days a week, less reasonable periods required for regular maintenance and scheduled downtime. BellSouth will use its best efforts to perform maintenance and to schedule downtime during evening hours and on weekends, and will post its scheduled downtime on the BellSouth interconnection website. At a minimum, BellSouth shall provide CUST fifteen (15) calendar days advance notice of any scheduled maintenance.
- 1.6 BellSouth and CUST will utilize standard industry formats and data elements developed by the Alliance for Telecommunications Industry Solutions (“ATIS”), including without limitation to the Ordering and Billing Forum (“OBF”) (“ATIS and its associated committees”). Where standard industry formats and data elements are not developed by ATIS and its associated committees, BellSouth and CUST will use the appropriate process to address the specific format or data element requirements.

## **2. Pre-Ordering**

- 2.1 BellSouth shall provide to CUST electronic access to its OSS and the information contained therein such that CUST can perform the following pre-ordering functions: service address validation, telephone number selection, service and feature availability, due date information, dispatch and available installation appointments, PIC options for intraLATA and interLATA toll, and end user CUST service record (“CSR”) information. Specifications for access and use of BellSouth's electronic pre-ordering interfaces are set forth at BellSouth's Interconnection Services website and are incorporated herein by reference.
- 2.1.1 Loop make-up information is not necessary for the Services offered pursuant to this Agreement and, although the function may be available as a pre-ordering function of the Interfaces, CUST is not authorized to receive loop make-up information pursuant to this Agreement. CUST shall not request loop make-up information for Services under this Agreement and shall indemnify BellSouth against any claims, loss, damage or other expenses arising as a result of CUST requesting loop make-up.
- 2.2 CUST shall provide to BellSouth access to the same type of CSR information, where available, that BellSouth makes available to CUST, including circuit numbers associated with each telephone number where applicable. CUST shall provide such information within four (4) hours after request via electronic access when and where electronic access becomes available. E-mail and facsimile requests are not considered electronic access for the purposes of this agreement. If electronic access is not available, and e-mail or facsimile requests are sent by

BellSouth, CUST shall provide to BellSouth paper copies of CSR information, via email or facsimile, to an address designated by BellSouth, unless otherwise agreed to by BellSouth including circuit numbers associated with each telephone number where available. CUST will provide the CSR within 48 hours of the request (weekends and holidays excluded).

- 2.3 BellSouth will provide access to CSR information where CUST has the appropriate authorization from the CUST. CUST represents and warrants that it has obtained any customer authorization or approval (written, verbal or electronic) required by Applicable Law in order to receive such information. CUST shall receive and retain such information in conformance with the requirements of 47 USC 222 (and implementing FCC regulations thereunder). CUST shall not be required to present to BellSouth prior written authorization from each Customer before being allowed access to CSR information. CUST will issue to BellSouth a blanket letter of authorization (“LOA”) that states that CUST will obtain the customer’s permission before accessing customer records, and CUST will retain authorizations from its customers. BellSouth reserves the right to monitor CUST’S access to CSR information. If BellSouth determines that CUST is accessing CSR information without having obtained proper customer authorization, BellSouth, will provide reasonable notice to CUST of such determination, and request that CUST take corrective action to cease such use. In the event that CUST does not cease such use, BellSouth may take corrective action, including, but not limited to, suspension or termination of CUST’s access to BellSouth's interfaces. If CUST disagrees with BellSouth's determination of improper access to CSR information, CUST may proceed pursuant to the dispute resolution provisions set forth in the General Terms and Conditions.

### **3. Ordering**

- 3.1 BellSouth will provide to CUST electronic access to OSS for the purpose of exchanging ordering information, including BellSouth provided Functional Acknowledgements, Firm Order Confirmation, Clarifications, Jeopardies, Completion Notices, and Billing Completion Notices. Specifications for access and use of BellSouth's electronic ordering interfaces as well as changes to such specifications are set forth on the BellSouth Interconnection Web site and are incorporated herein by reference.
- 3.2 CUST shall place orders for Services by submitting a local service request (“LSR”) to BellSouth. BellSouth shall bill CUST an electronic service order charge as specified in Exhibit C hereto for each LSR submitted by means of an electronic Interface. BellSouth shall bill CUST a manual service order charge as specified in Exhibit C hereto for each LSR submitted by means other than the electronic Interfaces (e.g. mail, fax, courier, etc.). An individual LSR will be identified for billing purposes by its Purchase Order Number (“PON”). CUST shall use its best efforts to utilize BellSouth’s electronic interfaces. In the event that BellSouth's electronic interfaces are unavailable or unable to process electronic requests that

Version: 07/07/04 Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

normally have electronic ordering capability, and such occasion is due to system failures or internal program issues, and thereby causing CUST to submit a manual request, CUST shall be entitled to an electronic ordering charge as set forth in this Agreement.

- 3.3 CUST may submit an LSR to request that an End User's service be temporarily suspended or denied, or restored. Alternatively, CUST may submit a spreadsheet of such End Users if CUST provides a separate PON for each location on the list. Each separate PON will be billed a manual LSR submission charge. Each spreadsheet submitted by CUST shall be considered a separate project, and shall be negotiated with BellSouth, on an individual project basis, regarding PON volumes, due dates, and project completion date. Due dates on restoral orders will be assigned based on the Due Date interval guide located at the BellSouth Interconnection Services website.
- 3.4 BellSouth will provide CUST with a Firm Order Confirmation ("FOC"). The FOC will provide CUST with the BellSouth order number, the negotiated service due date, telephone/circuit numbers (as applicable to the service). Additional specific data may also be provided, if appropriate.
- 3.5 When CUST orders Services and Elements electronically pursuant to this Agreement, BellSouth shall provide all applicable responses, notifications and other communications electronically. When CUST orders Services and Elements manually pursuant to this Agreement, BellSouth shall provide all applicable responses, notifications and other communications in the same manner in which it was submitted.
- 3.6 BellSouth will bill the electronic or manual service order charge, as applicable, for an LSR, regardless of whether that LSR is later supplemented, clarified or cancelled.
- 3.7 Notwithstanding the foregoing, BellSouth will not bill the electronic or manual service order charges for supplements to any LSR submitted to clarify, correct, change or cancel a previously submitted LSR.
- 3.8 LSRs submitted pursuant to this Agreement and placed in hold or pending status by CUST will be held for a maximum of thirty (30) days from the date the LSR is placed on hold. After such thirty (30) day period, CUST shall be required to submit a new LSR. LSRs that are not complete and correct ("valid") will be returned to CUST for correction or clarification and will be held for thirty (30) days. If CUST does not return a supplement to create a valid LSR within thirty (30) days, BellSouth will cancel the invalid LSR.

#### **4. Provisioning**

Version: 07/07/04 Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

- 4.1 BellSouth shall provision Services during its regular working hours. To the extent CUST requests and is granted Project Management provisioning of Service to be performed outside BellSouth's regular working hours, or the work so requested requires BellSouth's technicians or Project Manager to work outside of regular working hours, the overtime charges set forth in BellSouth's State E Tariff, Section 13.2, shall apply. Notwithstanding the foregoing, if such work is performed outside of regular working hours by a BellSouth technician or Project Manager during his or her scheduled shift and BellSouth does not incur any overtime charges in performing the work on behalf of CUST, BellSouth will not assess overtime charges. To the extent CUST requests project management for provisioning of Services under this Agreement, additional charges may apply and shall be negotiated by the Parties.
- 4.2 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUST (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUST for each additional dispatch required to provision the Service due to the incorrect/incomplete information provided. BellSouth will assess the applicable Trouble Determination rates from BellSouth's tariff.
- 4.3 Cancellation Charges. If CUST cancels an LSR subsequent to BellSouth's generation of a service order, any costs incurred by BellSouth in conjunction with the provisioning of Services as requested on the cancelled LSR will be recovered in accordance with the cancellation methodology set forth in Exhibit B.
- 4.4 Service Date Advancement Charges (a.k.a. Expedites). Service Date Advancement charges will apply where CUST requests that Services be provisioned prior to the due date provided by BellSouth, and where BellSouth agrees to an expedited provisioning time frame. Charges shall be as set forth in Exhibit C.

## **5. Maintenance and Repair**

- 5.1 BellSouth will make Interfaces available to CUST for the purpose of reporting and monitoring service troubles. CUST's use of BellSouth's maintenance and repair Interfaces shall be in accordance with the applicable guides, business rules and specifications for maintenance and repair as set forth in Exhibit A hereto.
- 5.2 If CUST reports a trouble on a DS0 Wholesale Local Voice Platform Service and no trouble actually exists in BellSouth's network, BellSouth will charge CUST the Trouble Determination and/or Trouble Isolation charges, as appropriate, as set forth in BellSouth's tariff for any dispatching and testing (both inside and outside the CO) required by BellSouth in order to confirm the Service's working status.
- 5.3 In the event BellSouth must dispatch to the End User's location more than once due to incorrect or incomplete information provided by CUST (e.g., incomplete address, incorrect contact name/number, etc.), BellSouth will bill CUST for each

Version: 07/07/04 Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

additional dispatch required to repair the Service due to the incorrect/incomplete information provided. BellSouth will assess the applicable Trouble Determination rates from BellSouth's tariffs.

## **6. Miscellaneous**

6.1 Single Point of Contact. CUST will be the single point of contact with BellSouth for ordering activity pursuant to this Agreement, except that BellSouth may accept a request directly from another CLEC, or from BellSouth, acting with authorization of the affected End User, to disconnect the Services provided hereunder in order to permit the End User to change service providers, as described in Section 6.3 below. CUST shall execute a blanket letter of authorization with respect to CUST's ordering activity so that prior proof of End User authorization will not be necessary with every LSR (except in the case of a local service freeze). The Parties shall each be entitled to adopt their own internal processes for verification of End User authorization for requests, provided, however, that such processes shall comply with applicable state and federal law and industry and regulatory guidelines.

6.2 CUST shall not prevent or delay an End User from changing to another carrier because of unpaid bills, denied service, or contract terms.

