WITNESSETH:

WHEREAS, LG&E filed on March 1, 2001 with the Kentucky Public Service Commission ("Commission") its Annual Earnings Sharing Mechanism Filing for 2000 and the Commission has established Case No. 2001-054 to review LG&E's Annual Earnings Sharing Mechanism Filing for 2000;

WHEREAS, KU filed on March 1, 2001 with the Commission its Annual Earnings Sharing Mechanism Filing for 2000 and the Commission has established Case No. 2001-055 to review KU's Annual Earnings Sharing Mechanism Filing for 2001;

WHEREAS, LG&E filed on May 16, 2001 its Application for An Order Approving Revised Depreciation Rates and the Commission has established Case No. 2001-141 to review LG&E's application;

WHEREAS, KU filed on May 16, 2001 its Application for An Order Approving Revised Depreciation Rates and the Commission has established Case No. 2001-140 to review KU's application;

WHEREAS, LG&E and KU filed on June 1, 2001 a Joint Application For An Order Approving Proposed Deferred Debits and Declaring The Amortization Of The Deferred Debits To Be Included In Earnings Sharing Mechanism Calculations and the Commission has established Case No. 2001-169 to review LG&E's and KU's application;

WHEREAS, the AG and the KIUC have been granted intervention by the Commission in all of the forgoing proceedings and are the only parties to the proceedings;

WHEREAS, representatives of the AG, KIUC and the Commission Staff have met on August 28, September 28, October 18 and 19 of 2001 at the offices of the Commission at an informal conference in Case No. 2001-169 to discuss LG&E's and KU's information responses and during the course of those conferences the parties reached an unanimous settlement of all issues in the forgoing proceedings.

NOW, THEREFORE, for and in consideration of the premises and conditions set forth herein, the parties hereby agree as follows:

ARTICLE 1.0 Modification of LG&E's Proposed Depreciation Rates in Case No. 2000-141 and KU's Proposed Depreciation Rates in Case No. 2000-140

SECTION 1.1 LG&E and KU shall revise their proposed depreciation rates filed in Case Nos. 2001-141 and 2001-140 as set forth in Exhibit A to this Settlement Agreement to further reduce the effect of those rates by a total of \$12,000,000 (actual is \$12,013,304) in annual depreciation expense or \$6,181,699 for LG&E and \$5,831,604 for KU's Kentucky retail jurisdiction. This reduction was arrived by:

- (1) Excluding "Other Mandatory Interim Additions" from the calculation of LG&E's and KU's proposed depreciation rates (however, interim additions applicable to

“NO_x Compliance” plans in accordance with the Federal Clean Air Act are included in the calculation of LG&E’s and KU’s proposed depreciation rates); and

- (2) Revising the proposed depreciation rates for all steam production plant with an average life of less than 48 years to approximate an average life of 48 years, except for Trimble County Unit #1 which was assigned a 44 year average life.

The results of this adjustment are shown below:

<u>Power Station Unit</u>	<u>Revised Average Life</u>
Mill Creek Unit #1	48 years
Mill Creek Unit # 2	48 years
Mill Creek Unit # 3	48 years
Mill Creek Unit # 4	48 years
Trimble County Unit # 1	44 years
Ghent Unit # 1	48 years
Ghent Unit # 2	48 years
Ghent Unit # 3	48 years
Ghent Unit # 4	48 years

SECTION 1.2 Except as specifically provided in Section 1.3 of this Settlement Agreement, the parties agree to recommend that the Commission approve the proposed depreciation rates filed by LG&E in Case No. 2000-141 and by KU in Case No. 2000-140, as modified in accordance with this agreement, for accounting and ratemaking purposes effective January 1, 2001.

SECTION 1.3 LG&E's and KU's proposed depreciation rates, as revised in accordance with this Settlement Agreement, will be used prospectively for purposes of calculating any monthly environmental surcharge under KRS 278.183 following the approval of this Settlement Agreement by the Commission.

