2.3.3 Credit Requirements and Deposit Information for Long Distance Service
(Cont'd)

The Company handles complaints regarding transmission or network problems immediately via "trouble tickets" issued to the underlying Local Exchange Carriers and InterExchange Carriers. The Company follows up with Customers to insure the problems have been corrected. Problems stemming from charges or credits owed are also handled during regular business hours. All Customers may reach The Company through our toll free line 1-800-864-4306. Should Customers feel they have been overcharged or misrepresented and have documented proof of rates offered, the Company will credit all overcharges. The Company will make reasonable efforts to honor all rates. If it is determined the rates offered are unreasonable and / or unprofitable, The Company may pay the charges to convert the Customer to their previous carrier.

The Company practices "standard" rate programs for all customers. In the event the Company was to provide a "non-standard" rate program, the Company would file an additional tariff in the appropriate state in which the Customer does business or resides and any other applicable states.

2.4 Use of Service