6.3 Use of Facilities. Pursuant to a request from an End User of CUST, or from another local exchange carrier (LEC), including BellSouth, on behalf of such End User, BellSouth shall have the right to disconnect the Services being used by CUST to provide Service to that End User and reuse those facilities to enable such other LEC to provide service to that End User. In addition, BellSouth may disconnect and reuse facilities when the Service to the End User has been withheld or denied by CUST, or by BellSouth in accordance with the terms of this Agreement, and BellSouth has received a request from an End User or another LEC to establish new or additional service at, or to transfer service to, the same address served by that facility. BellSouth will notify CUST that such a request has been processed after the order disconnecting CUST's Service to that End User has been completed. Such notification will be provided to CUST via Line Loss Notification reporting. CUST shall have the option of using any method of retrieving line loss notifications made available by BellSouth during the term of this agreement. If BellSouth makes the decision to retire any such methods of line loss notification retrieval, BellSouth will provide appropriate advance notice of such retirement to allow for transition and assurance of data integrity.

6.4 Contact Numbers. The Parties agree to provide one another with toll-free nation-wide (50 states) contact numbers for the purpose of ordering, provisioning and maintenance of Services.

6.5 Subscription Functions. In cases where BellSouth performs subscription functions for an interexchange carrier (IXC) (i.e., where BellSouth changes the End User

Preferred Interexchange Carrier (PIC) and End User Local Preferred Interexchange Carrier (LPIC) via CUST Account Record Exchange (CARE)), BellSouth will provide the affected IXCs with the Operating Company Number (OCN) of CUST for the purpose of obtaining End User billing account and other End User information required under subscription requirements.

6.6 PIC and LPIC Charges. When CUST's End User, served utilizing DS0 Wholesale Local Voice Platform Services or DS0 Wholesale Switch Port Services, changes its PIC or LPIC, and per BellSouth's FCC or state tariff, the IXC elects to charge the End User the PIC or LPIC change charge, BellSouth will bill the PIC or LPIC change charge to CUST, which has the billing relationship with that End User, and CUST may pass such charge to the End User.

6.7 BellSouth shall administer all OSS testing in accordance with published testing processes as set forth in the CLEC Pre-Ordering/Ordering Interface Testing Practices and Procedures. This document is accessible at BellSouth's Interconnection Services website. This process may be amended from time to time.

6.7.1 When the BellSouth testing environment is available, BellSouth will support regression testing to assure systems integrity.

## 7. **Rates**

Unless otherwise specified herein, charges for the use of BellSouth's Interfaces, and other charges applicable to preordering, ordering, provisioning and maintenance and repair, shall be as set forth in Exhibit C to this Attachment. In the event CUST modifies the rates or rate structure for use of BellSouth's manual or electronic interfaces in any other agreement with BellSouth, then upon BellSouth's request, CUST shall amend this Agreement to reflect the same rates or rate structure. In the state of Tennessee, manual service order charges shall apply on a per element, non-recurring basis as identified in Exhibit A of Attachment 1 in lieu of the per LSR manual service order charge set forth in Exhibit C hereto.

## **Guides, Business Rules and Specifications**

**The applicable guides, business rules and specifications are set forth on the BellSouth Interconnection Services web site and include, but are not limited to, the following:**

BellSouth Local Ordering Handbook (LOH)

CLEC Billing Guide

CLEC Service Order Tracking System (CSOTS) User Guide

CLEC Trouble Analysis Facilitation Interface (TAFI) User Guide

CLEC Universal Service Order Code (USOC) Manual

Electronic Communications Trouble Administration (ECTA) Start-Up Guide

Electronic Data Interchange (EDI) Specifications Guide

Local Exchange Navigation System (LENS) User Guide

Operational Understanding

Telecommunications Access Gateway (TAG) User Guide

### Cancellation Charge Percentage Matrix

DS0 Wholesale Local Voice Platform Services	Basic Class of Service	Percentage billed if the status of the order is:	Percentage billed if the order is cancelled <i>before the Due Date</i> and the status of the order is:	Percentage billed <i>on or after the Due Date</i> and:	
		PF or AO	PD	The status of the order is MA or PD	The status of the order is CP or PC, <u>or</u> the CD field has been populated with a date
DS0 Wholesale Local Switch Port (Residence)	UEPSR	0%	25%	100%	The order cannot be cancelled because it has been completed. If the CUSTOMER does not want the service, CUSTOMER must send an LSR to disconnect the Service.
DS0 Wholesale Local Switch Port (Business)	UEPSB	0%	25%	100%	
DS0 Wholesale Local Switch Port (PBX)	UEPSP	0%	25%	100%	
DS0 Wholesale Local Voice Platform (Residence)	UEPRX	0%	25%	100%

**2. BILLING DISPUTES..... 6**

## BILLING

### 1 PAYMENT AND BILLING ARRANGEMENTS

- 1.1 Billing. BellSouth will bill CUST for Services in CABS Billing Output Specification (CBOS) standard format. BellSouth's billing format may change in accordance with applicable industry standards.
- 1.1.1 Subject to Section 5 of the General Terms and Conditions of this Agreement, BellSouth will render bills each month on established bill days for each of CUST's accounts. If CUST requests multiple billing media or additional copies of the bills, BellSouth will provide these at the applicable tariff rate.
- 1.1.2 BellSouth will bill CUST in advance for all Services to be provided during the ensuing billing period except charges associated with Service usage and nonrecurring charges, which will be billed in arrears.
- 1.1.3 BellSouth will not perform billing and collection services for CUST as a result of the execution of this Agreement.
- 1.2 Establishing Accounts. Unless BellSouth elects otherwise, BellSouth will bill for Services using wholesale billing accounts established by BellSouth pursuant to a separate agreement between the Parties. If BellSouth elects to establish a new account under this Agreement for billing Services, or if CUST does not have an appropriate wholesale billing account established under a separate agreement with BellSouth, such account shall be established under this Agreement as follows.
- 1.2.1 After submitting a credit profile and deposit, if required, and after receiving certification as a local exchange carrier from the appropriate Commission, CUST will provide the appropriate BellSouth advisory team/local contract manager the necessary documentation to enable BellSouth to establish accounts for the Services described in this Agreement. Such documentation shall include an application for the establishment of accounts, if applicable, proof of authority to provide Telecommunications Services, the appropriate Operating Company Numbers ("OCN") for each state as assigned by the National Exchange Carriers Association ("NECA"), Carrier Identification Code ("CIC"), Access CUST Name and Abbreviation ("ACNA"), Blanket Letter of Authorization ("LOA"), Misdirected Number form, and a tax exemption certificate, if applicable. Notwithstanding anything to the contrary in this Agreement, CUST may not order Services under a new account established in accordance with this Section 1.2.1 until thirty (30) days after all information specified in this Section 1.2.1 is received from CUST.

- 1.3 Company Identifiers. If CUST needs to change, add to, eliminate or convert its company identifiers, OCN(s), ACNAs and other identifying codes (collectively “Company Identifiers”) under which it operates when CUST has already been conducting business utilizing those Company Identifiers, CUST shall pay all charges as a result of such change, addition, elimination or conversion to the new Company Identifiers. Such charges include, but are not limited to, all time required to make system updates to all of CUST’s End User records, and any other changes to BellSouth systems or CUST records, and will be handled in a separately negotiated agreement or as otherwise required by BellSouth.
- 1.4 Payment Responsibility. Payment of all charges will be the responsibility of CUST. CUST shall make payment to BellSouth for all Services billed. BellSouth will not become involved in billing disputes that may arise between CUST and CUST’s End User. CUST shall pay charges by utilizing wire transfer services or Automatic Clearing House services.
- 1.5 Payment Due. Payment for Services provided is due on or before the next bill date in immediately available funds. Payment is considered to have been made when received by BellSouth.
- 1.6 Due Dates. If the payment due date falls on a Sunday or on a holiday that is observed on a Monday, the payment due date shall be the first non-holiday day following such Sunday or holiday. If the payment due date falls on a Saturday or on a holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-holiday day preceding such Saturday or holiday. If payment is not received by the payment due date, a late payment charge, as set forth in Section 1.8, below, shall apply.
- 1.7 Tax Exemption. It is the responsibility of CUST to provide BellSouth with a properly completed tax exemption certificate at intervals required by the appropriate taxing authorities. A tax exemption certificate must be supplied for each individual CUST entity purchasing Services under this Agreement. Upon BellSouth’s receipt of a properly completed tax exemption certificate, subsequent billings to CUST will not include those taxes or fees from which CUST is exempt. Prior to receipt of a properly completed exemption certificate, BellSouth shall bill, and CUST shall pay all applicable taxes and fees. In the event that CUST believes that it is entitled to an exemption from and refund of taxes with respect to the amount billed prior to BellSouth’s receipt of a properly completed exemption certificate, BellSouth shall assign to CUST its rights to claim a refund of such taxes. If applicable law prohibits the assignment of tax refund rights or requires the claim for refund of such taxes to be filed by BellSouth, BellSouth shall, after receiving a written request from CUST and at CUST’s sole expense, pursue such refund claim on behalf of CUST, provided that CUST promptly reimburses BellSouth for any costs and expenses incurred by BellSouth in pursuing such refund claim, and provided further that BellSouth shall have the right to deduct any

such outstanding costs and expenses from the amount of any refund obtained prior to remitting such refund to CUST. CUST shall be solely responsible for the computation, tracking, reporting and payment of all taxes and fees associated with the services provided by CUST to its End Users.