SECTION 1.4 LG&E and KU will complete a new study of their depreciation rates no later than calendar year 2004 based on their plant-in-service as of December 31, 2003, and file it with the Commission and serve copies on the AG and the KIUC.

ARTICLE 2.0 Joint Application For An Order Approving Proposed Deferred Debits and Declaring The Amortization Of The Deferred Debits

SECTION 2.1 The following deferred debits shall be recorded on the books of LG&E and KU:

- (1) An estimated \$144,385,000 deferred debit for LG&E allocated \$29,816,000 to LG&E's gas operations and \$114,569,000 to LG&E's electric operations; and
- (2) An estimated \$56,300,000 deferred debit for KII.

The estimated amounts of the deferred debits are based upon the information presently known by LG&E and KU and shall be adjusted to reflect actual expenses as of December 31, 2001. LG&E and KU will file their accounting journal entries with the Commission and serve copies on the AG and the KIUC within 30 days after the Commission issues an order approving this Settlement Agreement or January 31, 2002, whichever is later. Parties agree that the amount of the deferred debit to be amortized shall be capped at the estimated amounts shown in (1) and (2) of this section. However, the actual amount of the deferred debit may be revised downward as explained in section 2.3.

SECTION 2.2 The deferred debits contained in Section 2.1 of this Settlement Agreement shall be amortized over a sixty month period beginning April 1, 2001 and terminating March 31, 2006 in equal monthly amounts except as provided for in Section 2.3 of this Settlement Agreement. LG&E and KU will reflect the 2001 amortization of the deferred debits in the financial statements of LG&E and KU during the fourth quarter 2001.

SECTION 2.3 The monthly amounts to be amortized over the sixty month period shall be adjusted as shown in Exhibit B to this Settlement Agreement so that the amount allocated for the nine months ending December 31, 2001 to LG&E's electric operations equals \$10,000,000; the amount allocated for the nine months ending December 31, 2001 to LG&E's gas operations equals \$3,000,000; and the amount allocated for the nine months ending December 31, 2001 to KU's Kentucky retail electric operations equals \$5,000,000. The amounts to be amortized for January 2002, will be 1/12th of the amounts shown on Exhibit B, in the column marked "2002" at lines 2, 10 and 18 marked "Cost Amortization." The amounts to be amortized from February 1, 2002 through March 31, 2006 shall be computed as the difference between the total deferred debits referred to in Section 2.1 and the 2001 and January 2002 amortization amounts indicated above and will be adjusted to reflect the actual amounts of expense incurred by LG&E and KU to reflect any reductions in these amount of expenses caused by the decisions of employees to rescind their acceptances of voluntary terminations or retirements by December 31, 2001 in accordance with Section 2.1. Such amounts shall be calculated to provide for a ratable monthly amortization of the balance from February 1, 2002 through March 31, 2006.

SECTION 2.4 LG&E and KU will file with the Commission surcredit rate mechanism tariffs as part of this Settlement Agreement for the purpose of recovering the cost of the deferred debits through rates and sharing with their Kentucky retail customers forty percent of the estimated net savings. This surcredit mechanism shall be in the same form as the Merger Surcredit Rider on file with and approved by the Commission for LG&E and KU in KPSC Case No. 97-300. A tariff sheet illustrating this ratemaking mechanism is shown in Exhibit C to this Settlement Agreement. This surcredit mechanism shall apply to LG&E's electric and gas operations and KU's electric operations. LG&E and KU will file tariffs containing the surcredit mechanism with the Commission and serve copies on the AG and the KIUC within 30 days following the approval of this Settlement Agreement to become effective for billing with the first full monthly billing cycle to occur no later than forty-five days after the Commission issues a final order, but no earlier than December 1, 2001. LG&E and KU will file amended Tariffs, as necessary, by January 21, 2002 to reflect actual deferred debits determined per section 2.3. The surcredit mechanisms will terminate and be withdrawn from service following the expiration of the sixty month period ending March 31, 2006, subject to any final balancing adjustment.

