5. Inspections: DISTRIBUTOR shall have the right to inspect, but shall not be obligated, any installation before electricity is introduced or at any later time, and reserves the right to reject any wiring or appliances not in accordance with DISTRIBUTOR'S standards but such inspection or failure to inspect or reject shall not render DISTRIBUTOR liable or responsible for any loss or damage resulting from defects in the installation, wiring, or appliances, or from violation of DISTRIBUTOR'S rules or from accidents which may occur upon member or customer's premises.