- 1.8 Late Payment. If any portion of the payment is not received by BellSouth on or before the payment due date as set forth preceding, or if any portion of the payment is received by BellSouth in funds that are not immediately available to BellSouth, then a late payment charge and/or interest charge shall be due to BellSouth. The late payment charge and/or interest charge shall apply to the portion of the payment not received and shall be assessed as set forth in Section A2 of the General Subscriber Services Tariff, Section B2 of the Private Line Service Tariff or Section E2 of the Intrastate Access Tariff, or pursuant to the applicable state law as determined by BellSouth. In addition to any applicable late payment and/or interest charges, CUST may be charged a fee for all returned checks at the rate set forth in Section A2 of the General Subscriber Services Tariff or pursuant to the applicable state law.
- 1.9 Nonpayment by CUST.
- 1.9.1 If payment of undisputed amounts due pursuant to Section 1.5, is not received in immediately available funds by the bill date in the month after the original bill date, BellSouth will provide written notice to CUST that additional applications for Services may be refused, that any pending orders for Services may not be completed, and/or that access to ordering systems may be suspended if payment of such undisputed amounts, and all other undisputed amounts that become past due before refusal, incompleteness or suspension, is not received by wire transfer by the fifteenth day following the date of the notice. In addition, BellSouth may, at the same time, provide written notice to the person designated by CUST to receive notices of noncompliance in Section 1.11 that BellSouth may discontinue the provision of existing Services to CUST if payment of such undisputed amounts, and all other undisputed amounts that become past due before discontinuance, is not received by wire transfer or cashier's check by the thirtieth (30) day following the date of the initial notice.
- 1.9.2 Discontinuance of Services on CUST's account will effect a discontinuance of Services to CUST's End Users. CUST is solely responsible for notifying the End User of the discontinuance of the service. If, within fifteen (15) days after CUST's Services have been discontinued, CUST pays, by wire transfer or cashier's check, all past due charges, including late payment charges set forth in Exhibit A of Attachment 1 and any applicable restoral charges as set forth in Section A4 of the GSST, then BellSouth will reestablish Services for CUST. If, within fifteen (15) days after CUST's Services have been discontinued, CUST has failed to pay all past due charges as described above, then CUST's Services will be disconnected without further notice to CUST. Upon disconnection of Services, this Agreement

shall terminate and all billed charges, as well as applicable damages, shall become due.

1.10 Deposit Policy. CUST shall complete the BellSouth Credit Profile and provide information to BellSouth regarding credit worthiness. Based on the results of the credit analysis, BellSouth reserves the right to secure the account with a suitable form of security deposit. Such security deposit shall take the form of cash, an Irrevocable Letter of Credit (BellSouth form), Surety Bond (BellSouth form) or, in BellSouth's sole discretion, some other form of security proposed by CUST. Any such security deposit shall in no way release CUST from its obligation to make complete and timely payments of its bill. CUST shall pay any applicable deposits prior to the inauguration of Services. If, in the sole opinion of BellSouth, circumstances so warrant and/or gross monthly billing has increased beyond the level initially used to determine the level of security deposit, BellSouth reserves the right to request additional security and/or file a Uniform Commercial Code (UCC-1) security interest in CUST's accounts receivables and proceeds. Interest on a security deposit, if provided in cash, shall accrue and be paid in accordance with the terms in the appropriate BellSouth tariff. Security deposits collected under this Section shall not exceed two (2) months estimated billing. In the event CUST fails to remit to BellSouth any security deposit requested pursuant to this Section, Services to CUST may be disconnected in accordance with the terms of Section 1.9 and any security deposits provided hereunder will be applied to CUST's account(s). In the event CUST fails to remit payment for Services, Services to CUST will be disconnected in accordance with the terms of Section 1.9 above, and any security deposits will be applied to CUST's account.

1.11 Notices. Notwithstanding anything to the contrary in this Agreement, all bills and notices regarding billing matters, including notices relating to security deposits, discontinuance of Services for nonpayment of charges, and rejection of additional orders from CUST, shall be forwarded to the individual and/or address provided by CUST in establishment of its billing account(s) with BellSouth, or to the individual and/or address subsequently provided by CUST as the contact for billing information. All monthly bills and notices described in this Section shall be forwarded to the same individual and/or address. In addition, upon written request from CUST to BellSouth's billing organization, the separate notice of discontinuance of Services purchased by CUST under this Agreement, provided for in Section 1.9.1 of this Attachment, shall be sent via certified mail to the individual(s) listed in the Notices provision of the General Terms and Conditions of this Agreement.

## **2 BILLING DISPUTES**

2.1 CUST shall electronically submit all billing disputes to BellSouth using the Billing Adjustment Request Form (RF 1461) specified by BellSouth, or in a format that is mutually agreeable to by the parties. CUST may submit billing disputes for services

provided pursuant to this Agreement within 365 days of such service being billed. In the event of a billing dispute, the Parties will endeavor to resolve the dispute within sixty (60) calendar days of the notification date. Within ten (10) business days of BellSouth's denial, or partial denial, of the billing dispute, if CUST is not satisfied with BellSouth's resolution of the billing dispute, CUST must pursue the escalation process as outlined in the Billing Dispute Escalation Matrix, set forth on BellSouth's Interconnection Services website, or the billing dispute shall be considered denied and closed.

- 2.2 For purposes of this Section 2, a billing dispute means a reported dispute submitted pursuant to Section 2.1 above of a specific amount of money actually billed by BellSouth. The billing dispute must be clearly explained by CUST and must clearly show the basis for disputing charges. The determination as to whether the billing dispute is clearly explained or clearly shows the basis for disputing charges shall be within BellSouth's sole reasonable discretion. A billing dispute will not include the refusal to pay all or part of a bill or bills, when no written documentation is provided to support the dispute, nor shall a billing dispute include the refusal to pay other amounts owed by the billed Party until the dispute is resolved. Claims by CUST for damages of any kind will not be considered a billing dispute for purposes of this Section. If the billing dispute is resolved in favor of BellSouth, the CUST will make immediate payment of any of the disputed amount owed to BellSouth or BellSouth shall have the right to pursue normal treatment procedures. If BellSouth resolves the billing dispute, in whole or in part, in favor of CUST, any credits and interest due to CUST as a result thereof shall be applied to CUST's account by BellSouth upon resolution of the billing dispute.
- 2.3 To the extent CUST has submitted a valid billing dispute in accordance with the terms of this Agreement, BellSouth will work cooperatively with CUST to resolve the dispute and will provide documentation, including, but not limited to, rates, bill calculation methodology, systems charges, line counts, etc., to support BellSouth's position with respect to the billing dispute.
- 2.4 Subject to BellSouth's security requirements and except as may be otherwise provided in this Agreement, CUST may audit BellSouth's billing data once in each Contract Year for the purpose of evaluating the accuracy of BellSouth's billing and invoicing to CUST with respect to services provided under this Agreement. CUST may employ other persons or firms for this purpose. Such audit shall take place at a place and time agreed upon by the Parties no later than thirty (30) days after notice thereof to BellSouth, and shall be conducted over a reasonable period of time.

- 2.5 BellSouth shall promptly correct any billing error that is revealed in an audit, including making refund of any overpayment by CUST in the form of a credit on the invoice as well as placing a debit on the invoice for underbilling. Any disputes concerning audit results shall be resolved pursuant to the dispute resolution procedures described in Section 15 of the General Terms and Conditions of this Agreement.
- 2.6 If the disputed audit is resolved, in whole or in part, in favor of BellSouth, CUST will make immediate payment of the disputed amounts owed to BellSouth and any interest due. If the disputed audit is resolved, in whole or in part, in favor of CUST, any credits and interest due to CUST as a result thereof shall be promptly applied to CUST's account by BellSouth.
3. Billing Testing Requirements
- 3.1 CUST shall request test tapes at least 180 days prior to any BellSouth software release. If requested by CUST, BellSouth shall send to CUST at least thirty (30) calendar days prior to any BellSouth software release that affect the mechanized bill format, bill data in the appropriate mechanized format for testing to ensure that the bills can be processed and that the bills comply with CBOS standards. After receipt of the test data from BellSouth, CUST will notify BellSouth at least ten (10) days prior to the software release implementation date of any processing problems as a result of the software changes. If the transmission fails to meet CBOS standards, BellSouth shall make the necessary corrections prior to implementation to meet such CBOS standards.

## Attachment 4

### Service Level Commitments (SLCs) for DS0 Wholesale Local Voice Platform Services

Version: SLC 3/15/05

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

**TABLE OF CONTENTS**

**1. Introduction ..... 3**

**2. Reporting Methodology ..... 3**

**3. SLC Methodology ..... 3**

**4. SLC Performance Metric Definitions..... 4**

**5. Calculation of Occurrences and Payment ..... 9**

Service Level Commitments (SLCs)  
for DSO Wholesale Local Voice Platform Services

**1. Introduction**

The SLCs as stated in this Attachment 4 shall become effective and apply to Services ordered during and after the first full calendar month following the Effective Date of the Agreement and shall be applied only to BellSouth’s performance with respect to DSO Wholesale Local Voice Platform Services.

**2. Reporting Methodology**

2.1 BellSouth will self-report CUST service performance data using BellSouth’s internal processes to determine performance metrics for DSO Wholesale Local Voice Platform Services. The reporting period for each metric is a full calendar month. CUST data will be collected and reports will be generated on both a regional and a state specific basis for all metrics. Reports will display all percentages and averages to two decimal points, using standard rounding rules.

2.2 BellSouth will utilize the reports described above to calculate the performance metrics and associated payments for the monthly reporting period. Associated SLC payments if any, will be made electronically to an CUST designated account, within 45 days from the last day of the associated reporting month.

2.3 BellSouth will provide performance metric results by the last business day of the month following the reported month. Results will be posted on the BellSouth Interconnection website at <http://pmap.bellsouth.com>.

**3. SLC Methodology**

3.1 The following SLCs, as defined in this Attachment, will be measured in accordance with the terms and conditions herein. Payments for SLCs, as applicable, shall be paid based upon regional data only within the reporting period. SLCs and applicable remedy payment plan weights are as follows:

3.2 Service Level Commitment Table

Service Level Commitments	Weight
OSS Availability: NA	0%
FOC Timeliness	7.5%
○ Mechanized LSR’s (≤3 hours): > or = 95%	(50%)
○ Partially Mechanized LSR’s (≤10 hours): > or	(50%)

Version: SLC 3/15/05

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

= 90%	
Percent Mechanized Provisioning Completion Notices On Time (<= 24 hours): > or = 97%	7.5%
Installation Appointments Met: > or = 98%	15%
Troubles Within 10 Days of Installation: < or = 2.5%	20%
Trouble Report Rate Net of Installation Reports: < or =2%, < or =3.0% for 2 BellSouth selected months per year	15%
Repair Appointments Met: Dispatch: > or = 94.5%	15% (50%)
Non-dispatch: > or = 97.5%	(50%)
Maintenance Average Duration: (< or =24 hours), < or =32 hours for 2 BellSouth selected months per year	20%

3.3 In the event that BellSouth is able to report OSS Availability results at the CLEC level, CUST may renegotiate the SLC metric weight distribution as outlined in the chart above.