SECTION 2.5 The amounts shown on Exhibit B to this Settlement Agreement as the "Net Savings to Shareholders" on line 6 and 22 shall be included as an adjustment in the calculation of the Earnings Sharing Mechanism Annual filings for LG&E and KU in 2001 and 2002. This adjustment shall be recognized in the application of any successor earnings sharing ratemaking mechanism to the Earnings Sharing Mechanism approved by the Commission to avoid duplication between the earnings sharing mechanism and the Value Delivery Surcredit Rider for LG&E and KU between 2003 through March 2006. The amounts

shown on Exhibit B to this Settlement Agreement as the "Net Savings to Shareholders" on line 14 shall be included as an adjustment in the calculation of any gas base rate review for LG&E through March 2006. By this agreement, the AG retains the right to raise the issue of appropriate rate treatment of the adjustment in the preceding sentence in any case which considers gas base rates that may be effective on or after April 1, 2006.

SECTION 2.6 In the future, if LG&E or KU determine that either or both must incur further expenses through the employment of additional employees or the engagement of further contractors for the purposes of continuing to maintain safety, customer service and reliability at presently existing levels, these expenses shall be treated as normal operating costs and will be included in the calculation of the Earnings Sharing Mechanisms, subject to Commission review.

ARTICLE 3.0 LG&E'S Annual Earnings Sharing Mechanism Filing for 2000
KU's Annual Earnings Sharing Mechanism Filing for 2000

SECTION 3.1 The parties agree to recommend to the Commission that LG&E's Annual Earnings Sharing Mechanism Filing for 2000 in Case No. 2001-054 and KU's Annual Earnings Sharing Mechanism Filing for 2000 in Case No. 2001-055 be approved as filed.

SECTION 3.2 LG&E and KU shall use their monthly average capital structures amounts and previously approved adjustments in calculating their annual earnings sharing mechanisms filings for 2001 and 2002.

ARTICLE 4.0 Approval of Settlement Agreement

SECTION 4.1 Request for Approval by the Commission

Following the execution of this Settlement Agreement, the parties shall cause the Settlement Agreement to be filed with the Commission with a request to the Commission for consideration and approval of this Settlement Agreement as soon as reasonably possible.

SECTION 4.2 Recommendation for Approval to the Commission

The parties to this Settlement Agreement shall act in good faith and use their best efforts to recommend to the Commission that this Settlement Agreement be accepted and approved.

SECTION 4.3 Approval of Settlement Agreement in its Entirety

If the Commission issues a final order which accepts and approves this Settlement Agreement in its entirety, then: (a) the parties hereby waive their rights under KRS 278.400 to file an application for rehearing and their rights under KRS 278.410 to file a complaint in the Franklin Circuit Court regarding such order of the Commission; and (b) any and all claims or demands, asserted or unasserted, directly arising out of or in connection with the proceedings referenced in this Settlement Agreement shall be deemed compromised and settled under this Settlement Agreement and released and discharged by this Settlement Agreement.

SECTION 4.4 No Approval of Settlement Agreement in its Entirety

If the Commission does not accept and approve this Settlement Agreement in its entirety, then: (a) this Settlement Agreement shall be void and withdrawn by the parties hereto from further consideration by the Commission and none of the parties shall be bound by any of the provisions herein; and (b) neither the terms of this Settlement Agreement nor any matters raised

during the settlement negotiations shall be binding on any of the signatories to this Settlement Agreement or be construed against any of the signatories.

SECTION 4.5 Status Quo

Should the Settlement Agreement be voided or vacated for any reason after any implementation of the terms of the Settlement Agreement has been made, then the parties shall be returned to the *status quo* existing at the time immediately prior to the execution of this agreement.

ARTICLE 5.0 Additional Provisions

SECTION 5.1

This Settlement Agreement shall in no way be deemed to divest the Commission of jurisdiction under Chapter 278 of the Kentucky Revised Statutes.

SECTION 5.2

This Settlement Agreement shall inure to the benefit of and be binding upon the parties hereto, their heirs, successors and assigns.