#### 4. SLC Performance Metric Definitions & Calculation

##### 4.1 SLC-1: OSS Availability

4.1.1 SLC-1 measures the percentage of time application is functionally available as compared to its scheduled availability. Calculations are based upon availability of applications and interfacing applications utilized by CLECs for pre-ordering, ordering, and maintenance. Availability percentages for systems utilized by CLECs and for applications accessed by them are captured. "Functional Availability" is defined as the cumulative total number of hours per application/interface in the reporting period that the application/interface components (e.g. mid-range servers, mainframe regions) are available to users. "Scheduled Availability," as documented in the "OSS System Hours of Availability" schedule located on BellSouth's Interconnection website, is defined as the cumulative total number of hours per application/interface in the reporting period that application/interface components are scheduled to be available.

4.1.2 The following exclusions apply: 1) CLEC-impacting troubles caused by factors outside of BellSouth's purview, e.g., troubles in customer equipment, troubles in networks owned by telecommunications companies other than BellSouth, etc. 2) Degraded service outages. These outages are defined as critical functions that are

normally performed by the CLEC or is normally provided by an application or system is available to the CLEC, but with significantly reduced response or processing time.

- 4.1.3 Calculation Specifics: BellSouth will divide the minutes the OSS is Functionally available by the minutes the OSS is scheduled to be available and multiply by 100 to compute the Percent Availability.

OSS Interface Availability (Pre-Ordering/Ordering)

Interface Availability (Full Outages) =  $[(a - b) / a] \times 100$

a = Scheduled Availability Minutes

b = Full Outage Minutes

## 4.2 **SLC-2: FOC Timeliness**

- 4.2.1 SLC-2 measures the percentage of Local Service Requests (LSRs) confirmed through the return of a FOC within the specified confirmation interval during the reporting period. The interval for return of a FOC is measured by the elapsed time from BellSouth's receipt of a valid (complete and correct) fully mechanized LSR (date and time stamped in ordering interface gateways) and partially mechanized (date and time stamped in ordering interface gateways) until BellSouth processes the LSR, generates appropriate service orders and returns a FOC to CUST via ordering interface gateways. When multiple FOCs occur on a single LSR, the first FOC is used to measure the interval. Results will be reported separately for fully mechanized LSRs and partially mechanized LSRs.

- 4.2.2 The following exclusions apply: 1) LSRs that are identified as Projects as defined in BellSouth's Local Ordering Handbook, as amended from time to time; 2) Test Transactions/Records; 3) LSRs cancelled by CUST prior to a FOC being returned; 4) Scheduled OSS Maintenance; and 5) Non-Business hours and holidays for Partially Mechanized LSRs; 6) Non-Mechanized LSRs (submitted and processed manually).

- 4.2.3 BellSouth will divide (i) the number of CUST LSRs, disaggregated for fully and partially mechanized LSRs, submitted for which a FOC is returned within the specified interval during the reporting period by (ii) the total number of CUST LSRs confirmed in the reporting period.

Firm Order Confirmation Interval = (a - b)

a = Date and time of Firm Order Confirmation

b = Date and time of service request receipt

Percent within Interval =  $(c / d) \times 100$

c = Sum of service requests confirmed within the specified confirmation interval (sum of service requests where the confirmation interval (a-b) is less than or equal to the specified confirmation interval in the Service Level Commitment Table (3.1))

d = Total service requests confirmed in the report period

#### 4.3 **SLC-3: Percent Mechanized Provisioning Completion Notices On Time**

4.3.1 SLC-3 measures the Completion Notice Interval, which is the elapsed time between the BellSouth reported completion of work and the issuance of a valid provisioning completion notice to the CLEC.

4.3.2 The following exclusions apply: 1) Cancelled Service Orders, 2) Order Activities of BellSouth or the CLEC associated with internal or administrative use of local services (Record Orders, Test Orders, etc., which may be coded C, N, R, or T, 3) Disconnect Orders 4) Listing Orders

4.3.3 Calculation Specifics: BellSouth will divide (i) the number of CLEC service orders within the reporting period with a completion notice returned within one (1) day by (ii) the total number of CLEC service orders for which a completion notice is returned in the reporting period. The start time for all orders is the completion stamp either by the field technician or the 5PM due date stamp; the end time for mechanized orders is the time stamp the notice was transmitted to the CLEC interface (LENS, EDI, OR TAG).

Completion Notice Interval = (a - b)

a = Date and time of notice of completion

b = Date and time of work completion

Percent Completion Notices Within Interval =  $c / d \times 100$

c = Sum of all completion notice within interval

d = Number of orders with notice of completion in the reporting period

#### 4.4 **SLC-4: Installation Appointments Met**

4.4.1 SLC-4 measures the percentage of total completed installation service orders for which BellSouth meets the committed due date for service orders completed in the reporting period. BellSouth is considered to have met the committed due date unless the installation date is later than the committed due date and the missed installation appointment is due to a BellSouth reason. The SLC-4 metric only applies to the first committed due date, regardless of whether subsequent committed due dates are established for the same service order. Calculation of SLC-4 includes service orders requiring dispatches and service orders not requiring dispatches.

4.4.2 The following exclusions apply: 1) Cancelled service orders; 2) Order activities of BellSouth or CUST associated with internal or administrative use of local services (e.g. Record Orders, Test Orders, etc., which may be order types C, N, R or T); 3) Disconnect orders; and 4) Listing orders

- 4.4.3 BellSouth will divide (i) the number of CUST installation service orders completed within the reporting period on or before the committed due date by (ii) the total number of CUST installation service orders completed within the reporting period.

Percent Installation Appointments Met =  $(a / b) \times 100$

a = Number of orders where the installation appointment is met

b = Total number of orders completed during the reporting period

#### 4.5 **SLC-5: Troubles Within 10 Days of Installation**

- 4.5.1 SLC-5 measures the percentage of provisioning troubles within 10 days of Service Order completion. Troubles associated with the installation of new features are included.

- 4.5.2 The following exclusions apply: 1) Canceled Service Orders; 2) Order Activities of BellSouth or the CLEC associated with internal or administrative use of local services (Record Orders, Listing Orders, Test Orders, etc., which may be coded C, N, R, or T); 3) Test OK, Found OK, and other troubles not isolated to network troubles (e.g. Disposition Codes 7, 8, and 9); 4) Disconnect Orders; 5) Trouble reports caused and closed out to Customer Provided Equipment (CPE) or CLEC Equipment Trouble

- 4.5.3 Calculation Specifics: When the completed service order is matched to a trouble report, it is uniquely counted one time in the numerator. Candidates are identified by searching the prior report period for all completed service orders and then searching for all trouble reports received within 10 days of the service order completion date and dividing this number by the number of service orders completed during the prior reporting period..

Percent Provisioning Troubles within 10 Days of Service Order Completion =  
 $(a / b) \times 100$

a = Total completed orders receiving a trouble report within 10 days of the service order(s) completion

b = All service orders completed in the previous reporting period

#### 4.6 **SLC-6: Trouble Report Rate Net of Installation Reports**

- 4.6.1 Percent of initial and repeated customer direct or referred troubles reported within a calendar month per 100 lines/circuits in service, less any troubles included in Measurement SLC 5 above. Troubles associated with the installation of new features are included.

- 4.6.2 The following exclusions apply: 1) Troubles within 10 days of installation, 2) Trouble tickets canceled at the CLEC request; 3) BellSouth trouble reports

associated with internal or administrative service; 4) Test OK, Found OK, and other troubles not isolated to network troubles (Disposition Codes 7, 8, and 9; 5) Customer Provided Equipment (CPE) troubles or CLEC Equipment Trouble.

#### 4.6.3 Calculation Specifics:

Customer Trouble Report Rate Net of Installation Reports =  $(a / b) \times 100$

a = Count of initial and repeated customer trouble reports closed in the current reporting period minus troubles reported in SLC 5.

b = Number of lines in service at end of the reporting period

#### 4.7 **SLC-7: Repair Appointments Met**

4.7.1 SLC-7 measures the percentage of closed CUST trouble reports within the reporting period where the service is resolved as repaired by the committed date and time. Calculation of the metric includes repairs requiring dispatch and repairs not requiring dispatch. Results will be reported separately for dispatch and non-dispatch.

4.7.2 The following exclusions apply: 1) CUST trouble reports cancelled at CUST's request; 2) BellSouth trouble reports associated with internal or administrative service; 3) Customer (End User) Provided Equipment (CPE) or CUST equipment troubles; and 4) Informational trouble tickets.

4.7.3 BellSouth will divide (i) the number of closed CUST trouble reports within the reporting period that were resolved as repaired by the committed date and time by (ii) the total number of closed CUST trouble reports within the reporting period that were resolved as repaired. Results will be reported separately for dispatch and non-dispatch

Percentage of Repair Appointments Met =  $(a / b) \times 100$

a = Count of customer troubles cleared by the quoted commitment date and time

b = Total customer trouble reports closed in the reporting period

#### 4.8 **SLC-8: Maintenance Average Duration**

4.8.1 SLC-8 measures the average duration of closed CUST trouble reports in the reporting period. The duration of a trouble report starts on the date and time of receipt of a trouble report and stops on the date and time the service is resolved as repaired and closed to CUST. Calculation of the metric includes trouble reports requiring dispatches and trouble reports not requiring dispatches. Troubles associated with the installation of new features are included.

4.8.2 The following exclusions apply: 1) CUST trouble tickets cancelled at CUST's request; 2) Test OK, Found OK, and other troubles not isolated to network

Version: SLC 3/15/05

Confidential and proprietary. May not be disclosed outside of BellSouth. Subject to Nondisclosure Agreement.

troubles (e.g. Disposition Codes 7, 8, and 9; 3) Customer (End User) Provided Equipment (CPE) or CUST equipment troubles; 4) Informational trouble tickets. 5) Troubles when the CUSTOMER requests a longer repair window than the offered repair window; 6) Excludes Delayed Maintenance & No Access time

- 4.8.3 BellSouth will add the maintenance duration (as defined in Section 4) of each trouble report received from CUST, and divide that number by the total number of CUST trouble reports closed during the reporting period to determine the Maintenance Average Duration for CUST.

Maintenance Duration = (a - b)

a = Date and time of service restoration

b = Date and time customer trouble ticket was opened

Average Maintenance Duration = (c / d)

c = Total of all maintenance durations in the reporting period

d = Total closed customer troubles in the reporting period

## 5. Calculation of SLC Payment

The metrics described above shall be calculated and the payments, if any, to CUST shall be determined as follows:

- 5.1.1 An individual measurement index is calculated for each metric/sub-metric identified in Section 3. To calculate the measurement index for each metric/sub-metric with the exception of SLC-5 Troubles Within 10 Days of Installation, SLC-6 Trouble Report Rate Net of Installation Reports, and SLC-8 Maintenance Average Duration, subtract benchmark from monthly performance. If positive, set to zero. If negative, divide result by (100% - benchmark). If there are fewer than 30 occurrences for an individual sub-metric, remove the sub-metric from the measurement index and redistribute the weights proportionally to the other sub-metric for the given measurement.
- 5.1.2 To calculate the measurement index for the SLC-5 Troubles Within 10 Days of Installation and SLC-6 Trouble Report Rate Net of Installation Reports metrics, subtract monthly performance from benchmark. If positive, set to zero. If negative, divide result by benchmark. If there are fewer than 30 occurrences for an individual sub-metric, remove the sub-metric from the measurement index and redistribute the weights proportionally to the other sub-metric for the given measurement.
- 5.1.3 To calculate the measurement index for the SLC-8 Maintenance Average Duration metric, subtract monthly performance from benchmark. If positive, set to zero. If negative, divide result by benchmark. If there are fewer than 30 occurrences for an individual sub-metric, remove the sub-metric from the measurement index and

redistribute the weights proportionally to the other sub-metric for the given measurement.

- 5.1.5 If there are fewer than 30 occurrences for an individual metric, remove the sub-metric from the measurement index.
- 5.1.6 Calculate an overall SLC index multiply each individual metric/sub-metric by its respective metric/sub-metric weight in Section 3 and sum the products.
- 5.1.7 Obtain the current month remedy conversion factor from the table below; by comparing the overall monthly SLC index to the values within the index column and determining the associated conversion factor.

Index	Conversion Factor
Less than 0.02	0.0000
0.02 to less than 1.00	0.0500
1.00 to less than 2.00	0.0625
2.00 to less than 3.00	0.0750
3.00 to less than 4.00	0.0875
4.00 or greater	0.1000

- 5.1.8 The financial remedy is calculated by multiplying the overall monthly SLC index times the conversion factor times CUST total monthly-billed bill for Wholesale Local Platform & Local Switching products and services contained within this agreement.
- 5.1.9 The overall financial liability of the SLC is limited by Section 11.3 of the General Terms and Conditions of the Agreement. Performance payments shall not be paid in the event of a Force Majeure condition, as described in Section 18 of the General Terms and Conditions of this Agreement.

**Attachment 5**

**Alternative Dispute Resolution**

- 1.1 Alternative Dispute Resolution. General
- 1.1.1 Purpose: This Attachment sets forth the agreement of the Parties regarding the use of Alternative Dispute Resolution (ADR) to resolve disputes between the Parties concerning the construction, interpretation or enforcement of this Agreement. The Parties' use of ADR is voluntary, and the Parties must mutually agree to submit to ADR for any particular controversy or claim arising out of or relating to this Agreement or the breach, termination or validity thereof, whether based on contract, tort, statute, fraud, misrepresentation or any other legal or equitable theory (the "Dispute").
- 1.1.1.1 To the extent the Parties agree to utilize ADR with respect to any Dispute, nothing in this Section shall limit the right of either BellSouth or CUST to obtain provisional remedies (including injunctive relief) from a court before, during or after the pendency of any arbitration proceeding brought pursuant to this Section. However, once a decision is reached by the Arbitrator, such decision shall supersede any provisional remedy.
- 1.1.2 From time to time the Parties may also agree to other informal resolution processes for specific circumstances.
- 1.1.2.1 The Parties may enter into a settlement of any Dispute at any time. The settlement agreement shall be in writing, and shall identify how the Arbitrator's fee for the particular proceeding, if any, will be apportioned.
- 1.1.2.2 By mutual agreement, the Parties may agree to submit a Dispute to mediation prior to initiating arbitration.
- 1.1.2.3 At no time, for any purposes, may a Party introduce into evidence or inform the Arbitrator of any statement or other action of a Party said or done during any meeting, mediation or negotiation sessions between the Parties pursuant to this Section 1.1.2 without each Party's consent.
- 1.1.3 Initiation of an Arbitration
- 1.1.3.1 If the Parties have been unsuccessful in resolving any Dispute through the escalation procedures and/or mediation, the Parties shall initiate an arbitration in accordance with the J.A.M.S/Endispute Comprehensive Arbitration Rules and Procedures for commercial disputes.
- 1.1.4 Governing Rules for Arbitration. The rules set forth below and the rules of the J.A.M.S/Endispute Comprehensive Arbitration Rules and Procedures shall govern all arbitration proceedings initiated pursuant to this Section 1.1. Where any of the rules set forth herein conflict with the rules of the J.A.M.S/Endispute Comprehensive Arbitration Rules and Procedures, the rules set forth in this Section 1.1 shall prevail.

- 1.1.5 Privileges. The Arbitrator shall, in all cases, apply the attorney-client privilege and the work product immunity doctrine.
- 1.1.6 Location of Hearing. Unless both Parties agree otherwise, any hearings shall take place in Atlanta, Georgia
- 1.1.7 Discovery. The arbitrator shall strictly limit discovery to the production of documents directly relevant to the facts alleged in the notices of arbitration and defense and, if depositions are required, each Party shall be limited to three (3) depositions of no longer than three (3) hours each.
- 1.1.8 Hearing/Decision. If the arbitrator decides to hold an evidentiary hearing, each Party's presentation of its case, including its direct and rebuttal testimony, shall be limited to three (3) days. The arbitrator shall not be permitted to award specific performance or injunctive relief but shall be permitted to award damages only (including, if appropriate, costs and attorneys fees; provided, however, that the maximum award of damages hereunder shall not exceed the amount of liquidated damages to which either Party would be entitled pursuant to Section 9 of the General Terms and Conditions of this Agreement had the other Party wrongfully terminated this Agreement as of the date the arbitration is filed. The arbitrator shall issue an order preventing the Parties and any other participants to the arbitration from disclosing to any third party any information obtained via the arbitration, including discovery documents, evidence, testimony and the award except as may be required by law. The arbitration award shall: (a) be in writing; (b) state only the damages, if any; (c) be made final within six (6) months of commencement of the arbitration; and (d) be entered by either Party in any court having competent jurisdiction provided that the Party entering the award shall request that the court prevent the award from becoming publicly available except as may be required by law. The arbitrator shall orally state the reasoning on which the award rests but shall not state such reasoning in any writing.
- 1.1.9 Fees.
- 1.1.9.1 The Arbitrator's fees and expenses that are directly related to a particular proceeding dispute shall be paid by the losing Party. In cases where the Arbitrator determines that neither Party has, in some material respect, completely prevailed or lost in a proceeding, the Arbitrator shall, in his or her discretion, apportion fees and expenses to reflect the relative success of each Party. Those fees and expenses not directly related to a particular Dispute shall be shared equally. In accordance with Section 1.1.2.1, in the event that the Parties settle a Dispute before the Arbitrator reaches a decision with respect to that Dispute, the Settlement Agreement must specify how the Arbitrator's fees for the particular proceeding will be apportioned.

1.1.10 Service of Process. Service of process will be effectuated in accordance with the Federal Rules of Civil Procedure.

**BellSouth  
DS0 Services Amendment**

**Contract ID: 090047d4801dc041  
(CLEC Name Redacted)**

**Public Inspection Copy # 88**

**Amendment to the Agreement  
Between  
[REDACTED]  
and  
BellSouth Telecommunications, Inc.  
Dated [REDACTED]**

Pursuant to this Amendment, (the "Amendment"), [REDACTED] and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain DS0 Services Agreement between the Parties dated [REDACTED] ("Agreement") to be effective on [REDACTED] ("Effective Date").

WHEREAS, BellSouth and [REDACTED] entered into the Agreement on [REDACTED] and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to change Section 31.3 on page 32 of the General Terms and Conditions to Section 32.3.
2. The Parties agree to delete the language in Attachment 1, Sections 6.2, 8.7.2.1, 8.7.2.2, 13.5, 13.6.7, 13.6.8, 13.6.10, 13.6.11, and 14.3 and replace it with the following:
  - 6.2 When [REDACTED] submits an LSR for Services, if the telephone number associated with the Services requested resides in a switch other than BellSouth's, then BellSouth will submit an LNP LSR to the appropriate switch owner. [REDACTED] shall be responsible for reimbursing BellSouth for any costs or charges imposed on BellSouth by the switch owner resulting from the submission of the LNP LSR. In addition, [REDACTED] shall pay to BellSouth the manual service order charges specified in Exhibit B of Attachment 2 of this Agreement for BellSouth's creation and submission of the LNP LSR to the appropriate switch owner.
  - 8.7.2.1 ODUF will be distributed to [REDACTED] via Secure File Transfer Protocol (FTP). The ODUF feed will be a variable block format. The data on the ODUF feed will be in a non-compacted EMI format (175 byte format plus modules). It will be created on a daily basis Monday through Friday except holidays. Details such as dataset name and delivery schedule will be addressed during negotiations of the distribution medium. There will be a maximum of one dataset per workday per OCN. If BellSouth determines the Secure FTP Mailbox is nearing capacity levels, BellSouth may move [REDACTED] to CONNECT:DIRECT file delivery.
  - 8.7.2.2 If [REDACTED] is moved to CONNECT:DIRECT, data circuits (private line or dial-up) will be required between BellSouth and [REDACTED] for the purpose of data transmission. Where a dedicated line is required, [REDACTED] will be responsible for ordering the circuit, overseeing its installation and coordinating the

installation with BellSouth. [REDACTED] will also be responsible for any charges associated with this line. Equipment required on the BellSouth end to attach the line to the mainframe computer and to transmit messages successfully on an ongoing basis will be negotiated on an individual case basis. Any costs incurred for such equipment will be [REDACTED] responsibility. Where a dial-up facility is required, dial circuits will be installed in the BellSouth data center by BellSouth and the associated charges assessed to [REDACTED]. Additionally, all message toll charges associated with the use of the dial circuit by [REDACTED] will be the responsibility of [REDACTED]. Associated equipment on the BellSouth end, including a modem, will be negotiated on an individual case basis between the Parties. All equipment, including modems and software, that is required on [REDACTED]'s end for the purpose of data transmission will be the responsibility of [REDACTED].