This Settlement Agreement constitutes the complete agreement and understanding among the parties hereto, and any and all oral statements, representations or agreements made prior hereto or contained contemporaneously herewith shall be null and void and shall be deemed to have been merged into this Settlement Agreement.

SECTION 5.4

For the purpose of this Settlement Agreement only, the rate adjustments are based upon the independent analysis of the parties to reflect a just and reasonable resolution of the issues

herein and are the product of compromise and negotiation. Notwithstanding anything contained in the Settlement Agreement, the parties recognize and agree that the effects, if any, of any future events upon the cost of service of LG&E or KU are unknown, and this Settlement Agreement shall be implemented as written. Neither the Settlement Agreement nor any of the terms shall be admissible in any court or commission except insofar as such court or commission is addressing litigation arising out of the implementation of the settlement rates and adjustments set forth herein or the approval of this Settlement Agreement. This Settlement Agreement shall not have any precedential value in this or any other jurisdiction.

SECTION 5.5

Making this agreement shall not be deemed in any respect to constitute an admission by any party hereto that any computation, formula, allegation, assertion or contention made by any other party in these proceedings is true or valid.

APPLICABLE

In all territory served by the Company.

AVAILABILITY OF SERVICE

To Kentucky Utilities Company Electric Rate Schedules RS, FERS, GS, CWH, 33, AES, LP, LCI-TOD, HLF, MP, LMP-TOD, M, ST.LT., P.O.LT., C.O.LT., SEASONAL/TEMPORARY SERVICE RIDER, AND WESTVACO

RATE

The monthly billing amount computed under each of the rate schedules to which this surcredit is applicable shall be adjusted by the Value Delivery Surcredit Factor, which shall be calculated in accordance with the following formula:

$$\text{Value Delivery Surcredit Factor} = \text{VDS} + \text{BA}$$

Where:

(VDS) is the Value Delivery Surcredit which is based on the total Company net savings that are to be distributed to the Company's Kentucky jurisdictional retail customers in each 12-month period.

	Net Savings to be Distributed	Value Delivery Surcredit (VDS)
Year 1, Dec 1, 2001 to Dec 31, 2001	\$ 480,000	%
Year 2, Jan 1, 2002 to Dec 31, 2002	\$ 400,000	%
Year 3, Jan 1, 2003 to Dec 31, 2003	\$2,120,000	%
Year 4, Jan 1, 2004 to Dec 31, 2004	\$2,640,000	%
Year 5, Jan 1, 2005 to Dec 31, 2005	\$3,120,000	%
Year 6, Jan 1, 2006 to Dec 31, 2006	\$ 880,000	%

(BA) is the Balancing Adjustment for the second through the twelfth months of the current distribution year which reconciles any over- or under-distribution of the net savings from prior periods. The Balancing Adjustment will be determined by dividing the differences between amounts which were expected to be distributed and the amounts actually distributed from the application of the Value Delivery Surcredit Factor from the previous year by the expected Kentucky jurisdictional retail electric revenues. The final Balancing Adjustment will be applied to customer billings in the second month following the fifth distribution year.

TERMS OF DISTRIBUTION

- (1) The total distribution to Company's customers will, in no case, be less than the sum of the amounts shown above. This tariff will be re-filed to reflect actual net savings by January 21, 2002.
- (2) On or before the 21st of the first month of each distribution year following Year 1, the Company will file with the Commission a status report of the Surcredit. Such report shall include a statement showing the amounts which were expected to be distributed and the amounts actually distributed in previous periods, along with a calculation of the Balancing Adjustment (BA) which will be implemented with customer billings in the second month of that distribution year to reconcile any previous over-or under-distributions.
- (3) The Value Delivery Surcredit shall be applied to the customer's bill following the rates and charges for electric service, but before application of the school tax, the franchise fee, sales tax or similar items.
- (4) The Value Delivery Surcredit shall be withdrawn with application of the final Balancing Adjustment following Year 6.