- 13.5 Process calls that are billed to [REDACTED] End User's calling card that can be validated by BellSouth.
  - 13.6.7 Adhere to equal access requirements, providing [REDACTED] local End Users the same IXC access as provided to BellSouth End Users.
  - 13.6.8 Exercise at least the same level of fraud control in providing operator service to [REDACTED] that BellSouth provides for its own operator service.
  - 13.6.10 Direct customer account and other similar inquiries to the customer service center designated by [REDACTED].
  - 13.6.11 Provide call detail records to [REDACTED] via the Optional Daily Usage File described in this Attachment.
  - 14.3 DA Service shall provide up to two listing requests per call. If available and if requested by [REDACTED]'s End User, BellSouth shall provide caller-optional directory assistance call completion service to one of the provided listings.
3. The Parties agree to delete the language in Attachment 2, Section 2.3 and replace it with the following:
- 2.3 BellSouth will provide access to CSR information where [REDACTED] has the appropriate authorization from the customer. [REDACTED] represents and warrants that it has obtained any customer authorization or approval (written, verbal or electronic) required by Applicable Law in order to receive such information. [REDACTED] shall receive and retain such information in conformance with the requirements of 47 USC 222 (and implementing FCC regulations thereunder). [REDACTED] shall not be required to present to BellSouth prior written authorization from each Customer before being allowed access to CSR information. [REDACTED] will issue to BellSouth a blanket letter of authorization ("LOA") that states that [REDACTED] will obtain the customer's permission before accessing customer records, and [REDACTED] will retain authorizations from its customers. BellSouth reserves the right to monitor [REDACTED]'s access to CSR information. If BellSouth determines that [REDACTED] is accessing CSR information without having obtained proper customer

authorization, BellSouth, will provide reasonable notice to [REDACTED] of such determination, and request that [REDACTED] take corrective action to cease such use. In the event that [REDACTED] does not cease such use, BellSouth may take corrective action, including, but not limited to, suspension or termination of [REDACTED]'s access to BellSouth's interfaces. If [REDACTED] disagrees with BellSouth's determination of improper access to CSR information, [REDACTED] may proceed pursuant to the dispute resolution provisions set forth in the General Terms and Conditions.

4. The Parties agree to add the rates for Optional Daily Usage File (ODUF), Access Daily Usage File (ADUF), and CMDS Utilizing RAO Hosting (CMDS) as set forth in Exhibit 1.
5. The Parties agree to delete the following rates in Attachment 1, Exhibit B for new customers and replace with the rates as set forth in Exhibit 2:

Conversion Nonrecurring Charge for QuickService  
PBX Subsequent Activity - Change/Rearrange Multiline Hunt Group  
Wholesale Access Line Platform (Coin) Usage (Flat Rate)

6. All of the other provisions of the Agreement, dated [REDACTED], shall remain in full force and effect.

General Terms and Conditions

# **DSO Services Amendment**

**Contract ID 090047d480240d13**  
**(CLEC Name Redacted)**

**Public Inspection Copy # 88**

**Amendment to the Agreement  
Between**

[REDACTED]

**and**

**BellSouth Telecommunications, Inc.**

**Dated April 1, 2005**

Pursuant to this Amendment, (the "Amendment"),

[REDACTED]

[REDACTED] (CUSTOMER), and BellSouth Telecommunications, Inc. (BellSouth), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain DS0 Services Agreement between the Parties dated April 1, 2005 (Agreement) to be effective thirty (30) calendar days after the date of the last signature executing the Amendment (Effective Date).

WHEREAS, BellSouth and CUSTOMER entered into the Agreement on April 1, 2005, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to add the following language to Attachment 1:

### **3.4 Line Splitting**

- 3.4.1 Line Splitting – Wholesale Local Platform (WLP). Line splitting allows a provider of data services (a Data LEC) and CUSTOMER, as a provider of voice services, to deliver voice and data service to CUSTOMER’s End Users over the same Loop. The customer of record shall be CUSTOMER. CUSTOMER and Data LEC may be the same or different carriers. No new line splitting arrangements may be ordered pursuant to this Agreement.
- 3.4.2 Upon execution of this Agreement, line splitting arrangements provisioned under a separate agreement between the Parties that included a switch port element (Line Splitting Arrangement) shall be governed by this Agreement. CUSTOMER may continue using Line Splitting Arrangements under this Agreement until the earlier of: (1) the date CUSTOMER converts the existing Line Splitting Arrangement to an alternative arrangement; (2) the date the Line Splitting Arrangement is disconnected; or (3) the expiration date of the Commercial Agreement.
- 3.4.3 The recurring charges for all such grandfathered Line Splitting Arrangements are set forth in Exhibit A. The elements of the Line Splitting Arrangement that shall be billed are the loop, DS0 Wholesale Switch Port, two (2) collocation cross-connects, the high frequency spectrum line activation, and the splitter, if purchased from BellSouth.
- 3.4.4 CUSTOMER may order the rearrangement of its splitter or cable pairs via “Subsequent Activity”. Subsequent Activity is any rearrangement of CUSTOMER’s cable pairs or splitter ports. BellSouth shall bill and CUSTOMER shall pay the Subsequent Activity charges as set forth in Exhibit A of this Attachment.
- 3.4.5 Remote Site Line Splitting - Wholesale Local Platform (WLP). Remote site line splitting allows a Data LEC and CUSTOMER, as a provider of voice services, to deliver voice and data service from a remote site to CUSTOMER’s End Users over the same local subloop. CUSTOMER and Data LEC may be the same or different carriers. No new remote site line splitting arrangements may be ordered pursuant to this Agreement.
- 3.4.6 Upon execution of this Agreement, remote site line splitting arrangements provisioned under a separate agreement between the Parties that included a switch port element (Remote Site Line Splitting Arrangement) shall be governed by this Agreement. CUSTOMER may continue using Remote Site Line Splitting Arrangements under this Agreement until the earlier of: (1) the date CUSTOMER converts the existing Remote Site Line Splitting Arrangement to an alternative arrangement; (2) the date the Remote Site Line Splitting Arrangement is disconnected; or (3) the expiration date of the Commercial Agreement.
- 3.4.7 The Remote Site Line Splitting Arrangement will be billed under this Agreement at the applicable rates for a subloop, a switch port, two collocation cross-connects and the high frequency spectrum line activation.

### **3.5 Line Splitting - Maintenance and Repair**

- 3.5.1 CUSTOMER shall inform its End Users to direct all problems or outage reports to CUSTOMER or its authorized agent. CUSTOMER and Data LEC will be responsible for maintaining their own equipment.
- 3.5.2 BellSouth will be responsible for repairing voice troubles and the troubles with the physical loop between the NID at the End User's premises and the termination point.
- 3.5.3 CUSTOMER shall indemnify, defend and hold harmless BellSouth from and against any claims, losses, actions, causes of action, suits, demands, damages, injury, and costs including reasonable attorney fees, which arise out of acts or omissions of, or any circumstances related to, the data provider.
- 3.5.4 If CUSTOMER reports a trouble on a loop on which it is purchasing Line Splitting and BellSouth determines that no trouble exists on the loop, BellSouth will charge CUSTOMER for any dispatching and testing (both inside and outside the CO) required by BellSouth in order to confirm the working status. The rates charged for no trouble found (NTF) shall be as set forth in Exhibit A of this Attachment.
- 3.5.5 The Parties agree to add the rates for Line Splitting to Exhibit A of Attachment 1, as set forth in Exhibit 1, attached hereto and by reference incorporated into this Amendment.
- 3.5.6 All of the other provisions of the Agreement, dated April 1, 2005, shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment the day and year written below.

A handwritten signature in black ink, appearing to be "D. J. ...", written over a horizontal line.

# **Commercial Services Amendment**

**Contract ID 090047d480246779**  
**(CLEC Name Redacted)**

**Public Inspection Copy # 88**

**Amendment to the Commercial Agreement  
Between**

**and**

**BellSouth Telecommunications, Inc.**

**Dated April 1, 2005**

Pursuant to this Amendment, (the "Amendment"),

(CUSTOMER), and BellSouth Telecommunications, Inc. (BellSouth), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain DS0 Services Agreement for the states of Alabama, Kentucky, Mississippi, Tennessee, Louisiana, Florida, Georgia, North Carolina and South Carolina between the Parties dated April 1, 2005 (Agreement) to be effective thirty (30) calendar days after the date of the last signature executing the Amendment (Effective Date).

WHEREAS, BellSouth and CUSTOMER entered into the Agreement on April 1, 2005, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to delete the following USOCS to Attachment 1 Exhibit A:

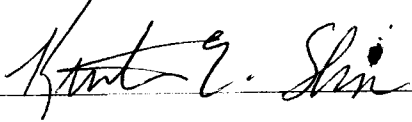

UEARS and UEABS

1. All of the other provisions of the Agreement, dated April 1, 2005, shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment the day and year written below.

**Amendment to the Agreement  
Between**

[REDACTED]

and

**BellSouth Telecommunications, Inc.  
d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia,  
AT&T Kentucky, AT&T Louisiana, AT&T Mississippi,  
AT&T North Carolina, AT&T South Carolina and  
AT&T Tennessee**

**Dated April 1, 2005**

Pursuant to this Amendment, (the "Amendment"), the competitive local exchange carrier operating subsidiaries of [REDACTED] that are located in the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee, which subsidiaries are identified in Exhibit 1 attached herein to this Agreement ("CUSTOMER"), and BellSouth Telecommunications, Inc., now d/b/a AT&T Alabama, AT&T Florida, AT&T Georgia, AT&T Kentucky, AT&T Louisiana, AT&T Mississippi, AT&T North Carolina, AT&T South Carolina and AT&T Tennessee (hereinafter referred to as "AT&T"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Commercial Agreement between the Parties dated April 1, 2005 ("Agreement") to be effective thirty (30) calendar days after the date of the last signature executing the Amendment ("Effective Date").

**WHEREAS**, AT&T and CUSTOMER entered into the Agreement on April 1, 2005, and;

**WHEREAS**, the Parties desire to amend the Agreement in order to extend its term;

**NOW THEREFORE**, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Section 3.1 of the General Terms and Conditions is hereby deleted in its entirety and replaced with the following:
  - 3.1 The term of this Agreement shall commence on the Effective Date and shall apply to the AT&T Southeast Region 9-State in the state(s) of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee. It shall continue in effect until December 31, 2008, except as otherwise provided in this Agreement.

This Agreement shall continue in effect as specified herein unless: a) Either Party terminates, without cause, at any time upon at least thirty (30) days prior written notice to the other Party provided no Services are being purchased pursuant to this Agreement; or b) Either Party terminates in accordance with Section 3.4.

2. Section 3.2 of the General Terms and Conditions is hereby deleted in its entirety and replaced with the following:
  - 3.2 The Parties agree that no earlier than two hundred seventy (270) days prior to the expiration of this Agreement, they may commence negotiations for a subsequent agreement with regard to the terms, conditions and obligations contained in this Agreement, to be effective beginning on the expiration date of this Agreement. If a Party concludes that the negotiations will not successfully result in the execution of a subsequent agreement, such Party shall give the other Party written notice at least one hundred twenty (120) days prior to expiration of this Agreement of its intent not to enter into a subsequent agreement to replace this Agreement. If the Parties do not reach a subsequent Agreement, the Parties shall develop a transition plan to ensure a full transition of all Services in December 31, 2008. In the event the Parties are unable to agree upon a transition plan, AT&T may, at its discretion and in accordance with this Section 3.2, terminate all or any of the Services at any time after December 31, 2008. In such event, the rates, terms and conditions hereof shall continue to apply to such Services after December 31, 2008, to the date such Services are actually terminated. The Parties shall cooperate in good faith to effect an orderly transition of CUSTOMER's End Users before Services are terminated upon expiration of this Agreement.
  
3. Sections 5.1, 5.1.1, 5.3, 5.3.1, 5.3.2, 5.7 and 5.7.1 of the General Terms and Conditions are hereby deleted in their entirety and replaced with the following new sections:
  - 5.1 For the Services, CUSTOMER shall pay AT&T the rates set forth in Exhibit A and A2 of Attachment I of this Agreement ("Transitional Discounts") in addition to any other charges specifically set forth in this Agreement. If no rate is set forth for a Service in this Agreement then AT&T's tariff rates shall apply. The Parties agree that the services identified in Exhibit C shall remain applicable to the Services throughout the term of the Agreement. The Parties further agree that the tariff rates for the services identified in Exhibit C, as of the date of execution of this Agreement, shall remain applicable throughout the term of the Agreement. In the event that AT&T is unable to bill the applicable rate under this Agreement for any Services provided pursuant to this Agreement, AT&T reserves the right to back-bill CUSTOMER for such rate or for the difference between the rate actually billed and the rate that should have been billed pursuant to this Agreement, for no more than the previous twelve (12) months. Furthermore, CUSTOMER may not dispute previous AT&T billing pursuant to this Agreement more than twelve (12) months after such charges were billed, or bill AT&T any charges pursuant

to this Agreement more than twelve (12) months after such charges accrued.

- 5.3 Notwithstanding the foregoing, to the extent CUSTOMER meets all commitments set forth in Sections 5.3.1 and 5.3.2 below, CUSTOMER shall pay the net effective rates set forth in Exhibit B and supplemental Exhibit B2 to Attachment 1 hereof, which reflect discounts from the rates set forth in Exhibit A and supplemental Exhibit A2 to Attachment 1 for DS0 Wholesale Local Voice Platform Services (“Additional Transitional Discounts”).
- 5.3.1 CUSTOMER maintains a minimum line count of DS0 Wholesale Local Voice Platform Services per month as of the last day of each calendar month for each year of the agreement as follows, unless modified pursuant to Section 1.3 above: 200,000 for 2005; 150,000 for 2006; and 100,000 for 2007 ; and 2008; and
- 5.3.2 CUSTOMER will not transition to UNE Loops, in the aggregate, more than 5% of (i) its DS0 Wholesale Local Voice Platform Services purchased under this Agreement (including the embedded base described in Section 4.1), and (ii) UNE-P lines or DS0 Wholesale Local Voice Platform Services acquired from third party carriers as described in 5.4 below).
- 5.6 AT&T shall bill CUSTOMER for the number of lines in place each month at the rates set forth in Exhibit B and supplemental Exhibit B2. At the end of each calendar quarter, AT&T will conduct a review to determine if CUSTOMER has met the commitments set forth in Section 5.3 above.
- 5.7 In the event CUSTOMER meets the commitments set forth in Sections 5.3.2 but fails to meet the commitment set forth in Section 5.3.1 for any given month during the review period, the Additional Transitional Discounts shall not apply. In such event, only the Transitional Discounts as set forth in Exhibit A and supplemental Exhibit A2, shall apply for the months during which the commitment was not met and AT&T shall bill CUSTOMER any additional charges due as a result of such recalculation of charges for Existing lines only. Payment of such billed amounts shall be subject to the provision set forth in Section 1.9 of Attachment 3 hereof. To the extent a subsequent quarterly review demonstrates that CUSTOMER has once again met all the commitments set forth in Section 5.3, including the line commitments, the Additional Transitional Discounts shall be reinstated for those months in which the commitment was met. In such event AT&T shall recalculate the applicable charges based upon the rates set forth in Exhibit B and supplemental Exhibit B2 and shall credit to CUSTOMER within thirty (30) days any discounts due as a result of such recalculation of charges.

5.7.1 In the event CUSTOMER fails to meet the commitments set forth in Section 5.3.2, the Additional Transitional Discounts shall no longer be applicable and CUSTOMER will be billed going forward pursuant to the Transitional Discounts set forth in Exhibit A and supplemental Exhibit A2 and billed for the difference between Exhibits A and B and supplemental Exhibits A2 and B2 retroactively to the Effective Date of the Agreement.

4. All remaining sections in the General Terms and Conditions shall be amended to delete the terms “Mass Market” and “Enterprise Market” and any definitions of Mass Market and Enterprise Market.

5. Sections 4.1 through 4.1.2 of Attachment 1 are hereby deleted in their entirety and replaced with the following sections:

4.1 The rates for Wholesale Switch Port Services and Wholesale Local Platform Services in supplemental Exhibit A2 and B2 shall include monthly recurring and nonrecurring charges.

4.1.1 Composite Rate

4.1.1.1 For purposes of determining the composite rates set forth in supplemental Exhibit A2 and B2, and as described for illustrative purposes in Exhibit D attached hereto, Mass Market is defined as an End User location with less than four (4) voice grade (DS0) lines or equivalents in any service area covered by this Agreement.

4.1.1.2 For purposes of determining the composite rates set forth in supplemental Exhibit A2 and B2, and as described for illustrative purposes in Exhibit D hereto, Enterprise Market is defined as an End User location with four (4) or more voice grade (DS0) lines or equivalents in any service area covered by this Agreement, or is serving an End User with DS0 services where such End User is also being served with a DS1 service in any service area covered by this Agreement. The quantification of an End User’s DS0 lines shall include services purchased from CUSTOMER including DS0 Wholesale Local Switch Port Services (both stand-alone and those riding higher capacity facilities), DS0 Wholesale Local Platform Services, DS0 channels on DS1 Wholesale Local Platform Services (such as PRI, DDITs, and DS1 loop with channelization with port), resold CUSTOMER Telecommunications Services and unbundled network element stand-alone loops.

4.1.1.3 For purposes of determining the composite rates set forth in supplemental Exhibit A2 and B2, and as described for illustrative

purposes in Exhibit D attached hereto, New Lines are defined as DSO Wholesale Local Platform services ordered after April 1, 2005.

4.1.1.4 For purposes of determining the composite rates set forth in supplemental Exhibit A2 and B2, and as described for illustrative purposes in Exhibit D attached hereto, Existing Lines are defined as DSO Wholesale Local Platform services ordered before April 1, 2005.

4.1.1.5 For the DSO Wholesale Local Platform classes of service UEPRX and UEPBX, a composite rate shall be developed as calculated in Exhibit D to this Agreement. The composite rate shall be calculated for and effective only in those states listed in Exhibit D. For the UEPRX class of service, the composite rate shall be calculated by (i) multiplying the New Line rate for UEPRX (as set forth in Exhibit D) by the percentage of New Line UEPRX lines, (ii) multiplying the Existing Line rate for UEPRX (as set forth in Exhibit D) by the percentage of Existing Line UEPRX lines, and (iii) adding the two figures together to form a single rate. The composite rate is set forth in supplemental Exhibit A2 and B2. For the UEPBX class of service, the composite rate shall be calculated by (i) multiplying the percentage of New UEPBX Lines (as set forth in Exhibit D) by a combined Mass and Enterprise market rate for new UEPBX lines, (ii) multiplying the percentage of Existing UEPBX Lines (as set forth in Exhibit D) by a combined Mass and Enterprise market rate for Existing UEPBX Lines, and (iii) adding the two figures together to form a single rate. The combined Mass and Enterprise market rate is developed by multiplying the Mass Market rate for such UEPBX business lines (as set forth in Exhibit D) by the percentage of Mass Market business lines and multiplying the Enterprise Market rate for such class of service (as set forth in Exhibit D) by the percentage of Enterprise Market business lines, and (iii) adding the two figures together to form a single rate. The composite rate is set forth in supplemental Exhibit A2 and B2.

4.1.1.6 Either Party may request a revision to the composite rates provided in this Agreement in the event of a substantive change in the percentage mix of New Lines and Existing Lines or Mass Market and Enterprise Market lines for the UEPRX or UEPBX Classes of service in the states that the composite rate was calculated for and as listed in Exhibit D. Such request may not occur more frequently than one (1) time per quarter, and may only be requested where the percentage mix has fluctuated by more than 2.5% since establishment of the composite rate, or since the last revision to the composite rate, as applicable. Revisions to the composite rate shall be determined using the New Line and Existing Line or Mass Market and Enterprise Market residential (UEPRX) or business lines (UEPBX) in

service for the last full month prior to the revision request and shall be incorporated via an amendment to the Agreement, which shall become effective thirty (30) days after execution. The new revised composite rate shall be applied prospectively from the effective date of such amendment.

4.1.2 *Intentionally Left Blank*

6. Section 5.2 of Attachment 1, Services is hereby deleted in its entirety and replaced with the following:

5.2 AT&T's Calling Name (CNAM) Database Services

5.2.1 AT&T's CNAM database Services provide the ability to associate a name with the calling party's number for any name and number stored in the AT&T CNAM database, allowing the End User (to which a call is being terminated and which subscribes to the necessary services) to view the calling party's name before the call is answered.

5.2.2 CUSTOMER's End Users' names and numbers related to Wholesale Switch Port Services and Wholesale Local Platform Services shall be stored in the AT&T CNAM database, and shall be available, to all entities that launch queries to the AT&T CNAM database. AT&T, at its sole discretion, may opt to interconnect with and query other calling name databases. In the event AT&T does not query a third party calling name database that stores the calling party's information, AT&T cannot deliver the calling party's information to a called End User. In addition, AT&T cannot deliver the calling party's information where the calling party subscribes to any service that would block or otherwise cause the information to be unavailable.

5.2.3 For each CUSTOMER End User that subscribes to a switch based vertical feature providing calling name information to that End User for calls received, AT&T will launch a query on a per call basis to the AT&T CNAM database, or, subject to Section 5.2.2 above, to a third party calling name database, to provide calling name information, if available, to CUSTOMER's End User. CUSTOMER shall pay the rates set forth in supplemental Exhibits A2 or B2, for each CUSTOMER End User that subscribes to the appropriate vertical features that support Caller ID or a variation thereof.

7. The rates and sections in Exhibit A and B labeled individually as

CNAM, DS0 Wholesale Local Switch Ports – Mass Market, DS0 Wholesale Local Switch Ports – Enterprise Market, DS0 Wholesale Local Voice Platform Services – Mass Market, and DS0 Wholesale Local Voice Platform Services – Enterprise Market are hereby deleted in their entirety and replaced with the supplemental exhibits attached as Exhibit A2 and B2.

8. Exhibit D as attached hereto is added to the agreement.
9. The following Section 15, Inside Wire Maintenance Service, is added to Attachment 1:

**15. Inside Wire Maintenance Services**

- 15.1 Upon request of CUSTOMER, AT&T will provide the Inside Wire Maintenance (“ISWM”) Services ordered by CUSTOMER as further detailed in this Attachment.
- 15.2 ISWM Services are defined as follows: AT&T will repair telephone service troubles that may exist in the wiring and jacks inside CUSTOMER’s end user’s business or residence where the telecommunications service provided to the CUSTOMER’s end user is basic residential and/or business lines purchased from CUSTOMER and provided to CUSTOMER pursuant to this Agreement. Basic residential and/or business lines are defined as Plain Old Telephone Service (“POTS”) lines which are provisioned with simple wiring and which do not terminate at a communications system.
- 15.3 As part of the ISWM Services, AT&T will isolate the source of the trouble reported by CUSTOMER. If the trouble is located in AT&T’s network (i.e. on the network side of the demarcation point for that line), AT&T will repair the trouble as specified elsewhere in this Agreement. If the trouble is located between the network demarcation point and the interface to the jack(s) inside the end user’s premises, AT&T, subject to the terms and conditions set forth herein, will repair the basic inside telephone wire and modular jacks.
- 15.4 ISWM Services do not include repairs to telephone sets, fax machines, answering machines, modems, and similar equipment, also known as Customer Premises Equipment (“CPE”).

- 15.5 If the trouble is caused by a defect or condition present in the CPE or in the cord from the jack to the CPE, AT&T will advise CUSTOMER and/or CUSTOMER's end user that the CPE should be disconnected and either repaired or replaced, and the trouble ticket will be closed to CUSTOMER.
- 15.6 ISWM Services do not include (i) troubles caused by willful damage to inside wire or jacks; (ii) damage caused by acts of God; (iii) obvious conditions existing at the time of CUSTOMER's subscription to the ISWM Services (e.g. wiring does not exist to the jack at the time of the subscription to the ISWM Services); (iv) inside wire or jacks that do not meet industry standards for telecommunications services; (v) any repair to and/or maintenance of CUSTOMER's end user's inside wiring or jacks to the extent that after reasonable effort AT&T determines that such repair/maintenance cannot be performed in a safe manner due to the presence of asbestos or any other environmentally hazardous substance or due to the existence of an unsafe condition (vi) damage to wiring or jacks due to painting or remodeling; (vii) the rearranging of inside wiring from one DS0 Wholesale Local Voice Platform Services to another DS0 Wholesale Local Voice Platform Services (e.g. previous occupant of premises had two (2) lines and CUSTOMER's end user has only one (1) line); (viii) on-premise, different building extensions; and (ix) inside wiring or jacks installed in Recreational Vehicles, boats and/or travel trailers.
- 15.7 Replacement of standard miniature modular jacks (i.e. RJ11C/D, RJ11W, RJ14C and RJ14W) is included in ISWM Services. If any other jack type requires replacement, CUSTOMER will be liable for the material cost of said jack type. The labor associated with the replacement of other jack types is included in the ISWM Services.
- 15.8 Basic residential and business lines serving buildings or developments where the owner/developer of said building or development has chosen to have a single demarcation point installed for all services, and where the owner/developer requires a pre-determined vendor(s) to perform these services, are not eligible for ISWM Services.
- 15.9 If an end user of CUSTOMER has more than one (1) DS0 Wholesale Local Voice Platform line to a premises, each DS0 Wholesale Local Voice Platform line to said premises must be subscribed to ISWM Services.

- 15.10 If one (1) or more than one (1) non-basic line is terminated at a premises, all lines at that premise are considered non-basic and are thus ineligible for the ISWM Services.
- 15.11 If an end user of CUSTOMER utilizes a key telephone system, a Private Branch Exchange (PBX) or other non basic telephone system, ISWM Services are not available to CUSTOMER for said end user.
- 15.12 Except on holidays, AT&T will provide ISWM Services to CUSTOMER Monday through Saturday 8am to 6pm local time of CUSTOMER's end user.
- 15.13 For new DS0 Wholesale Local Voice Platform Services ordered after the Effective Date of this Agreement for which CUSTOMER chooses to order ISWM Service, CUSTOMER will order ISWM Services through the Local Service Request ("LSR") process.
- 15.14 After subscription to ISWM Services for end users, there will be a thirty (30) day waiting period before ISWM is available to that end user. When ISWM Services are available, CUSTOMER shall submit requests for ISWM Services to be provided to CUSTOMER's end users by submitting a repair request through the maintenance and repair electronic interface available to CUSTOMER. CUSTOMER may alter or cancel a repair request at any time without charge. In an attempt to reduce unnecessary dispatches, CUSTOMER shall use commercially reasonable efforts to cancel a repair request prior to AT&T's dispatch of a technician. ISWM Services will not be performed on a premises visit to install DS0 Wholesale Local Voice Platform Services.
- 15.14.1 AT&T may, at its discretion and upon thirty (30) days written notice to CUSTOMER, discontinue or cancel ISWM Services to an individual end user of CUSTOMER provided that AT&T can demonstrate that the individual end user is abusing the provisions of the ISWM Services, such as, by way of example, where AT&T dispatches to the same location on a repeated basis and trouble is caused by, but not limited to, substandard wire, pets, children or defective CPE.
- 15.15 In the event AT&T misses an appointment or is delayed in arriving for an appointment to provide ISWM Services to CUSTOMER's end user, AT&T will so

notify CUSTOMER through the electronic interface utilized by CUSTOMER to request ISWM Services.

15.16 Inside Wire Charges

- 15.16.1 AT&T will charge CUSTOMER per DS0 Wholesale Local Voice Platform line for each CUSTOMER end user subscribing to ISWM at the rates set forth in supplemental Exhibits A2 and B2 hereto.
- 15.16.2 Billing for ISWM Services shall be on a monthly basis. So long as CUSTOMER's documentation regarding its reseller exemption is current, AT&T shall not assess taxes on the charges associated with ISWM Services.

15.17 No Exclusivity

- 15.17.1 This Agreement does not require AT&T to be the exclusive provider of ISWM Services to CUSTOMER and nothing in this Attachment shall be construed to limit in any way CUSTOMER's ability to enter into any similar agreement with any other provider of ISWM Services for services that are the same as or similar to those performed for CUSTOMER under the terms of this Attachment.

- 10. All of the other provisions of the Agreement shall remain in full force and effect.

IN WITNESS WHEREOF, the Parties have executed this Amendment the day and year written below.

BellSouth Telecommunications, Inc.  
d/b/a AT&T Alabama,  
AT&T Florida, AT&T Georgia,  
AT&T Kentucky, AT&T Louisiana,  
AT&T Mississippi, AT&T North  
Carolina, AT&T South Carolina and  
AT&T Tennessee
